

**PROF. O'GARA WILL AID FRUIT GROWERS HERE.**

H. E. Gale made a brief address Friday evening to the Commercial club outlining plans of the orchardists of Josephine county whereby they expect to get part of the services of Prof. P. J. O'Gara, the horticultural expert employed by Jackson county.

Saturday afternoon the fruit men met in Grants Pass and passed a resolution that they take immediate steps to make this plan a success. Prof. O'Gara is willing to aid the fruit men in Josephine county if Jackson county will agree, and the county officials of Jackson are willing provided Josephine pays a portion of the annual salary of \$5,000 being received by the horticultural expert. The Josephine men will ask the county court here to appropriate \$1250 for this purpose, \$1000 to Jackson county and \$250 for O'Gara's expenses.

A meeting will be held in Grants Pass next Saturday at 2 p. m. at which time Prof. O'Gara will be present. "As matters are now," said Mr. Gale, "Josephine county is sponging on Jackson county by frequent use of Prof. O'Gara's willing services. We want to end this and get him for more time and pay for it."

At the meeting of the fruit men Saturday arrangements were made with Prof O'Gara to secure his frost warnings night and morning, and all persons desiring this information can get it free daily by calling up the local long distance operator, who is always supplied with the forecast.

Mr. Gale and Mr. Wood left at The Courier office a number of Prof O'Gara's spray calendars and reports on orchard heating, oil and appliances, all free to orchardists who call for them.

LEWISTON, Idaho, March 19.—Policeman Tabor tried to quell a disturbance at the local option election. Mrs. B. F. Tweedy, prominent temperance worker, handed him an upper cut in the eye. The women of the church voted on her action and decided she was right and should have hit Tabor harder.

**ANSWERS MR. SCOTT.**

To the Editor of The Courier:

Sir: I notice your suggestion to discuss the merits of the Scott bonding plan in your columns and think a perusal of the national bank act ought to effectively dispose of the matter.

Before a national bank is authorized to do business, and after all other requirements of the national bank act have been complied with, its stockholders must pay in at least 50 per centum of its capital stock and the remainder in ten per cent installments at the end of each month.

Also, any association, before it is authorized to transact business, must transfer and deliver to the treasurer of the United States registered bonds of the United States bearing interest, or Panama canal bonds as security for the redemption of its circulating notes.

Mr. Scott's Taxpayers' National bank, in order to secure a charter to do business with a capital stock of could only have like amount of circulation, would be obliged to pay in its capital stock in full and then could only have like amount of circulating notes issued to it if it was able to buy registered interest bearing United States or Panama canal bonds at par and deposit them with the treasurer of the United States.

Assuming it possible that the bank could obtain circulation by depositing any other class of securities, the funds would necessarily have to be placed to the credit of the proper county officers for disbursement; and under the national bank act a bank cannot loan in excess of ten per cent of its capital stock to any person, firm or corporation. So the county could only avail itself of the use of \$330,000 of the bank's resources under any conditions.

It is fortunate that Mr. Scott cannot possibly secure a charter for his bank to do business, as the results would certainly be much different from what he anticipates, and other banks following on the same lines the consequent inflation of the currency would cause a more dire disaster than any power our country has ever experienced.

WESTON ARNOLD.  
March 18, 1912.

**THE AMERICAN MAN.**

NEW YORK, March 20.—"American men are entirely too energetic and strenuous. They put in too many hours at work to suit the English women." This is the reason assigned today by the Countess of Warwick for the few alliances entered into by American men and the daughters of Albion. "The men and women of today have a right," the countess continued, "to love as they please. It is perfectly right for English noblemen to marry American women. I think it is just lovely."

**CHILDREN INJURED.**

Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints.

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They may cause griping, nausea and other distressing after-effects that are frequently health-destroying.

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy, which we know, for constipation and associate bowel disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies commonly completely relieve constipation, except of course when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition. Three sizes of packages, 10 cents, 25 cents, and 50 cents. Remember, you can obtain Rexall Remedies only at our store—The Rexall Store. Clemens sells drugs.

**TAFT TAKES STEPS TO PREVENT COAL STRIKE.**

MANCHESTER, N. M., March 19.—Admission that he had asked John Mitchell, former president of the United Mine Workers of America, to confer with him in Washington regarding the probability of a strike in the anthracite coal regions was made here this afternoon by President Taft. The president declared that while he did not intend to interfere, he felt the situation was such that it was his duty to remain in close touch with both the miners and operators. President Taft admitted that he already had conferred with several prominent anthracite operators.

NEW YORK, March 20.—Mrs. Taft, while attending the Women's Industrial exposition here today, stumbled as she was alighting from a wheel chair and twisted her ankle. She suffered intense pain.

**Warrants for Taxes.**

Under Section 3677 of Lord's Oregon Laws it is held that tax collectors in any county of the state shall receive in payment of taxes in county warrants no larger amount than the amount of the taxpayer's county taxes for the year or years for which the payment is made. The levy in Josephine county is, 18 mills. Of this amount 3 1/2 mills in school tax, 4 mills state tax and 3 mills road tax, or a total of 10 1/2 mills of the levy (outside Grants Pass) that must be paid in cash. This leaves a rate of 7 1/2 mills that may be paid in county warrants. The entire levy in Grants Pass being 37 mills; one-fifth can be paid in county warrants. Outside Grants Pass two-fifths could be received in county warrants. To be exact, any taxpayer, within or without the city of Grants Pass, could pay in county warrants an amount equal to 7 1/2 mills on the dollar of his assessment, the sheriff, under the law, being required to collect the balance in cash.

WILL C. SMITH,  
Sheriff.

**IRELAND SEEKS TO HOLD HER PEOPLE.**

WASHINGTON, March 19.—Declaring that Ireland has lost nearly one-half its population within the last sixty years "by unnecessary and abnormal emigration," the national council of Dublin today appeals in a letter addressed to President Taft for rigid enforcement of American immigration laws, as a means toward preventing further depopulation. The letter states that emigration is directed largely toward the United States, and that one-third of the people who leave the country travel on tickets purchased for them by residents of the United States in violation of law. The obliteration of the Irish nation is actually threatened, the letter contends.

**STOMACH MISERY QUICKLY ENDED.**

**Sourness, Gas, Heaviness, Heartburn Go in Five Minutes.**

Eat a hearty meal if you want to. Then take two MI-O-NA tablets and you'll wonder why that old stomach of yours is so comfortable. MI-O-NO tablets do more than give relief, they clean, renovate, put strength and elasticity into the stomach walls and build up the general condition of the stomach so that you can digest the heartiest meal without fear of distress. Guaranteed for indigestion, dizziness, biliousness, sleeplessness, sick headache, and all stomach diseases. Large box 50 cents at C. H. Demaray' and druggists everywhere. Mrs. D. Reardon left Monday for her home at Tonopah, Nev., after visiting with Mr. and Mrs. McCorkle.
