DAIRY COWS ARE HIGH IN CALIFORNIA.

Messrs. R. S. Dahlberg of Murphy and H. E. Christie of Selma have returned from California, where they went last week in search of cows to add to their dairy herds. They state that while conditions in the dairy districts of California are bad because of the drouth, that cattle are not suffering, there being plenty of dry feed, and that the price of good cows ranges strong, being from \$100 up, according to the quality of the stock. The California dairymen, they say, are breeding Holsteins largely now, with some of the dairies using a Holstein-Durham grade. The gentlemen arranged for a car load of cows that will probably be shipped later.

BUD ANDERSON'S FRIENDS WERE MUCH WORRIED.

Bud Anderson returned to Medford Monday after having spent Sunday with his cousin, J. C. Williams, and other friends in this city. While here the contender for the lightweight championship crown now held by Willie Ritchie was shown more of the Grants Pass territory, and became more and more impressed with the fact that here is the choicest part of the Rogue valley. In County Horticulturist Burke's auto, and accompanied by Mr. and Mrs. Burke, Mr. Williams, and the latter's two daughters, Mr. Anderson was taken out to the Sucker creek country, and were at the camp where Attorney Clements and his wife and mother are spending a week among the beautiful surroundings. When Anderson's visit to Grants Pass had been prolonged to a point that his Medford supporters had about concluded that Bud had entirely deserted them for the charms of the lower valley, his manager, Dick Donald, kept the line busy from the Bear creek village trying to locate his charge, and finally got him back to Medford Monday. Bud says he is coming back after he cleans up Leach Cross on the Fourth of July.

ARM IS BROKEN IN AUTOMOBILE ACCIDENT.

Friday evening W. W. Harmon's Overland automobile went over the grade at the south side of the steel bridge, a defective steering apparatus being responsible for the accident. The car contained besides Mr. Harmon, Mr. and Mrs. Howell, who have recently come here from Portland, and Miss Hazel Gillette. Mrs. Howell received the only serious injury of the occupants of the car, her right arm being broken above the elbow. Mr. Harmon was considerably bruised and scratched by being thrown through a barb wire fence. Mr. Howell and Miss Gillette escaping with only minor bruises.

Mr. Harmon was driving the car very slowly as he approached the bridge, and turned near the edge of the road to allow a team to pass. As a front wheel struck a rut, the steering gear failed to hold, and the car plunged down the steep grade, turning over on its side, but righted again after pitching out its load of passengers. The only injury to the car was a badly sprung front axle.

Mrs. M. P. Anderson returned Tuesday from a visit with friends at the annual G. A. R. encampment and W. R. C. reunion.

GOLDEN WEDDING FOR GRANTS PASS COUPLE.

Mr. and Mrs. E. A. Wade of this city celebrated their golden wedding at their home on G street Saturday evening, and entertained scores of their old and new friends, business associates and church and lodge friends.

Mr. and Mrs. Wade were married 50 years ago, June 14, 1863, at the "Happy Corners" near Warsaw, Ind., and in the following February the young man donned the blue and marched away to the war, serving until the end of the national struggle. In 1866 the couple went west to Kansas and 10 years later still farther west to California. In 1877 Mr. Wade came to Josephine county and settled on a homestead in the Centennial district, now known as Fruitdale, and the following year was joined by his wife, and they have made this county their home ever since. Twenty years ago Mr. Wade engaged in the grocery business in the old Odd Fellows block and shortly after he built the two-story brick building which has been their store and home since that time. He sold the grocery and after a few months engaged in the dry goods business which he still conduct, assisted always by Mrs. Wade.

At the celebration last evening a short program was rendered, Geo. W. Colvig speaking on behalf of the Masonic fraternity, H. B. Alverson for the G. A. R. and Rev. Wm. R. Jeffrey for the Newman M. E. church. There was also a solo by Mrs. Barnes, reading by Mrs. Ella Harper and the following original poem by Cella Doerner was read by Mrs. E. G. Harris:

1863-1913.

(To Mr. and Mrs. E. A. Wade.)
On a golden Sabbath morning
In the lovely month of June,
Month of flowers and birds and love-songs,
Nature's voices all in tune—
Hand and heart you were united
By a bond to last for life,
And your souls o'erflowed with gladness,
Happy husband, happy wife!

Since that joyous Sabbath morning
Fifty changeful years have flown;
Good and ill you've shared together,
Each to other nearer grown;
And today your lives are brightened
By the love of daughters three
And their little ones, who greet you
At the Golden Jubilee.

May your pathway lead you onward
Through fresh fields of happiness,
Love and joy and peace your portion,
Freedom from life's storm and stress;
And when ten more years are added
To the fifty that have fled,
With your loved ones gathered
round you
May the diamond feast be spread!
CELIA DOERNER.

BELT BREAKS AT GOLDEN DRIFT DAM.

After having pumped water into the northside ditch for a couple of days, the pumps at the Golden Drift dam are shut down owing to the breaking of one of the big belts. The value of this belt is about \$350, and it will necessitate considerable delay in sending it back to the house where it was made for repair. Receiver Wharton has not yet concluded what action to take, and is still awaiting the action of the court upon the application of the Rogue River Public Service Corporation for a lease upon the plant. Mr. Wharton says that the belt is in bad condition from having become wet last season, and that the purchase of a new belt is likely to be necessary.

The old belt is being forwarded to Portland by R. E. Kroh, proprietor of Tokay Heights, for repair, and the pumps will be started up again as soon as it is received. Meantime the case at court may have been disposed of, and the plant put on a more definite basis.

Take Plenty of Time to Eat.

There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by all dealers.

Studebaker

"I've had my Studebaker 15 years—and not a cent for repairs"

A word of just praise for a wagon that has done its work faithfully and well.
Men become attached to their Studebakers—proud of them.
Because they realize that a Studebaker is built on honor and with an experience in wagon building that dates back to 1852.
Studebaker wagons are a result of that long experience, coupled with a desire to build the best wagons, not cheap ones.
And when your dealer says "Buy a Studebaker—there's no better wagon made" he's giving you the verdict of a million farmers. He is not asking you to try an experiment.

ARREST ITALIANS CHARGED WITH BLACKHAND OUTRAGE.

Los Angeles, June 17.—The two Italians arrested at the scene of yesterday's blackhand outrage, when the home of G. B. Trapani, a commission merchant, was destroyed by an explosion are today identified as Peppino Vencanze and Vipe Marena. They have engaged Attorney C. V. Riccardo to defend them. According to Riccardo, the men indicted in the explosion are not the men who placed the dynamite in Trapani's home, but were there at his request as bodyguards. Trapani admits having employed two Italians to guard his home, following receipt of blackhand letters, but is unable to identify the prisoner's appearance because of swollen features. The men were badly injured when the explosion occurred.

FATE OF FRANK HENWOOD WITH DENVER JURY TODAY.

Denver, June 17.—Whether Frank Henwood, on trial here for the murder of George Coleman, is guilty or innocent, probably will rest in the hands of the jury before night. Arguments in the case began today.

Late yesterday John Springer, husband of the woman in whose behalf Henwood killed Sylvester Van Phul and incidentally, Coleman, in a fray in the Brown Palace hotel, testified in the case. Springer declared he had investigated stories connecting Henwood's name with that of Mrs. Springer and had found that their relations were always proper. He denied the state's charge that Henwood was guilty with Mrs. Springer and killed Van Phul because of jealousy. After Springer had testified he heartily shook hands with Henwood and expressed his friendship. The jury was evidently impressed.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
