CITIZENS OF TWO COUNTIES WILL CONFER
At the meeting of the Commercial Club held Monday arrangements were completed for the joint meeting of the citizens of Josephine and Jackson counties at Medford tomorrow, Wednesday, October 15, at 1:30 p. m. As previously announced, this meeting is being held for the purpose of working out some plan whereby the travelling public, and especially that of the Panama Exposition year, 1915, may be induced to stop and visit the Rogue River valley towns, instead of going direct from San Francisco to Portland, as practically all of it does now without stopping. To bring about the desired results work must be started now and a campaign inaugurated to call attention to the people of the east and middle west that in order to take advantage of the privilege of stopover they must so state when purchasing tickets.

The Grants Pass delegation will leave on the 9:38 a. m. train and return at either 6:30 or on the motor at 9:50; a rate of \$1.30 for the round trip has been secured and it is hoped to have a large and representative delegation of men and women from Josephine county, so that the next meeting can be secured for Grants Pass.

The ladies are especially invited, and all will have a voice in the meeting.

Tom Richardson, who spent Friday and Saturday in Grants Pass, on his return to Medford said:

"Josephine county will come to Medford with a large delegation of representative men and women on Wednesday, the 15th, to Medford Wednesday, the 15th. Ashland will also be here in goodly numbers, and it now devolves upon Medford to get busy, urging the presence of the commanding men and women of all the other communities of the Rogue River valley.

"This meeting should be just a beginning of a continued movement which will unite all the interests of this valley. The Rogue River valley must look the facts in the face. Extremely little travel stops at any station in the valley. Most of the travel is from city to city or from San Francisco to Portland and Portland to San Francisco. Now the only way to help out this situation is active work here at home. No other community on the coast knows the game better than the people of the Rogue.

"Seventy-five per cent. of the people who visit Rogue River valley points leave home with that intention. They buy their tickets with that purpose in view. Complaining about the railroads do no good, but do a lot of harm by excusing your home folks from doing their duty. Blaming another community for your misfortunes only advertises you as a coward.

"Competition between Rogue River valley points is helpful, but the constant hammer leaves dents that hurt. There are many good things to come out of this convention next Wednesday. Medford need not spend one dollar in entertaining her visitors—they don't expect it. They come as neighbors for a business conference. Blowing money upon such occasions hurts more than it helps.

"How we are to stop the people at Rogue River valley points will be discussed. How money can be had for the small farmer will be explained. Our big cities on the coast can take care of themselves; let us people the farm and develop the mine, ranch and orchard."

Former Teacher Dead—
Word has reached friends in this city that Miss Catherine Guter, who taught last year in the Riverside school, died recently at Morris, Minnesota.

Attending K. of P. Convention—
Stanton Rowell of this city and H. L. DeArmond of Medford left Sunday evening for Portland, delegates to the annual convention of Knights of Pythias.

Married at Jump-Off-Joe—
Richard W. Fairfield of Douglas county and Edith Eveleta Pollock of Josephine county were married at the W. H. Pollock residence on Jump-Off-Joe creek Sunday afternoon at 3 o'clock. Rev. I. H. Teel officiating. A few friends and relatives of the contracting parties were present.

Marie Christiana Greer—
Mrs. Christiana Greer, a pioneer of Grants Pass, died at the family home on North Second street on Thursday, October 9, aged 73 years and 8 months. The funeral will be held at Hall's chapel on Sunday afternoon, with interment at the Masonic cemetery.

Herd Given Tubercular Test—
Dr. Bestul on Saturday tested the Jersey herd of H. M. Gorham on Jump-Off-Joe, comprising 31 head, which he pronounced free from tuberculosis. Mr. Gorham has a valuable herd, although at the present time only a portion of them are being milked. They are thoroughbreds and well bred grade Jerseys.

A Night Alarm—
The fire department was called out at 12:15 Monday morning when smoke was seen issuing from the California-Oregon substation at G and 7th streets, caused by the burning out of a pair of transformers. This was caused by a short circuit on the power line extending down Rogue river, due to a tree falling across the lines. The fire department was not needed.

Another Home Started—
Harvey Moore and Miss Mary F. Harvell were united in marriage Saturday night at 8:30 at the home of the groom on South Seventh street. In the presence of immediate relatives, Rev. I. H. Teel officiating. The bride is a recent arrival from Brownwood, Tex., but the groom has been a resident of this city for the past nine years. They will make Grants Pass their home.

Team Runs Away—
The farm team belonging to the Pritchard ranch took fright Monday morning and galloped down G street. One of the reins broke and the team swerved, the wagon striking the hydrant at the corner of Sixth street, loosening it and breaking the casing, and also striking a standpipe from which the street sprinkler is filled, breaking it squarely off. No other damage was done and the team was on duty the balance of the day.

CALLINS' DECISION IN AMENT DAM CASE
Ashland, Ore., Oct. 12.—Judgment for plaintiff stockholders has been rendered by Judge Callins in the Josephine circuit court in the celebrated case of the Golden Drift Mining Company vs. C. W. Ament, the original promoter of the enterprise. This is a suit which has been pending since 1909, and is familiarly known as the "Ament dam" litigation.

Originally a mining scheme, it later developed into a plan involving irrigation features, as well as affording water for mining purposes. The decision practically compels Ament to account for moneys received, in behalf of the mining corporation. The Golden Drift Mining Company was originally capitalized at \$1,500,000, of which \$150,000 has been expended on the dam project.

FLAMES CATCH LAD IN FRONT OF FIREPLACE
Young Jack Harth was seriously burned Saturday morning. He was standing before the fireplace in the M. Clemens home, where he and his mother, Mrs. P. Harth, are visiting, when the flames caught his night dress and in a moment the little fellow was ablaze. Mrs. Clemens, who was in the next room, saw the blaze and she wrapped the little fellow in the woolen wrapper she was wearing and smothered the flames, thus saving his life.

The little fellow, who is 4 years old, was badly burned on the legs, but is recovering, and is not in a dangerous condition.

MRS. MARY GRIMES
Mrs. Mary Grimes, daughter of G. B. Bristow of this city, died at Salem Friday, October 10, aged 45 years. The body was brought to Grants Pass Saturday and the funeral will be held at 9 o'clock this morning at Hall's chapel, Rev. S. A. Douglas conducting the services.

The deceased leaves one daughter, Miss Bessie Dean, and seven brothers and sisters: Mrs. N. H. Turch of Milwaukee, Ore.; George B. and J. B. Bristow of Talent; S. R. Bristow of Portland; Mrs. Cal Wilson of Eugene; Mrs. Nellie Russell, Des Moines, Wash.; and James Bristow of Idaho.

MARIE CHRISTINA GEYER
Mrs. Marie Christina Geyer was born at Koenigsberg, Germany, February 13, 1840, and died at her home in Grants Pass Thursday, October 9, aged 73 years, seven months and 26 days. Mrs. Geyer went with her parents to Wisconsin at the age of seven years and at the age of 17 was married to Frederick E. Geyer. In 1873 Mr. and Mrs. Geyer came to the coast and made California their home for three years and in 1876 came to Josephine county and settled on a homestead on the south side of the river immediately opposite 6th street, where they lived until about 19 years ago, when they moved into the city.

Mrs. Geyer leaves five children: Mrs. Matilda Kinkle of Savage Creek; Mrs. Agnes Hoernlein of Olinda, Cal.; Adolph Geyer of Corvallis; Fred Geyer of Colusa, Cal.; and Mrs. Hilda Wimer of Seattle, all of them being present at the time of her death, excepting Mrs. Wimer. The funeral services will be held at Hall's chapel today at 2 p. m., with interment at Masonic cemetery.

Accommodations for Teachers—
Teachers' institute will be held in this city October 20, 21 and 22. Attendance is compulsory on all teachers in Jackson and Josephine counties. The committee on accommodations find it quite a task to secure room and board for this entire teaching force, numbering about 250. It will greatly assist the committee if those who can furnish either room or board to one or more teachers will let us know either by letter or phone, the number that can be accommodated. R. R. Turner, chairman.

Free Hitching Posts—
The committee of "Rogues" of the Grants Pass Commercial club some weeks ago had a number of hitching racks provided on the quarter block at the corner of 7th and E streets for the convenience of farmers. There are also a number of trees on the lot to which the farmers evidently prefer to tie their horses. The owner of the lot requests that the racks be used.

Tokays Sell Well—
R. R. Turner this morning received returns on a shipment of Tokay grapes which were sent to Portland Saturday. The firm with which he did business notified Mr. Turner that the shipment was cleaned up at \$1.25.

ASKS CONGRESS TO GRANT LEASE AT CAVES
The Grants Pass Commercial club held its regular monthly meeting Monday evening and discussed a number of timely subjects, among them being the meeting of Rogue River valley interests in Medford on the 15th.

Supervisor MacDuff of the forestry service was present and gave a message from Chief Forester Graves, pointing out a way whereby the caves may receive more favorable attention. He suggests that the order creating the national monument be dissolved, and that consent of congress be secured to grant leases for a definite period of years. He asked an expression of those present as to the sentiment of the club regarding the matter. It was unanimously voted to favor this move. It is probable that in the event such consent is secured from congress some company can be found which will provide hotel accommodations for tourists at that natural wonder.

The securing of grasses, grains and fruits for exhibition at the land show in Chicago was taken up and a committee composed of A. N. Parsons, E. T. McKinstry and Isaac Best instructed to secure the best exhibit possible and forward the same to Portland.

The club is showing a good growth, the names of nearly a dozen new members being announced at the meeting.

RELEASE OF YOUNG WALLACE HALTS TRIAL
When Chief McLane went to the county jail this morning to get Ted Wallace, the state's witness in the liquor cases, he found his man gone. Wallace having been liberated the night before by the sheriff on the order of the justice of the peace. This fact brought the trial of Dan Hearn to a standstill in police court today pending the return of young Wallace on a subpoena now out.

Wallace's father appeared on the scene yesterday, and finding his son in jail, swore before the justice that the boy was but 16 years of age instead of 18. This brought the case within the jurisdiction of the juvenile court and the justice being out of it consequently ordered the boys' release.

While Wallace senior had his fighting clothes on, he swore out a warrant for the arrest of Gideon Ross for aiding in the delinquency of his son. Ross was seen Sunday at Selma and no doubt before long will be taken into tow by the sheriff.

ASHLAND BANKER MAY GET PLUM
Washington, Oct. 13.—Secretary of the Treasury McAdoo has today summoned L. L. Mullt, cashier of the First National Bank of Ashland, to Washington with a view to appointing him a national bank examiner if he thinks him competent.

Avoid Sedative Cough Medicines
If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codeine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world-wide reputation for its cures. It contains no morphine or other sedative. For sale by all dealers.

CHRONIC DYSPEPSIA
The following unsolicited testimonial should certainly be sufficient to give hope and courage to persons afflicted with chronic dyspepsia: "I have been a chronic dyspeptic for years, and of all the medicine I have taken, Chamberlain's Tablets have done me more good than anything else," says W. G. Mattison, No. 7 Sherman St., Hornellsville, N. Y. For sale by all dealers.
