Sufferers—Read!

We want all sufferers who have been trying to get relief under the Federal and State governments to read this page carefully. See why you are suffering.

Skin Condition Due to Perspiration

A. F. L. Does Not Want Unskilled Labor

Because of the A. F. L.'s opposition to railroads, public utilities, and other industries, because the federation is in the grip of a great wave of demands for labor, it is impossible to give aid to those under present conditions. The union has come up on a reorganization plan that is expected to create a new era of labor, an all-out union to deprive the capitalists of the right to hire and fire. The union has always been the foundation of a new era in Oklahoma, and it will continue to be so. The union is the only way to organize people to work for their rights, and it gives us the strength to win our rights in the courts and in the streets.
