

GRANTS PASS BALL TEAM GIVES MEDFORD GAME

(From Monday's Daily).

(For The Courier by T. F. Hanley.)

There are a few of the old boys that remember Plevna and Osman Pasha; that marched with General Taylor through Nuevo Leon; that remember as yesterday Inkerman and Balaklava; to whom the lofty and animated eloquence of Clay and Webster was a delight and in listening to which they became fellow-roasterers of the chancellors of more than two generations ago; that voted, mistakenly, for Buchanan; and to whom Mary's Heights and Gettysburg are as familiar as the San Diego rebellion.

These octogenarians and monogenarians came into their own yesterday afternoon at the Grants Pass Athletic park, when T. Jolliffe Fuson's "Fusioners" from Brain Arroyo, in a bitter fight to the death, defeated Frederico Roper's champions in a pitchers'

burn, undertook the judicial burden unaided. Coburn ruled the turbulent players with an iron hand.

Official Scorer Dague succumbed to overwork in the eighth, and was resuscitated by Dr. Henry Woolridge.

Bill Riggs, in running out two triples, became exhausted, and finished the game through interjections of ozone.

Gill, the stocky rightfielder of the "Fusioners," hit a homer over the right field fence.

The auto-omnibus carrying the Medford players, did not reach the park until four o'clock, having met with a break-down near God Hill.

ECHOES FROM ASHLAND.

Ashland Happenings Always Interest Our Readers.

After reading of so many people in our town who have been cured by Doan's Kidney Pills, the question naturally arises: "Is this medicine equally successful in our neighboring towns?"

The generous statement of this Ashland resident leaves no room for doubt on this point.

H. Powell, 263 Oak St., Ashland, Ore., says: "I suffered a great deal from kidney trouble and backache and sometimes I could hardly get around. On arising in the morning, I was stiff and lame and the kidney secretions annoyed me by their irregularity in passage. As soon as I commenced taking Doan's Kidney Pills, I improved and I am now in good health. I still use Doan's Kidney Pills occasionally, but more as a preventive than anything else. I always insist upon Doan's Kidney Pills for no other substitute could be as effective as they."

UNITED STATES SELLS ARMS TO PRESIDENT GOMEZ.

WASHINGTON, June 4.—On request of the state department, the war department has ordered that 5,000 Krag carbines and 1,000,000 rounds of ammunition be at once shipped to the Cuban government. The rifles will be sold to President Gomez at \$5 each.

Gomez hitherto has been unable to purchase arms in the United States, as nearly all the rifles manufactured are sold to the American government. The state department agreed to accommodate Gomez and to prevent the possibility of his having to send to Europe to get arms with which to crush the negro rebellion.

COUNTY HAS POOR TITLE TO CEMETERY.

In making the survey preliminary to the purchase of a twenty-acre addition to the Granite Hill cemetery, the county surveyor has developed a condition showing that burial lots have been sold in the cemetery to which the county did not possess title.

Fifteen years ago the county purchased a five-acre tract west of town which was dedicated to cemetery purposes, and known as Granite Hill cemetery. The purchase was made from two properties, part from the Dimmick estate and the balance from Wm. Patton. This tract was fenced and divided into thirty-foot burial lots, but the present survey indicates that a strip 130 wide along the south side of the tract, lying next to the county road, included within the fence and sold and used for burial purposes, was not part of the county's purchase fifteen years ago, and so far as the search of the records has gone, the county has never obtained title to this portion of the burial ground.

The portion in question consists of about one and three-quarters acres, 1.11 acres being included in the Hood property and .63 acres in the Dimmick estate, according to the plat of the survey filed by the county surveyor in the clerk's office today. The proposed new purchase by the county of 20 acres includes that part of the Dimmick estate in question, but no arrangement has been made for the transfer of the 1.11 acres, title to which would appear to rest in A. G. Hood. It is the belief of county officials, however, that the fifteen years of continuous use of the property for public purposes would quiet title, the same as a continuous use of property for a public highway will make its use for that purpose perpetual.

The new tract which the county is now purchasing for an addition to the cemetery lies directly to the east of the present property, and the purchase price is to be \$2,000.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable, or a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by E. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: E. J. JONES, OF LAND FRAUD FAME, PARDONED.

WASHINGTON, June 3.—Willard Jones of Portland, Or., convicted of land frauds in which the late Senator Mitchell of Oregon and Bingor Hermann, former commissioner of the general land office, were alleged to have been implicated, was granted an unconditional pardon today by President Taft.

The pardon was based on the ground that improper methods were pursued in filling the jury box from which the Jones jury was drawn.

SOUTH DAKOTA VOTING TODAY.

SIOUX FALLS, S. D., June 4.—With the supporters of Colonel Roosevelt claiming 10,000 to 15,000 plurality, the polls for the state primary election throughout South Dakota opened at 8 o'clock this morning, to remain open until 5 p. m.

On the democratic side both Wilson and Hammon managers claim victory for their respective candidates.

BIG CROPS FOR OREGON.

PORTLAND, Or., June 3.—Bumper crops and prevailing good prices are expected to put the farmers of the Pacific northwest in high good humor this fall and, through him, the three states are expected to prosper as never before. Every indication is for big yields in all the staple products and for some prices will be very high.

The biggest wheat crop ever harvested is predicted for Oregon, Washington and Idaho and it is thought the yield will reach 70,000,000 bushels, worth \$52,500,000. Oats are expected to add \$18,675,000 to the farmer's bank roll and barley \$9,900,000 more. Fruit marketed this fall and winter will add \$15,000,000 to this new wealth and hay the neat sum of \$35,390,000. The wool crop is estimated to be worth \$6,600,000, and hops \$4,650,000. This is a total income for the producers of the three states of almost \$150,000,000. If the manufactured products were added to the wealth of the soil, it is probable the total would fall not far below \$500,000,000 for the year.

Now that the three year homestead bill seems certain to become a law, interest is being aroused anew in Oregon's vacant lands. Statistics have been gathered from the records of the general land office showing there is lots of room in this state for the homesteader, there being 15,959,377 acres still unappropriated. This is a little more than one-quarter of the state's area. Every county in the state has its quota and while most of the land is far from the larger towns, much of it is fertile and will be productive when tilled.

Oregon has an opportunity to attract settlers from the middle west by making a good exhibit at the Northwestern Products Exposition at Minneapolis, November 12-23, according to Will A. Campbell, secretary, who has lately visited Portland. There is nothing so convincing as an actual exhibit of what a state can produce, he says, to win settlers. Such a demonstration is held to be more forceful than any amount of advertising or any other form of exploitation.

Oregon will have a delegation in attendance at the Northwestern Development League congress at Seattle, June 5, 6, 7, and 8. Representatives have been named by the governor and Oregon speakers have been given places on the program. Subjects of interest to the whole northwest will be discussed.

Orders for approximately 50,000-000 feet have been placed with mills of Oregon and Washington to supply material for new equipment for the Harriman lines in this territory. The traffic officials are preparing for the new crop season by ordering 8,200 box cars and 55 cabooses to be distributed over the Union Pacific, O. W. R. & N., Southern Pacific and Oregon Short Line roads.

BIRDMEN PLAN RECORD RACE AT LOS ANGELES.

LOS ANGELES, June 4.—The longest aerial race ever attempted on the Pacific coast to be held June 16 on a circular course around Los Angeles, is being considered today by Los Angeles, Long Beach, Venice, Santa Monica, Ocean Park and San Pedro.
