

Who's Who in Grants Pass

Mrs. Linnie George of Medford and Mrs. Lettie Hoffman of Klamath Falls were guests over the week end at the home of Mr. and Mrs. Tom Hervey. Mrs. George and Mrs. Hoffman will be remembered as Linnie Sowell and Lettie Sowell, twin daughters of Dick Sowell, Sr.

A small fire running in grass on the morning of the Fourth for a few minutes endangered the Legion hall. It started from a cigarette or fire cracker thrown in some saw dust and shavings along the highway. It was extinguished by the fastest service a few minutes later.

FRENCH LAUNDRY

Located at 515 "J" street in Grants Pass, phone 77.

There is no one establishment that has done more for the good of the public or the community during this era of high prices than this modern cleaning establishment. They have just installed a Crystal Clear machine, the newest in equipment.

The fact that they are able to take clothing that fades or needs cleaning and turn it out so that it looks like new has saved many a high-priced purchase and helped to lower the cost of living. They are also exclusive agents for Josephine county for Fancy Dyers of Portland.

This is a business that requires experience and they only employ practical help. Their assistants are all able and efficient workmen and know their line thoroughly and thus you are assured the most careful and painstaking work.

That the French Laundry is pleasing people is shown by their ever increasing business. They operate a truck pickup to Cave City every week. Housewives are learning that it does not pay to do their own laundry, that this firm does their washing reasonably and that it is more economical in the end.

They congratulate our town on its latest addition to the county, a weekly newspaper for Illinois valley.

Garden Club Holds Interesting Meeting

The Garden club met at the home of Mrs. James Lewis of Holland recently and Mrs. J. J. Wilber was elected president; Mrs. A. A. Johnson, vice president and Mrs. Bud Haskins, secretary. Mrs. Harry Smith, after 10 years service as president, was elected honorary president and adviser.

Plans for holding the annual picnic in July was decided to be at the Savage Rapids camp.

The August meeting will be held at the home of Mrs. Wilber and Mrs. Haskins was appointed chairman. This meeting was also chosen for the annual summer flower display.

Mrs. Lewis was assisted by Mrs. Robert Walton, Mrs. Joe Hudson and Mrs. Joe Fattig in serving refreshments. A number of guests visiting Mrs. Walton's lovely garden were Mrs. Lois Caine, Mrs. Hodgdon, Mrs. Engfield and Mrs. Hoover.

Mr. and Mrs. Jack W. Wilson of Los Angeles, who own the old Gothic ranch near Holland, have arrived to look over their place and spend a few days fishing.

The Orator of the Revolution

"Give Me Liberty or Give Me Death."—Patrick Henry.

"FORBID it, Almighty God!" thundered Patrick Henry in the Virginia Convention at Richmond, in 1775, in a speech typical of "the explosive temper of the time."—"I know not what course others may take, but as for me, give me liberty, or give me death!" The orator of the Revolution had been found. It was Patrick Henry who established before the American people that government was a contract between King and people and that the violation of such contract by the King was truly an illegal act.

TRANSCRIBED DECLARATION
NEITHER Thomas Jefferson nor John Hancock was the penman who transcribed the Declaration of Independence. The actual work of transcription was done by Timothy Matlack.

Hull & Hull Funeral Home

Virgil Hull, Manager, County Coroner

All calls given personal attention. When it is necessary to seek services of this kind, just call 334 Grants Pass or stop at 502 North 4th street.

For years this eminently capable mortician has been identified with the profession of funeral directing. During this time he has promoted such high ideals of service that he is numbered among the foremost in the profession in this section of Southern Oregon.

The personnel of his organization is composed of highly skilled men, who receive with great pride the unflinching commendation from the bereaved families whom they have served. The aid and assistance given at these times are not merely matters of perfunctory courtesy, but of real sincerity and sympathy.

The highest standard of service

complete, comprehensive, within the means of all, in surroundings of beauty and dignity.

The equipment is thoroughly modern and up-to-date, whether it is desired for the very young or for older loved ones. Of course he has ambulance service, a lady assistant if desired, and all calls are given personal attention. They have a natural fitness for this profession, as those to whom they have served in their home of need will testify.

Hull & Hull have given this profession the finest study, their one idea to give a distinctive service that would merit the most favorable reputation they have acquired.

We are pleased in this service to call our business attention to this deserving firm. They congratulate us on our newspaper addition to the county.

FIXSEN WELDING WORKS

This is the welder who has so many different types of rods for different types of work. He can weld cracked boiler—no "soldered" or doped but WELDED; can build up shafts and metal surfaces, auto and truck bumpers, without dismantling your car or truck. He can put teeth in any size gear and will guarantee them to outlast any other teeth in the gear. He welds any kind of steel, bronze, copper, monel metal, carbon, chromium, vanadium, and stainless steel. When you have a tough job, he can weld it if anything can be done. He can weld anything from the break o'day to the crack of doom—anything except a broken heart. Has a portable outfit and can go to the job if the job can't come to him. He satisfies others and will satisfy YOU. He likes lazy jobs but seldom ever quits one. He lives up to his name in that he is "fixin' duty, broken machinery that owners say "It can't be fixed." He works on mining machinery, lumber machinery and ranch jobs as well.

This man, Fixsen, the mogul of Grants Pass Welding World is known locally without our humble aid to help him on up the ladder of success. Stop any day at 7th and "H" streets, Grants Pass or Phone 194 J.

The fact that their service is so comprehensive is a great convenience to the public, for no matter what you may desire you do not have to run around from place to place to have the work completed, you can just call them over the phone.

"We congratulate you on your newspaper venture," says Fixsen.

DR. WINNIE J. WALTON

Modern science has brought to us the most scientific remedy for all ills, "Chiropractic." Rheumatism, pleurisy, constipation, appendicitis, chronic headache, stomach, lung, heart, kidney or bladder troubles, all are successfully treated with Chiropractic. Thousands everywhere are now endorsing it as the most scientific method of regaining health in the present day. It is a most effective treatment for relief of women, free from the embarrassment of other methods.

Dr. Walton is a lifetime chiropractor of note. Her scientific training together with her practical experience has given her an understanding of any and all troubles that the human system is heir to. Pay her a visit.

You will find her courteous, pleasant, and most efficient. She is a professional woman of ability who will give results or frankly tell you that she cannot help you.

Do you know that eye, ear, nose and throat troubles are not effectively eliminated by Chiropractic? No matter what your trouble may be, call Grants Pass 148 or stop personally at 517 H street.

Dr. Walton uses colon therapy and electro therapy with advanced modulation in short wave and ultra violet. It is a pleasure to point out to you a professional woman of such standing, education and ability.

She congratulates Cave City on being progressive and supporting a newspaper now.

CITY MARKET

One of the most important services made available by the establishment and business activity of the City Market and Slaughterhouse is represented in the fact that it provides a ready market for livestock produced in this section. Doing this, it not only makes it possible for a small producer to immediately market a small number of hogs or cattle, but also gives the producer the advantage of prices with no feed, yardage or commission charges deducted as in other cases.

In a like manner the company is able to offer consumers a very high grade line of meats that are of necessity in a fresher condition than those shipped in from some distant packing company.

This firm slaughters for local consumption hundreds of head of livestock in the course of a year, with the result that manufacturing cost, as represented to a great extent by wages to employees, is not distributed in some distant community, but rather kept in the local field, where it is ultimately

distributed in the county.

City Market and Slaughterhouse, phone 32, as writes Edith Harbeck, Jr., 504 "G" street, Grants Pass. The slaughterhouse is located at the junction of the Redwoods highway and Murphy road.

Another thing of importance to this section is that through taxes on their holdings, they are heavy contributors to county and municipal expenses, a thing, of course, which is not true of firms whose offices and packing plants are in distant cities. The employees and executives of this firm are, for the most part, home owners in Grants Pass and their profits which are not reinvested in the business are invested in other ways which are beneficial to Josephine county.

They sell the same meat they have on their own menus at home. The Market is located at 501 "G" street.

They congratulate the Illinois Valley News for its progress.

JOSEPHINE COUNTY ABSTRACT CO.

In the first days of the settlement of all communities, the question of title to property always caused a certain amount of confusion. While Josephine county has had its inning at this feature of settlement, today this has all been done away with through the efficient service of this modern abstract company, that specializes in this business. The Josephine County Abstract company line at the corner of 4th and 5th streets in Grants Pass, Oregon, is the most complete in the county, from the scope of the study which covers to the present day.

With access to all the information that the company has placed the practical operation of the company in this and adjacent lands.

Those people who particularly are interested with the analytical and searching examination that renders them safe and conservative in the examination of titles. There is no detail that is not

given the most painstaking attention, while the history of their business operations show that they have always been so.

People desiring to purchase land in the county can consult no more competent and reliable authority on the title, and values of proposed purchases than the Josephine County Abstract Co., with offices in the Masonic Temple building, phone 267.

Established in 1906, this really is one of the pioneers in business or professional life of Grants Pass. James Martin, president and manager states that they can obtain title insurance from the Title & Trust Co., or Pacific Abstract & Title Co., of Portland for those who wish this service.

They are well known and reliable people, upon whose information, service and advice you can depend, and are loyal supporters of all propositions that promise public improvement.

LAVONA'S BEAUTY SALON

Once upon a time, so the story goes, when Father Adam was even more tiresome than usual, Mother Eve pressed scarlet poppy petals to her cheeks and became the world's first beauty. Nowadays the beauty shop described here gladly aids modern maids and matrons to keep their youthful beauty and charm, with permanents, oil machineless, too; finger waving, resets and other special methods of hair arrangements of the most attractive and exquisite kind. Every up to date aid to beauty is ready for you at this dainty shop. Every beautifying service is added as approved by cosmeticians and beauticians trade. Glorifying American women is their slogan. Lavona Nelson, manager, informs us: They have recently installed the Arno Steamer Scalp treatment, the only one in Grants Pass with two operators they find some times they even have to open shop in the evening, this is by ap-

pointment only.

They are known as "creators of charm" and hundreds of pleased women will recommend their wonderful effective service to you. Beauty is Art—and are is beauty. Therefore beauty not cultivated is soon lost. Make appointments here NOW—and you will be glad. We have teased you along it seems, the name of this shop is Lavona's Beauty Salon in Del Rogue hotel building or phone 254 for appointment.

Only cool beauty shop in the city. Modernistic interior and appointments, too.

Another fact that isn't a testimonial, but an overheard conversation heard by the sleuthing reporter. This is the statement of a Portland lady who states she never was in such an accommodating shop and they invite you back to comb your coiffure for you, free of charge. There is a little (extra) in each beauty glorifying service.

BROOK'S HATCHERY

This firm conducts one of the largest and most modern hatcheries in the west and annually produce nearly a million baby chicks. Their hatchery is in Grants Pass on E. "N" street or phone 145-J, and is known all over the country. They are people of wide experience in this important business and are considered authorities upon all matters pertaining to baby chicks as well as all kinds of poultry. They have "started" chicks and also do custom hatching. The chicks are priced at \$9 per hundred if bought directly. They have them from one, two and three weeks old. The Buckeye Electric of 16,000 capacity is used.

In the short season now, they are hatching from 1300 to 1500 weekly. In busy season they run about equally hatching. Mr. Brooks has 19 years in hatching and poultry work, five years in Grants Pass. Working, stock and grows 4250 100 hatched. They have some pheasant eggs in this

weeks hatching.

Their baby chicks are sturdy and full of pep and those who have purchased baby chicks here invariably reorder from this firm when they are in the market again.

One of the recognized principles of farming along scientific lines today is the raising of all kinds of poultry. It is because of the excellent service and the desirable market afforded by such houses as that operated by this well known firm that this feature is receiving more attention from the farmer of today and progress along this line is particularly noticeable in this community where the producer knows that he has at his command such a modern and satisfactory service with regard to baby chicks.

Send at once for their special price list containing their remarkable prices, or send in your order at once direct, specifying delivery date desired.

GRANTS PASS BAKERY

With the latest and most modern machinery. This firm has spared no expense in the installation of complete sanitary equipment for the economical production of fine baked goods. In fact, theirs is just the kind of a plant you would want your bread made in. By the means of automatic machines the bread is scarcely touched by human hands during the entire process of baking. Visitors are invited. Stop at 504 G street or phone 32, Grants Pass. See that in your next grocery order you include a loaf or two of Perfection bread.

Congratulations to the Illinois Valley News from the Grants Pass Bakery.

Nothing is used in their products but the best grades of flour, pure milk, sugar, salt, shortening and other ingredients, and they are mixed and baked under the cleanest and most sanitary conditions by skilled bakers, makers of Kahl's Perfection bread.

The first requisite in making good bread is to equip the plant
