Mr. Greaves notes a general improvement in business conditions throughout the state since his last visit four months ago. Licensed to Wed—County Clerk Coburn on Monday issued a through ticket to happiness by the matrimonial route to George Doggett of Waldo and Miss Rosella May Carter of Kerby. To Boost the Celebration—Messrs. W. E. Hardy and Wm. Evans leave Wednesday morning by automobile for the north, going as far as Roseburg, the trip to extend over four days. They will advertise the biggest celebration in southern Oregon in the towns along the route. New Uniforms for Methodists—The new uniforms for the Methodist representatives in the Twilight baseball league have arrived, and will be on public display for the first time when the team meets the Presbyterians on the field of battle. The boys will try and play up to their clothes, which will mean a mighty nifty game. Returns With Akeril—Sheriff Smith has returned from North Yaktima, bringing with him H. L. Akeril who was indicted by the Josephine county grand jury on a charge of obtaining money by false pretenses. The trial will occur at the next session of the circuit court. Percy Wells of Jackson county, left Grants Pass Monday morning for Salem, to attend the state board of teachers' examiners, of which both gentlemen are members. In his flying trip Mr. Holcomb managed to see a great deal of the country, going east via the Canadian route, and returning by the gulf states. He was in Chicago, Boston and New York, and spent a few days with a brother in Indiana. It is said that he hastened home especially to pull down the honors at the shooting tournament to be conducted by the Grants Pass gun club on the Fourth of July.

Moose Band Drills—The Moose band, which is to head the parade of the fraternal organizations on the Fourth of July, was put through a grilling practice in marching Sunday afternoon, Col. Opdycke being the man with the baton. The boys proved their ability to not only discourse sweet music, but also to make a soldierly appearance when on the march, and with the new uniforms which will be worn for the first time at the celebration, will be a most attractive and efficient bunch. Dana Got Wharton's Goat—At last has the mighty fallen, and Joe Wharton no longer wears the Du-Pont trophy or the big smile. At the last meeting of the gun club he lost both, and took a seat away in the background. The club entertained F. A. Dryden, a professional representative of the Remington Arms Co., who had the best score of the day, though the locals trailed close behind. The scores were as follows: Dryden, 24; Dana, 23; Halverson, 22; Cook, 21; Johnston, 20; Hough, 19; Balsiger, 18; Mosler, 18; Wharton, 18; Smith, 15; Reid, 13; Bailey, 9. GOVERNMENT OFFERS, STANDING TIMBER FOR SALE. Through the local forestry office, bids are being called for the sale of 1,000,000 feet of timber in the Swede Basin district, located 28 miles from this city. The timber is largely sugar pine, with some cypress and Douglas fir, and the sale is being made on application of Spaulding Bros., who operate the Swede Basin saw mill. An attaché of the forestry office will go out to scale the timber and to mark the trees for cutting within a short time. An official mark is put upon each tree that is to be cut, and if the people who purchase this standing timber cut trees other than those with the government mark, they are charged double rate for the timber so cut. TWILIGHT GAME WAS DRAW AT 5-5 SCORE. The Presbyterian and Baptist clubs of the Twilight league battled six exciting innings to a 5 to 5 tie on High school field last Friday evening. The features of the game were Galvin's work in left, particularly his circus catch of Summer's long drive in the second; Douglas' strike-out performance of 14; the batting of Woodward, Cramer and Honey; Joell's timely two-bagger and the not less timely singles by Hood and Stinebaugh. The Baptists scored two in the first on Taylor's error and hits by McCracken and Honey; two more in the fourth on errors by N. Best and Woodward, a wild pitch by Carner and Taylor's error; and their fifth score in the fifth inning on a single by Honey and a double by Joell. The Presbyterians made four in the second on Summer's error, Cramer's single, a hit batsman, and singles by Hood and Stinebaugh; and their last score in the fifth on Woodward's single, a passed ball by Honey and Cramer's single. Struck out—By Douglas, 15; by Carner, 5. Bases on Balls—Off Douglas, 2; off Carner, 2. Hit by Pitcher—Douglas, 2. Mr. Anderson says that the Coquille country is filled with coal men and railroad operators, and that developments from that district can be expected at any time. Take Plenty of Time to Eat. There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by all dealers.

ALLEGED CHECK ARTIST IS ARRESTED. Constable Randle has gone to Ashland today where a man is under arrest who is thought to be A. L. Baker, wanted in this city for passing worthless checks upon local merchants. Mr. Randle is accompanied by Carl Hull, a clerk at Calhoun's store, who is to identify Baker, he having sold him a bill of goods, and having taken of the phoney checks. Baker came here early in the month and opened up accounts at both the Josephine County and the First National banks, making small deposits at each. These accounts he checked out, gaining a certain credit at the business houses, and Saturday night when he appeared at business houses and offered checks in return for small purchases they were accepted without question. On the last instance, however, the checks which he offered were drawn on the First State Bank of Rogue River, and were signed "C. Owens." There is a well known and reliable farmer of the Evans creek district by the name of C. Owens, and as Baker represented that he had been working for him, the checks bearing that signature were readily accepted. It transpired, however, that Baker had a side partner who claimed the name of C. Owen, and under it had made a deposit of \$25 in the Rogue River bank. When the checks passed by Baker appeared at the Rogue River bank, the fund was too near depleted for payment of the paper, and the checks were returned marked not paid for want of funds. Baker disappeared leaving his suit case at the depot, and since then the officers have been on his trail. In the suit case were other checks filled out for \$10 and \$15 each, drawn on the Rogue River bank, and signed by "C. Owens," showing that Baker had expected to realize further from the same source. The check passed at Calhoun's was for \$15, with which he purchased a small amount of goods and received the balance in cash. A check of the same size was handled in the same way at the Peerless. BANKS MUST BE "SERVANTS NOT MASTERS." Washington, June 23.—Declaring the occasion vital to the country at large, President Wilson for the second time in his administration today came to the capitol to personally deliver a message to congress. The president demanded immediate action on the currency bill, which is to be formally placed before congress at once. The keynote of his speech was that the currency measure is a twin with the tariff bill, and that the currency reform is vitally necessary to enable the business interests of the country to adjust themselves to new conditions arising out of the revision of the tariff schedules. He pleaded in particular for government control of the banks that they might be "the servants, not the masters of the people." Plainly in deep earnestness, but showing not the slightest trace of nervousness, the president personally read his message. When he arrived at the capitol in an automobile with Secretary Tumulty as his only companion, the president went at once to the speaker's room, from where he was escorted by Senators Reed, Kern, Gallinger and Congressmen Underwood, Mann and Fitzgerald to the speaker's desk. There was a smaller crowd in the galleries than on the occasion of the president's first visit to congress. The number of admission tickets had been cut in half, but despite a heavy train, numerous leaders of fashion were present to listen to the president's plea. There were 126 seats vacant on the floor of the house chamber during the reading of the president's message. Members of the administration asserted that this was due to the fact that many congressmen had been excused to enable them to make visits home. The president's arrival was applauded. He began reading without preliminary and spoke slowly and carefully. He ended the reading of his address at 1:03 p. m. and then bowed a farewell. The house adjourned immediately after the reading of the message. BUSINESS POINTERS Dr. Flanagan, Physician and Surgeon. J. E. Peterson, Home Insurance Man. Rexall Remedies at Clements. Studebaker advertisement featuring an illustration of a man and a woman in a Studebaker wagon. Text includes: "The LIFE of a wagon is what counts — that's why I buy a Studebaker". "That's reasonable, isn't it?" "A wagon that doesn't last is expensive no matter what price you pay for it." "Suppose you buy three wagons, one after the other, and the three of them don't last as long as one Studebaker—which is the best bargain?" "I didn't find this out myself. I heard my grandfather say it a good many years ago. He said he had proved that it paid to buy a Studebaker. I followed his advice to my own satisfaction." "A wagon can't have life in it unless it has the material and work and finish in it. The Studebaker people have been making vehicles for sixty years. They ought to know how to make wagons right—and they do. They have the reputation because they've produced the goods. They don't put the name Studebaker on until the wagon's right, and when you see the name Studebaker on a vehicle of any kind it is your insurance of quality." "That's why I buy a Studebaker. I trust a Studebaker wagon because I trust the people that make them. It's good business." "A Studebaker promise is always made good." See our Dealer or write us. STUDEBAKER South Bend, Ind. Corvallis, June 23.—During a fit of anger at noon today, Mrs. E. S. Tunell of this city fired four shots at her husband and daughter, and then killed herself, the bullet piercing her heart. Her husband, who was wounded in the lung, probably will recover. The daughter also wounded in the lung, has a fair chance for life. For some time Mrs. Tunell's flashes of anger have alarmed her neighbors and it was in one of these that she attempted to annihilate her family. Tunell is her second husband, and Miss Beatrice VanCamp is the daughter of her first.

RAY DIAMOND OF A DUAL PERSONALITY.

Glendale, Or., June 23.—Friends of Ray Diamond, the young man now a fugitive in the mountains west of here, following his sensational holding up of the Glendale State bank, today declared the man a victim of a dual personality. Until a month ago, when he lost his position because of an altercation with a fellow workman, Diamond had led an exemplary life, was received in the best homes, was a leading member of the local dramatic club and a well known fraternalist. His calm exterior was in striking contrast to his tastes for reading, however, a search of his cabin disclosing hundreds of books dealing with robberies, murders and exploits of outlaws. No further trace has been found of Diamond, though Sheriff Quine is still searching the trails on this side of the mountains.

CAST BALLOT IN FAVOR OF STRIKE.

Chicago, June 23.—More than 25,000 building trades workmen locked out here by the Building Trades association rejoiced today when the police reported a break in the ranks of the contractors. They declare the suburban contractors are permitting the men to resume work and that patrolmen who have been guarding their buildings have been withdrawn. The union leaders are trying to force the employing associations to arbitrate their dispute. Labor conditions here were further complicated today, when it was learned that a canvass of ballots cast last week by 25,000 garment workers had resulted in an overwhelming vote in favor of a strike, according to union leaders, unless the workers' demands are met. The executive committee of the union will determine tonight whether to quit work at once or open negotiations with the employers. The demands of the garment workers include shorter hours, abolition of the piece work system, and more sanitary shops. President Simon O'Donnell of the Building Trades Council today issued a statement declaring that only a few contractors in the loop district were obeying the employers' lockout order and that less than 3,000 men were idle today. President Edward Ryan, of the Chicago local of the Architectural Iron Workers' union, declared that strikes in his union have been declared in Minneapolis, Milwaukee and Pittsburgh in accordance with instructions from here.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. Cheney & Co., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.
