Mrs. K. M. C. Neill left Monday for Portland with Mr. and Mrs. Metchan, and next Sunday departs with Mr. Neill for New York, from which port they will sail on July 6th for Scotland. They will be abroad for three months, when they will return to the development of the ranch on the Applegate.

Mrs. Grace Roberts of Jackson, Minnesota, arrived in Grants Pass Monday for a visit with her brother, E. H. Culbertson, and family. From here Mrs. Roberts will go to the California summer resorts for a short stay and from there to Amarillo, Texas, for a visit with a sister.

A pennant of blue bearing upon its field the legend "1912 Twilight League Champions," has just been received for presentation to the team that lands the Twilight championship. This pennant, which is 15 feet in length, comes from Wm. Hofacker, Rhinecliff, N. Y.

Grants Pass through previous kindly attention, a silver cup, to be contested for in a series of years, being now an incentive to good playing on the part of the twilighters. The pennant becomes the property of the team winning it this season, and will add more zest to the contests. It can be seen on display at the Peerless Clothing Co.'s establishment.

C. L. Hobart, president of the Commercial club, with his family, autoed to Ashland Tues., accompanying his friends, Messrs. T. M. Cochran and W. H. Griffith, and their families, who are on an automobile trip from Snohomish, Wash. The party will return from Ashland tomorrow.

Mr. Howell and daughter will go by loaded team and will more slowly make their way to the coast. These people have been away for nearly one year now, going to two or three points in California for eye treatment, but finally learning that Grants Pass had a noted oculist, they came here and then decided to have the eye taken out, which was done and the disease arrested. Mr. Howell is a large property owner in Del Norte county and is also interested in Grants Pass property.

lin now before the circuit court on appeal. The fine assessed in the Merlin case was \$250.

EQUAL SUFFRAGE MEETING.

There was a good attendance at the Equal Suffrage meeting at the court house on Saturday afternoon. Mrs. Clements' exposition of the laws of Oregon regarding property rights of married women, brought out points of discrimination against women in property laws which aroused not only the interest but the indignation of every listener and enlisted hitherto indifferent women as workers for the cause.

Mrs. Henkle's summing up of benefits derived from woman's exercise of the franchise in Colorado, corroborated by the additional endorsements of Mrs. C. G. Ament, carried due weight, as both women have had experience in the exercise of this highest privilege of an American citizen, which they relinquished with regret upon taking up residence in Oregon.

Mrs. Graham's eloquent appeal in behalf of our less fortunate sisters, victims of commercialized vice, whose deplorable state equal suffrage would go far toward ameliorating was perhaps the strongest argument presented for the cause at this meeting.

Rev. Teel of the Christian church gave us invaluable suggestions along the line of practical work. His experience in the late California campaign, eminently qualifying him to do so.

Mrs. Loughridge told of the splendid results already accomplished throughout the state, as reported by delegates to the convention at Portland, June 7. Such men as Senator Fulton, Don J. Martin, Mr. Logan, Dr. Chapman and Mr. Davis, president of the Portland Men's club of equal suffragists, leading their active influence.

Burglars Enter Business Houses—Burglars, with a nerve that evidently deserted them before time to make a haul, were abroad Sunday night. The Clemens drug store was entered from the rear, a plate of glass being removed from the window, but nothing of value has been missed. At the Model Bakery they entered by cutting the screen from the back door, and parloined some \$1.50 from the till, besides taking a quantity of bread tickets. The fact that the tickets were taken would indicate that the thief was a local party, but beyond that there is no clue.

Amended Order Issued—Judge Calkins of the circuit court has issued an amended order in the case of Mat Tapola and others against Geo. Sanders, the suit involving the Old Channel mine at Galice. The new order directs that the mine superintendent, L. C. Hudson, proceed with the clean-up of the gold in the sluice boxes, and that all gold recovered be accounted for to the court, and not to Mr. Sanders, till after the court has had the time to pass upon the merits of the case. July 1st is the date set for the hearing.

Return From Trip to the East—Mr. and Mrs. W. G. Burt returned Saturday evening from a two-months' trip through the eastern states, where they went primarily to attend a convention of railroad men. Mr. Burt being an engineer on the Southern Pacific. While absent they visited Atlantic City, Washington, New York, Gettysburg, Chicago, Omaha, Ogden and various other centers, and it is needless to say that every day of the trip was thoroughly enjoyed.

Lightning Strikes Electric Line—For the second time this season lightning early Sunday morning struck the high power line of the California-Oregon Power Co. The only damage resulting was the burning out of trip coils in the plant of the Cold Storage Co., putting that installation out of commission for a few hours pending repairs, and injury to one small transformer of the Power Co. Repairs were made without delay. The thunder and lightning accompanying the rain storm was hardly noticeable, and it is not known where the line was first struck.

It is now well known that not more than one case of rheumatism in ten requires any internal treatment whatever. All that is needed is a free application of Chamberlain's Liniment and massage the parts at each application. Try it and see how quickly it will relieve the pain and soreness. Sold by all dealers.

40 DEAD IN COLLAPSE.

BUFFALO, N. Y., June 24.—With 15 bodies recovered identified and 10 known to be missing and 6 to be drowned, it is feared this afternoon that the total loss of life in the collapse of the dock at Eagle Park, Grand Island, last night may reach forty.

Five bodies were recovered during the early morning. Ten more were taken from the water between 9 and 10 o'clock today. They were found floating about among the piles at the docks. The water at where the dock collapsed is 10 feet deep, but the current rushes by at a rate of nine miles an hour and some bodies may have been carried over the falls.

Boats are patrolling the river between Eagle Park and Chippewa, Ont., in the hope of recovering bodies still in the water.

Ghouls got to work early today. A valuable diamond ring disappeared from the hand of a woman. Other valuable were stolen from other bodies. Finally the rescuers gathered up purses and jewelry and placed them in charge of the Eagle Park hotel.

Another body was taken from the river this afternoon, making 16 so far recovered. The known dead and missing now number 31.

GOMPERS IN JAIL.

WASHINGTON, June 24.—Samuel Gompers, president of the American Federation of Labor, was sentenced to one year in jail for contempt of court by Justice Wright of the District of Columbia supreme court today.

Frank Morrison, secretary of the Federation, was sentenced to six months in jail for the same offense. Both gave notice of appeal and were released on \$5,000 bail.

John Mitchell, also found guilty of contempt, in the proceedings growing out of the publication in the American Federationist of the name of the Buck Stove & Range company of St. Louis, in an "unfair list," was not present in court, and his case was deferred.

"Because these respondents have shown themselves ready to repeat the seditions of the past, the penalties in these cases ought to be in proportion to the gravity of the offenses," declared Justice Wright in his decision.

Wright declared that Eugene V. Debs' sentence of six months for contempt of court was not sufficient, and "the offense of the least of these men (Morrison) was more malicious than that of Debs."

Three of Wright's colleagues sat on the bench with him while he read his decision, which was very long. Although the justice skipped many pages, his reading consumed nearly two hours.

As the decision of guilty was rendered, Gompers and Morrison were ordered to stand and face the court. They did so, very pale and then Wright sentenced them.

John Mitchell was not in court. He is traveling in the west. This was the second time Justice Wright had imposed sentence upon Gompers and Morrison for the same offense. The first decision was set aside by the supreme court and remanded back for a new trial.

The bargain-hunting joke, almost-outlawed nowadays, once flourished amazingly with our joke-smiths. It is pretty well understood now, that the "joke," such as it is, is on the wage-earner of the family in which the buyer of household supplies is not a bargain-hunter—and thus not a reader of the ads.
