THREE PINES.

Roger Fenton, who is usually employed at the Eden Valley orchards, is spending some time on the land recently purchased near here. He is preparing this land for a fruit farm. The fact that so many who have had experience in this famous orchard are locating on the lands at and closely adjoining this place is significant. It means that they see in this locality a bright future for the fruit industry. As has before been mentioned a large acreage has been set to fruit trees and principally Muir peaches. Other varieties have been set, but as the people here intend to work the fruit business in a practical and businesslike way, and get all out of the industry that is legitimately theirs, they are not planning to market only the fancy stock, but will can and dry the part of the crop that is adapted to those uses. As the Muir is so well suited to all these purposes it will be made the principal peach crop. The small amount of sugar required in canning this peach, as well as the small percent of shrinkage in the dried article, commends it to the practical fruit grower.

A. H. Carson, the pioneer grape culturist of the Applegate, and in fact of the Rogue river country, was here Tuesday with R. K. Mosley and son, recently of Texas. They were looking at fruit land adjoining this place. Mr. Mosley, who is an old school teacher, paid a visit to our schoolhouse in company with the other gentlemen of the party. He said when contemplating a residence in any new place that the schoolhouse and all in connection receive his first attention. He expressed himself as much pleased with the school privileges to be had here. We are very desirous of having families of this type locate among us. With unsurpassed climate, here is the ideal place for homes of people who have a desire to get some of the enjoyments and comforts of life. We will welcome Mr. Mosley and his family.

Geo. Baer, when on horseback one day last week, met with an accident that made the use of crutches necessary. The horse fell and pinioned one of Mr. Baer's legs and but for the arrival of help he would have received severe injuries. He will in a few days, however, be in his normal condition.

Geo. D. Forest, sr., is recovering from a few days of severe heart trouble.

Raleigh Bowers has moved to the Eden Valley orchards, where his wife is stopping with her parents, Mr. and Mrs. Rolfe. Mrs. Bowers is convalescing from an attack of pneumonia. They will return on the improvement of the health of Mrs. Bowers.

Friday evening, January 26, Mr. and Mrs. F. C. Farwell entertained the young and old of Three Pines. Coffee and cakes were served. Music was furnished by Mrs. Geo. Dean and George Erickson.

A special school meeting will be held at 2:30 p. m., February 8, to elect a clerk, W. E. Daniel, the present clerk, having tendered his resignation. A full attendance of the voters is desired.

Voters of this precinct do not forget that you can register with J. D. Cook for the coming primaries. Do not neglect this opportunity and be put to the trouble of having to swear in your vote with the assistance of six freeholders who very often are not to be found at the polling place without long wait and delay.

NEW HOPE.

C. L. Hobart and O. H. Bernard of Grants Pass were here Monday.

A special meeting, and it turned out to be an exciting one, was held at the schoolhouse Monday evening for the purpose of discussing the enlargement of the school yard. Some were in favor of buying Mr. Parkey's land while others thought a schoolhouse on wheels would be just as good, so they could move it to cheaper land. The meeting was adjourned until the committee of three, Dutcher, Warner and Langworthy, could report concerning the cost of moving.

Mr. Warner has had some bad luck with a choice lot of pigs in the last week, eight or nine having died from various causes.

A roof to protect the schoolhouse steps and keep rain from beating in to the hall would come in well these days.

Mr. Munson and Shorty Matson were in Grants Pass Tuesday.

Dan Lieth and Miss Mary Ainsworth of Murphy were here Sunday.

John McAllister spent Monday in Grants Pass.

John Fritz, Mr. Cruse, Mr. Wilson, Mr. Fiddler and Clarence and H. S. Wynant spent Saturday in Grants Pass.

Mrs. Messinger and Mrs. Lawless were in town Saturday.

Mr. Tetherow and sons spent Sunday and Monday at Grants Pass.

Mr. Ohm has his telephone line to his place about finished.

Some of the Murphy people attended Sunday school here last Sunday.

Dinner at noon, meeting of Fruitdale grange in the afternoon and a social session at night is the program for Saturday.

Ruth and Orville Huck entered school this week. Twenty-five pupils are enrolled at present.

Mrs. Coutant, Mrs. Campbell, Mrs. Hedley and Mrs. Underwood spent the day, Tuesday, with Mrs. Stroud Havre and her mother, Mrs. Wilkins.

Mr. Gay, who, for the past five years, has resided near the Jewett mine, went into Grants Pass this week to make his home with his sister.

A jolly crowd met at the hall Friday night and enjoyed several hours of dancing, after which refreshments were served. We noticed every woman of Fruitdale in town Saturday, but only one gentleman seemed able to be about. Evidently late hours do not agree with the farmers.

D. C. Hedley is convalescing from an unusually severe attack of poison oak on his face. He has reached the stage where he is recognizable.

Henry Huck and family moved onto his ranch in Fruitdale last week. Mr. Huck removed to Arizona some time ago, but returned to Oregon this spring.

Mrs. Stevens and daughter, Carol, of Dawson, Y. T., and Mr. and Mrs. Johnson of Idleroid, Alaska, were dinner guests at the George Hamilton home last Sunday.

Friends of Mr. and Mrs. Wm. V. Johnson, formerly of Fruitdale, received announcement of the arrival of a son, William Spear Johnson, at their home in Sheridan, Wyo.

Official Paper Appointments—

The Daily Courier was made the official city paper at the meeting of the city council on Thursday night. At the last term of the county court The Weekly Rogue River Courier was made the official organ of Josephine county. It has been the aim of both the Daily and Weekly Courier to fully and fairly represent the people of this city and county regardless of politics, and while it has political opinions and dare maintain them, it is on all occasions non-partisan in local matters. Its purpose is to give everybody a square deal.

SELMA.

Allen Will be Returned—

Sheriff Will Smith left Thursday for Dallas and will return Harvey Allen, who was arrested at Dallas. Allen was arrested in Grants Pass some months ago for selling some land to which he did not hold a title. He was out on bail but failed to appear when his case was called at the January term of circuit court. A dispatch printed in a Salem paper a few days ago states that the two children of Harvey Allen had been taken in charge by the state authorities and would be given better care.

HE GOT THE JOB

A young man having applied to a wholesale house for a position recently found himself before the manager for examination. "Have you a bank account?" was his first question. "I have," was the reply. "Let me see your bank book," was the next request. After glancing over it and noting the long list of regular, though small deposits, he said: "Young man, you are engaged, and I want to compliment you on your saving ability. I always insist upon employing only men who have the good sense to save their money." We invite every young man in this community to open an account at this bank.
