CAUSE FOR ALARM. Loss of Appetite or Distress After Eating a Symptom That Should Not Be Disregarded.

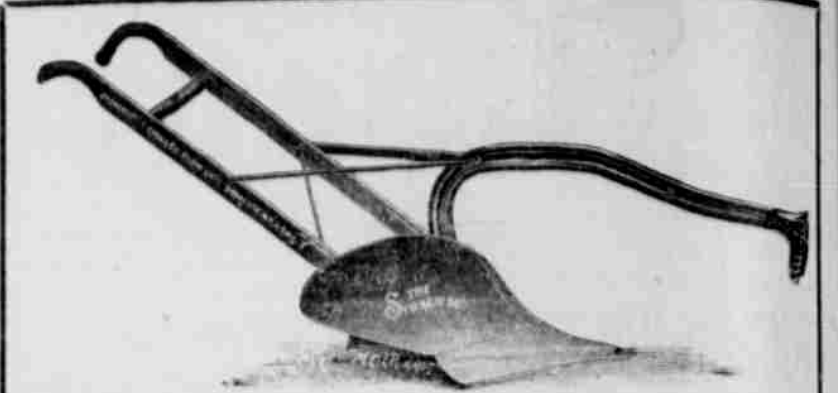

Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicate indigestion or dyspepsia. Over-eating is a habit very dangerous to a person's good general health.

It is not what you eat, but what you digest and assimilate that does you good. Some of the strongest, healthiest, and healthiest persons are moderate eaters.

There is nothing that will cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge all who suffer from any stomach derangement, indigestion, or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine, they are not perfectly satisfied with the results. We recommend them to our customers every day, and have yet to hear of any one who has not been benefited by them. We honestly believe them to be without equal. They give very prompt relief, adding to neutralize the gastric juices, strengthen the digestive organs, to regulate the bowels, and thus to promote perfect nutrition, and eradicate all unhealthy symptoms.

We urge you to try a 25c. box of Rexall Dyspepsia Tablets, which gives 15 days' treatment. At the end of that time, your money will be returned to you if you are not satisfied. Of course, in chronic cases length of treatment varies. For such cases, we have the larger sizes, which sell for 50c. and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Retail Store Clemens sells drugs.

MEXICAN SITUATION.

EL PASO, Mar. 6.—Reinforced by 200 men under the command of Colonel Jose Delasoto, General Villa, at the head of 1,000 Mexican federal troops today is marching on Chihuahua to give battle to the combined rebel forces of Generals Pasquale Orozco, Campa and Salazar.

This move, it is believed here, is the result of direct orders from President Madero, who hopes General Villa will be able to check, or at least delay the rebel advance on Mexico City. As the rebel force is vastly superior to that of the federals, it is believed the rebel commanders will more than hold their own, and that the March on the capital will be started tomorrow, as originally planned.

Abram Gonzales, governor of the state of Chihuahua, who fled from Chihuahua after General Orozco drove General Villa and his forces from the city, is with the federal force and will aid Villa in the retaking Chihuahua.

Colonel Ponce, in command of the 1,500 revolutionists left in Juarez to guard against a federal attack, is having trouble with his men. Many of the soldiers threaten to mutiny, and 300 ringleaders in the movement were disarmed last night.

Cash Hendricks, who has spent several weeks in Grants Pass, returned Tuesday to his work in the mines near Wolf creek. Mr. Hendricks became poisoned by arsenic fumes, and was in Grants Pass for medical treatment.
