### MEMORIAL DAY IS FITTINGLY OBSERVED

Filled with the patriotic spirit that is inspired by the day, and with the sight of the tottering remnant of the once great Army of the Republic; many citizens of Grants Pass attended Memorial Day exercises at the opera house last Tuesday and listened to a well filled program of addresses and songs. The services were held under the auspices of the General Logan Post, G. A. R. and Woman's Relief Corps, which attended in a body.

An address of welcome was given by commander John Patrick, a pleasing solo by Mrs. H. H. Basler, male quartet music, a reading by Miss Howard and the Memorial Day address by Rev. D. H. Leech. With eloquent words of a nation's gratitude to those heroes who sleep or still remain, the speaker caused his hearers to rejoice for the noble deeds of the soldier dead, or yet to mourn that so great an army of noble men was sacrificed that we might enjoy the blessings of freedom and national prosperity and honor.

Thus another tribute has been paid to the nation's heroes, both blue and gray, and their honored memory kept green in Grants Pass.

### AMPUTATE ARM OF JAMES CALVERT

Surgeons Friday evening amputated the right arm of James Calvert, who was injured near Three Pines Wednesday last when a falling tree caught him.

The arm was broken in three places and so badly wounded that no hope could be entertained for recovery.

The patient rallied well from the anaesthetic and last evening was resting easily.

The operation was by Dr. Loughridge, Dr. Stricker and Dr. Van-Dyke.

### Grants Pass Couple Wed—

Royal F. Whitmore and Miss Ida Theresa Smith were married at the home of the bride, this morning, Rev. Robert McLean officiating. Immediately after the ceremony the young people went to Portland, where they will spend a week, and then go to Seaside for a week's visit. Mr. and Mrs. Whitmore will make their home in this city.

### PROGRAM FOR THE ROSE FESTIVAL

A number of the ladies representing the program committee of the rose festival, June 13 and 14, met and made up the official program for the entertainment which will interest all Grants Pass and hundreds from out of town.

The following was furnished The Courier:

#### Official Program

June 13, Tuesday—2:30 auto parade; 3 o'clock, grand opening of rose exhibit at Skating rink; 8 p. m., reception to rose queen and awarding of prizes by queen. Exhibit of roses at skating rink.

June 14, Wednesday—10 a. m., baby show at skating rink; 2:30 p. m., matinee at Lyceum theater, special attractions; 8:30 p. m., grand rose festival ball at skating rink.

As a result of the active crusade in selling souvenir postals and buttons for the rose festival, the young people disposed of more than 1000 postals and from 1000 to 1200 buttons. The people of the city were generous in their response and the carnival spirit seems to flourish.

The city was divided into nine precincts and the button and postal sellers got busy early Friday morning on the canvass.

Those in the work were Margaret Strong, Florence Riddle, Alta Smith, Adelaide Biggerstaff, Genevieve McCracken, Earle Voorhies, Edith Huber, Anna Call, Pearl Newell.

Buttons and postals will be on sale at stores next week.

J. H. Morris proved himself valuable to committee by selling buttons to the amount of \$20 Friday afternoon, since which time he has nearly doubled his sales.

A few more volunteer hustlers would be gladly accepted, stated Mrs. Woodward yesterday to The Courier. Banners bearing the words "Grants Pass Rose Festival, June 13" were delivered Saturday to the advertising committee and these adorn autos and vehicles of all kinds. All autos to be used by the business men's excursion Monday and Tuesday to the interior of the county will bear the banners.

### FATHER AND SONS BROUGHT TO COURT

Justice Holman Monday morning acted on the case of C. F. Parker, and sons, Roy and Frank, aged 16 and 13, and Merle Mock, aged 12, for breaking into the McKee home on Sunday, the 21st, Roy Huddinson, drummer boy for the Arnold show, was arrested at Eugene and brought to Grants Pass but released on testimony of the boys, who stated that they accused him thinking they would get free. The boys state that they found a skeleton key in the Josephine and used it to effect an entrance in the McKee house. They secured, they state, \$24 and each left a part of the money with Mr. Parker, saying that they had found it on the show grounds. A gold watch was also taken but was thrown in the bushes near the old power house. Young Mock was turned over to the juvenile court and the Parkers bound over to appear at the next term of court. Mr. Parker was held on a charge of receiving stolen property.

### EXPLOSION KILLS 150.

WASHINGTON, June 1.—State department dispatches today say that 150 persons were killed in yesterday's explosion of an arsenal at Fort Loma, Nicaragua.

### DESPONDENT MAN SENDS BULLET INTO BRAIN

Despondent and blue, with no other reason, apparently, for his rash act, Wilbur Mellick, a farm hand on the Consul ranch, owned by H. G. Prichard, blew his brains out Monday morning.

Mellick, with his wife, had been working at the Prichard farm since March, the wife doing house work and Mellick doing farm work. In the morning he decided not to work and went back up stairs to his room without eating breakfast. About 10 o'clock the people in the lower part of the house heard a noise as of some one falling but thought nothing of it; a few minutes later Mrs. Mellick sent her baby girl up to the bed room with food, thinking that Mellick would be hungry. The child's calls for help brought the mother to the scene of death where she found the husband lying in a pool of blood on the floor, the fatal bullet wound in his temple telling the sad story of self destruction. Mellick was 30 years of age, left no word and gave no warning of his intended act.

A coroner's jury sat upon the case and returned the verdict of suicide this afternoon and returned the verdict of suicide.

The funeral was held Wednesday at the Christian church.

### NEW RESIDENTS AT COUNTRY CLUB TRACT

The Rogue River valley Friday welcomed a colony of people from Kansas City and Chicago, the members of which will be a material addition to the commercial and social life of Grants Pass and vicinity, as they come to make their homes here.

The party was composed of Mr. and Mrs. E. A. Shipley, Mr. and Mrs. A. E. Brigham, and Mrs. L. V. Kerns, all of Kansas City; and Mrs. Marlon A. Ward and son, G. W. Ward, of Chicago.

The new arrivals are all owners of tracts in the Country Club orchards at Merlin, which have been under development for them by the company, and they now come to build homes and continue development of their own orchards.

### DEATH OF MILTON HUCK.

The funeral of Milton J. Huck, the young son of Mr. and Mrs. Henry Huck, who died in this city on Monday, was held Thursday at the First Baptist church. Many beautiful blooms banked the casket, and many were the friends who sought to comfort the parents. Six boys were the pallbearers, and burial was in L. O. O. F. cemetery.

The father arrived yesterday from southern California. He is far from well, and the anguish, as a result of his son's death, has aggravated his condition.

### MANY CITIZENS ARE BEAUTIFYING THEIR HOMES

It is encouraging to discover that many of our citizens are taking time by the forelock in having their residences and out buildings painted before the season of dust and flies arrives. This is a highly important matter and the man who contemplates employing the painter and observes such things, secures a better job than he who waits for the hot or rainy season to come. Paint put on now, is more lasting than that put on at any other time of year. The man who paints his dwelling has the satisfaction of improving the appearance of the whole neighborhood. Do your painting now and thus contribute your share toward making the city beautiful.
