A. H. Noyes, formerly with the Electric Appliance company of San Francisco, with offices also in Chicago, Dallas, Texas, and New Orleans, has purchased the electrical business in Grants Pass of B. M. Bush. Mr. Noyes was for some time on construction work with the San Francisco firm, and later in the wholesale department of the company. He is a master at the electrical business, and is an associate member of the American Society of Electrical Engineers. His former home was in Boston, where he was a valued employe of the Bell Telephone company.

Mr. Bush will go to his old home in New York state. "I will return after a while to the coast," said Mr. Bush. "at least all my friends say I will," and the Grants Pass man smiled, giving due credit to the lure of the sundown land when one is far away, even in the home of his boyhood.

Mr. Noyes will maintain the business at the same location here, 213 Sixth street, where the public is invited to be accommodated in all electrical matters large or small.

TO SPEAK HERE IN INTEREST LAFOLLETTE

Senator Robert M. LaFollette will speak in Grants Pass April 18, the day before the primary election. The address will be made in the Grants Pass opera house, the hour to be named later.

Walter L. Houser, national campaign manager for Senator Robert M. LaFollette spoke to an audience in the court house in Grants Pass last night in the interest of the progressive leader.

Mr. Houser is an interesting speaker. He made no attempt at oratory, but in a calm manner talked straight to his hearers, and detailed the history of the national progressive movement. He stated that at a meeting in Washington leading progressives decided that a national campaign must be launched, but first sent a mutual friend, Gilson Gardner, to Col. Roosevelt to get his opinion and to find out definitely where the popular ex-president stood; that Col. Roosevelt declared that the campaign should be made and Senator LaFollette was the one man to lead it; that Senator LaFollette consented reluctantly, but declared he would never turn back in the race; that the progressive leaders, including the Pinchots, agreed to go with him to the end, but that now, notwithstanding all the promises, many had deserted LaFollette when they found the cause had grown great and were supporting Roosevelt.

Houser declared that the steel trust was doing all possible to get the nomination for Roosevelt; and he stated that LaFollette had spurned a compromise offer made to him by steel trust emissaries in Ohio.

Houser declared that Roosevelt had never done anything to check the growth of the trusts. He prophesied that if LaFollette was president the trust business would get its deserts. The address was most pleasing to the LaFollette supporters and of much interest to others of different political affiliations.

ROOSEVELT WIRES THAT ILLINOIS VOTE REBUKE TO CROOKS. Declares Results in Indiana, Michigan and Kentucky Would Have Been Same if Primary Existed. GREENSBURG, Pa., April 10.—Colonel Roosevelt today sent the following telegram to Meredith McCormick, his Illinois campaign manager: "The outcome in Illinois is not a victory for me, but primarily a victory for the cause of social and industrial justice. Moreover, it is a stinging rebuke to the alliance of crooked business, bosses and special privilege to thwart the will of the people by scandalous abuse of federal patronage and the use of other methods, including violence to work shameless frauds. "The people of Illinois had a chance to speak for themselves. The result in Indiana, Michigan and Kentucky would have been practically the same if the same choice of expression had been given the people. I believe every single delegate against us in these three states will misrepresent the people behind him. Even under the present system all the rest of the states are ours, and in them the delegates will be two to one in our favor unless there is a condonation of most barefaced frauds."
