KLAMATH FALLS TO GRANTS PASS ONE DAY.

Mr. and Mrs. Elmer McKibban of Muskogee, Oklahoma, R. E. Kroh and E. S. Van Tyke composed an automobile party that has returned from a trip to Crater lake and the Klamath country, making the journey in Mr. Kroh's big Overland car.

The party went by way of Prospect, and after spending a half day sight-seeing at Crater lake, went on to Klamath Falls, returning by way of the Green Springs mountain road and Ashland. The Green Springs road is in very bad condition, nevertheless Mr. Kroh made a record drive, coming from Klamath Falls to Grants Pass in one day. All members of the party are enthusiastic over the beauty of the trip, the scenery being superb, the roads good except for the one mentioned, and the weather perfect for the outing.

ARCHITECT WILL BUILD HOME HERE.

Five tracts in Tokay Heights have been purchased this week by Elmer McKibban, late of Muskogee, Oklahoma, who, with Mrs. McKibban, has been here for some days becoming acquainted with the Rogue valley in general and local conditions in particular. The tracts purchased lie on the wooded knoll near where the old stage house formerly stood, and will be immediately developed and a bungalow of modern construction erected, the McKibban's planning to make of it a home place of beauty and comfort.

Mr. McKibban is a retired architect, and with his wife has been looking the west over for many weeks past to find the place that suited as regards climate, commercial possibilities and pleasant surroundings, the Rogue valley meeting their every demand in all of these features. They express themselves as delighted with conditions here, and predict that Grants Pass will one day come into its own, its resources of lumber, mineral, fruit, etc., giving it a lead on all other communities which they visited. They were especially pleased with the opportunity offered here to the lover of the outdoors to visit places of interest, and to enjoy the life in the open with the least possible discomfort. These outdoor beauties, with the future they foresee for Grants Pass, determined them in their selection of this city for their home.

APPELEGATE FARM IS BOUGHT BY ALBERTA.

J. O. Hill, who recently came here from Alberta, Canada, has purchased the forty-acre farm of Paul Ratten-cutter, located on the Applegate river, adjoining the Wilderville school house. The purchase was made through the agency of E. T. McKinstry, the price being \$200 per acre, or \$8,000 for the tract, the stock and implements being included in the sale.

The farm is one of the choice tracts in the Wilderville neighborhood, all being in a high state of cultivation, with sixteen acres of alfalfa and the balance in grain, potatoes and other vegetables. It is watered from the Applegate river, being under the Wilderville ditch.

Mr. Hill came here recently with his wife and child from Alberta, and leaving the family has now returned to the north to close up his affairs there preparatory to becoming a resident of and a real booster for the Rogue River valley.

ARCHBISHOP ADVISES THAT WOMEN VOTE.

SAN FRANCISCO, Aug. 12.—Strongly urging that women take full advantage of their newly given right to the ballot in the state of California, Archbishop Patrick W. Riordan, in a letter addressed to the pastors of the various churches in his diocese, urged that the matter be called to the attention of the congregation.

Archbishop Riordan eloquently advocated the necessity of women taking advantage of their right to vote and compared civic responsibility with religious responsibility.

N. Y. JOURNAL SAYS NEW RAILWAY FINANCED.

The Engineering and Mining Journal of New York, in its issue of the 27th ult., gives further details of the plan that was first published in a February 22 issue of the journal, the proposed new railroad from Grants Pass to the Blue Ledge country had been financed. The New York publication has the following:

"A railroad to cost \$1,000,000 and to extend 52 miles up the Applegate river from Grants Pass, has been financed and authorized by the owners of the copper mines in the Blue Ledge district. The contract for the rails has been let, the final survey is to be made soon and the contract for the construction is to be let."

NOTHING TO SAY ON PRESIDENTIAL TERM.

SEAGIRT, N. J., Aug. 12.—"I do not want to give a 'horseback' opinion," was the answer given here today by Governor Wilson, the democratic presidential candidate, when asked why it was that his speech of acceptance failed to comment on the plank for a single presidential term.

"I do not care to say anything on this topic now," added Wilson, "but later, I shall make my opinion perfectly clear on all planks in the platform. A speech of acceptance need not necessarily embrace all platform subjects. I took for my initial utterance the topics which I believed were the most pressing."

DENVER NOW SCENE OF I. W. W. ACTIVITY.

DENVER, Aug. 11.—Police war on a "tree speech" movement about to be inaugurated here by Industrial Workers of the World, led by California speakers, is expected to follow the action of Chief of Police O'Neill here today in asking permission to jail all speakers who may attempt to speak here without a permit. A detachment of California I. W. W. reached here yesterday and announced today their intention of speaking whether they were given permits or not. Denver authorities fear a repetition of the scenes which marked the recent free speech fight in San Diego.

STUNG BY BEES, IS STILL UNCONSCIOUS.

VANCOUVER, B. C., Aug. 12.—Two days after having been nearly killed by bee stings, Frederick Gunter, of Thirty-third avenue east, is still lying unconscious in the General hospital, his condition being practically unchanged since he was received in that institution Friday night. Gunter was working among his bees in the garden at his home Friday evening, when he was stung on the hands and face several times. Entering the house he asked his wife for a drink of water and collapsed. A doctor was called in and administered stimulants but tetanus supervened and the unfortunate man's life seems to be slipping away.

"I was cured of diarrhoea by one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes M. E. Gebhardt, Oriole, Pa. "There is nothing better." For sale by all dealers.

LAW MAKERS QUIET ON CAPITAL PUNISHMENT.

WASHINGTON, Aug. 11.—Senators and congressmen are busy about expressing their views on capital punishment.

Mrs. Robert M. LaFollette said today:

"The executions in New York today emphasize this outrage against society. Capital punishment tends to increase rather than obviate crime. I do not think the state ought to take human life, as executions have an evil effect on the public. Capital punishment ought not to exist in America or any other civilized country."

FRY RECEIVED FOR LAKES AND STREAMS.

Those citizens who are interested in the propagation of game fish in the valley are asked to assist in defraying the expenses of transporting the recent receipt of fry from this city to the lakes and streams in which they were liberated. The fry was received Wednesday, and consisted of twenty cans containing a total of 8,000 eastern brook trout, which have been planted in Bolan and Tannan lakes, and in Slate, Deer and Williams creeks.

The Proctor and Williams creek people are bearing the expense of the shipment to Williams creek, and the Holland settlers the expense of packing from Holland to Bolan and Tannan lakes. It is desired that the people of Grants Pass and vicinity, who are interested in this important matter, the first attempt of this nature made in this county, make up by voluntary contribution the charges for automobile hire to Slate and Deer creeks and to Holland. These trips were made by the cars of Perry Gunning, W. H. Taylor and Isaac Best, who did the special work at charge. Below the regular commercial rate, at a figure to approximately cover the wear and tear on the cars and the cost of supplies. The total charge for these special trips is \$40.00.

Donations will be accepted at Wharton's gun store and at the Grants Pass, Rogue River and Crater Bros' hardware stores.

FULL THIRD PARTY TICKET IN WASHINGTON STATE.

By United Press Leased Wire.

SEATTLE, Aug. 13.—Returning delegates from the bull moose convention, headed by E. C. Snyder of Seattle, declared today for a third party ticket from governor down. This matter was of absorbing interest to all progressives, who were divided as to whether to put up a full state third party ticket or not. A compromise had finally been effected to delay action until the return of the Chicago delegates. The question is now fully settled, and Washington will have a complete third party ticket.

GOVERNMENT WILL INVESTIGATE GOLD STRIKE.

WASHINGTON, Aug. 13.—An expert investigation of reported gold strikes in Modoc county, California, was ordered by the government survey department here today.
