B. F. SEATON OF MERLIN INJURED IN RUNAWAY.

B. F. Seaton of Merlin, engaged in the teaming business, was seriously injured as a result of a runaway Friday evening as he was driving in a buggy from Grants Pass to Merlin.

Mr. Seaton was thrown from the rig, and it is supposed he lay prostrate and unconscious considerable time. After regaining consciousness he walked into Merlin.

The two horses, after running a short distance hung up against a telephone pole where they were found later. The team and buggy belonged to W. C. Frye of Merlin.

Mr. Seaton has the contract to haul coke to the Alameda mine. While he is seriously bruised it is not believed serious trouble will result. He is not confined to his home.

\$100 REWARD \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. Cheney & Co., Toledo, O.

Sold by druggists, 75c. Take Hall's Family Pills for constipation.

BALD HEADS NOT WANTED.

Baldness is Too Generally Considered a Sign of Advanced Age.

A bald-headed person does not have an equal chance with one blessed with a healthy head of hair, because baldness is too generally accepted as an indication of age. Many large corporations have established an age limit, and refuse to take men over 35 years of age as new employees.

Probably 65% of bald-headed people may regain a good head of healthy hair if they will follow our advice and accept our offer. We have a remedy that we positively guarantee to grow hair on any head, unless the roots of the hair are entirely dead, their follicles closed, and the scalp has become glazed and shiny. We want people to try this remedy at our risk, with the distinct understanding that unless it does exactly what we claim it will, and gives satisfaction in every respect, we shall make no charge for the remedy used during the trial.

We know exactly what we are talking about, and with this offer back of our statements no one should scoff, doubt our word, or hesitate to put our remedy to an actual test.

We want every one who is suffering from any scalp or hair trouble, dandruff, falling hair, or baldness to try our Rexall "93" Hair Tonic. We want them to use it regularly—say until three bottles have been used—and if it does not eradicate dandruff, cleanse and refresh the scalp, tighten the hair in its roots, and grow new hair, we will return every cent paid us for the remedy for the mere asking. There is no formality expected, and we exact no obligation from the user whatever.

We make this offer with a full understanding that our business success entirely depends upon the sort of treatment we accord our customers, and we would not dare make the above offer unless we were positively certain that we could substantiate it in every particular. Remember, you can obtain Rexall Remedies in this country only at our store—The Rexall Store, Clemens sells drugs.

EFFORT TO DOUBLE THE YIELD AMERICAN FARMS

WASHINGTON, D. C., Jan. 17.—A bill of great import was introduced in the house of representatives today by Representative Lever, of South Carolina, and in the senate jointly by Senators Hoke Smith and Page. The bill provides for the further endowment and support of agricultural colleges to enable them to assist in getting into practice the best methods of agriculture evolved by operation of the plan of establishing and maintaining agricultural colleges and experiment stations in the various states.

This measure is the joint work of the National Soil Fertility league, the Executive Committee of the Colleges of Agriculture and the statesmen above named. It is in line with President Taft's recommendation in his address at the National Conservation congress at Kansas City, Mo., September 25. It has the support of the house leaders of both parties, and it may be regarded as an omni-partisan measure.

General Plan.

According to the general plan out of which this measure springs, it is proposed that the procedure shall consist of getting into general practice the best methods known of scientific agriculture by employing trained agriculturists, or practical farm demonstrators, skilled in the most approved methods of farm practice, to take to the farmer on his own farm the information or knowledge that will enable him, the latter, to interpret and adopt to his local conditions the best methods of farming. In plain terms, it will as rapidly as possible, place a trained, practical man, selected and directed by the respective state agricultural colleges, permanently in each agricultural county of the United States, and enables the farmer to become master of his calling aided by the best services the country can furnish, and supported by federal and state funds.

According to the provisions of the bill there will be an appropriation beginning at the rate of less than one cent per capita and will approximate three cents per capita by the time the annual appropriation shall have increased from \$500,000 per year, the starting point, to a little over three million dollars, when it reaches the maximum. To have a clear idea of the distribution of these funds it must be understood that each state receiving its share of the fund must appropriate an equal amount for this purpose.

Increase be Heavy.

Most authorities have expressed the belief that the operation of this plan will in a few years increase the farm output at least 50 per cent. That means an increase of wealth per capita of about \$50 per annum, and it adds to the country's assets four and one-half billions in national resources. The average acreage of Europe gives from two to three times the yield of the American farms, notwithstanding their soil has been producing for centuries more than the lands have been cropped here.

In the president's opinion this promises to be the most valuable constructive legislation of recent years. Speaker Clark says the mind cannot grasp the benefits that should grow out of this movement. Majority Leader Underwood expresses the belief that it will do more good to more people than any other single enactment in a generation.

Look at these figures: We must produce more or eat less.

Belgium's Progress.

	1885.	1910.	Gain.
Wheat, average yield per acre (bushels)	24.54	38.55	57. %
Oats, average yield per acre (bushels)	49.75	81.45	63.8%
Rye, average yield per acre (bushels)	23.84	36.69	53.4%
Barley, average yield per acre (bushels)	38.25	57.57	50.5%

Their farmers, in the last twelve years, have trebled their savings bank accounts.

Germany's Progress.

	1885.	1910.	Gain.
Wheat, average yield per acre (bushels)	22.4	29.5	31.6%
Oats, average yield per acre (bushels)	39.2	53.4	36. %
Rye, average yield per acre (bushels)	19.0	27.2	41. %
Barley, average yield per acre (bushels)	27.8	36.2	30. %

On soil cropped for centuries.

Denmark's Progress.

In a generation, by the very plan now proposed by the National Soil Fertility League, Denmark rose from poverty to thrift and prosperity. They raise an average of 40 bushels of wheat per acre.

The United States.

Wheat, average yield per acre (bushels)	14.3
Oats, average yield per acre (bushels)	30.
Rye, average yield per acre	

NOW IS THE TIME TO DO YOUR FENCING

If You Are Short on Money YOU SHOULD USE

The kind that 70 per cent of the farmers of the United States (who use wire fence at all) are using.

WHY?

You get more for your money. It is hog tight. It is bull proof; turns rabbits and chickens. It is made of heavy wire that is neither too hard nor too soft and is more heavily galvanized. It has the perfect hinge joint, which enables you to stretch it with ease over rough and irregular surfaced ground. It is not the CHEAPEST, but it IS the LEAST EXPENSIVE fence for you to buy.

ROGUE RIVER HARDWARE CO.

THE BIG RED FRONT

GRANTS PASS, ORE.

(bushels)	15.8
Barley, average yield per acre (bushels)	25.5
Corn, average yield per acre (bushels)	33.4

Our averages now are lower than the lowest for Belgium and Germany twenty-five years ago. They have advanced.

Officers of League.

President—Howard H. Gross. Vice President—Dudley Grant Hays. Treasurer—David R. Forgan. Advisory Committee—James J. Hill, chairman; William H. Taft.

Directors—Franklin MacVeagh, William J. Bryan, Samuel W. Herton, Henry Wallace, F. D. Coburn, Dr. Chas. W. Van Hise, Champ Clark, Dr. Edmund J. James, Benjamin F. Yoakum, William George, Alvin H. Sanders, W. D. Hoard, Frank G. Logan, Clarence S. Funk, John S. Goodwin, Frederic A. Delano, E. S. Conway, A. P. Grout and Howard H. Gross.

ELECT DIRECTORS OF JOSEPHINE COUNTY BANK.

Directors of the Josephine County bank, who were elected last week, met Friday evening and named the following as officers:

T. B. Cornell, president; J. M. Tetherow, vice president; Samuel Baker, cashier; George R. Dickinson, assistant cashier.

The directors are T. B. Cornell, J. M. Tetherow, Dr. S. Loughbridge, J. L. Calvert, J. G. Riggs, Samuel Baker, E. E. Rorapaugh.

SAN FRANCISCO, Jan. 17.—Miss Margery Blair and Mrs. A. J. Murray viewed the remains of an aged dependent at the Relief Home, and cast the first votes ever registered by women in this state as members of a coroner's jury.

Morford John of Williams was in Grants Pass Tuesday.

THE EFFECTIVE LAXATIVE.

Tastes Like and is Eaten Like Candy.

In our experience in the handling of drugs and medicines, we believe we have never had experience with any remedy that gave such great satisfaction to our customers as do Rexall Orderlies. This Remedy is not like any other laxative or cathartic. It contains all the good features of other laxatives, but none of their faults.

Our own faith in Rexall Orderlies is so strong that we offer them to you with our own positive personal guarantee, that if they do not thoroughly satisfy you, you only need tell us and we will hand back to you every penny you paid us for them. Therefore, in trying them upon our recommendation you take no risk whatever.

Rexall Orderlies taste like and are eaten like candy. They do not gripe, cause nausea, excessive looseness, or any other annoyance. They act so easily that they may be taken at any time, day or night. They are particularly good for children, aged, or delicate persons. They are put up in convenient tablets in three sizes of packages. Prices, 10c., 25c., and 50c.

Remember, Rexall Remedies can be obtained in this community only at our store—The Rexall Store, Clemens sells drugs.

NEBRASKA MAN BUYS FINE TRACT NEAR CITY.

A. N. Parsons has just consummated a realty deal in which R. C. Pearson of Adams, Neb., purchases from Henry Schubert 14 1/2 acres of land lying to the eastward of the city, and running through from A to D streets, and located this side of R. E. Kroh's handsome Tokay Heights. The purchase price was \$8,800.

Mr. Pearson, the purchaser, will make his home on the tract. His family consists of his wife and a grown son, and all are pleased with the Grants Pass region. Mr. Pearson had visited over the northwest before purchasing here, and found this city and county and conditions much more to his liking than regions elsewhere. The climate, too, added much to his resolve to locate here.

The Nebraskan formerly was a merchant, and also lived in Lincoln. He is in touch with many of the best business men in that part of his home state and is spreading among them good words for Grants Pass and Josephine county.

C. H. DEMARAY GUARANTEES HYOMEI.

"I do not believe there is any other medicine so good for whooping cough as Chamberlain's Cough Remedy," writes Mrs. Francis Turpin, Junction City, Ore. This remedy is also unsurpassed for colds and croup. For sale by all good dealers.

IF YOU REALLY MEAN THAT YOU WANT TO DRIVE EVERY BIT OF CATARRH FROM YOUR NOSE AND THROAT WHY NOT TRY A SENSIBLE REMEDY THAT IS GUARANTEED TO BANISH CATARRH, OR MONEY BACK.

If you already own a little hard rubber HYOMEI inhaler you can buy a bottle of HYOMEI (pronounce it High-oh-nee) for only 50 cents. If you do not own an inhaler ask for complete HYOMEI outfit which contains an inhaler, this will cost you \$1.00.

Then breathe the HYOMEI and get rid of catarrh, relief comes in five minutes, a day's treatment will make you happy, a week's treatment and snuffles, mucus and hawking go, another week and goodbye to catarrh. Try it on money back plan. Sold by C. H. Demaray and druggists everywhere.

Starving Slavs Sell Children

LONDON, Jan. 16.—Starving peasantry in southeastern Russia in the government of Orenburg, on the Ural river, are selling their children to the Kirgiz nomads in the government of Saratov, according to a telegram from a physician in Orenburg, which is published here.

Hundreds upon hundreds of the people in the vicinity are said to have died from hunger, while fully 70 per cent of the children in some of the villages have been stricken with a fearful epidemic.

DON'T GET RUN DOWN

Weak and miserable. If you have Kidney or Bladder trouble, Dull head pains, Dizziness, Nervousness, Pains in the back, and feel tired all over, get a package of Mother Gray's AROMATIC-LEAF, the pleasant herb cure.
