How Many Passengers May Be Carried in An Automobile?

There is no legal limit on the number of passengers, except as applied to the driver's seat. Two other adults may sit beside the driver, but no more. Passengers must not be allowed to sit so as to crowd the driver.

Persons sitting in the rear seat must not cut off the driver's view to the rear. It might also be well to mention that overcrowding of an automobile is no more dangerous than is rough-housing, shouting, jostling, or otherwise interfering with the driver's handling of the car. The driver's job is a difficult one at best, and inconsiderateness on the part of the passengers is often the last straw leading to a serious accident.

Must One Sound His Horn at Blind Corners on Narrow, Twisting Road?

Yes. When one is traversing ravines or mountain roads the state law requires that one's horn be sounded when approaching any corner where the view is obstructed within 200 feet. The law also requires that one drive as close to the right-hand edge of such roads as practicable.

We have become so accustomed to thinking of traffic safety in terms of high-speed highways and city intersections that we are apt to forget about safe practices on little-used lanes and mountain roads. These spots are often most dangerous for this very reason. We should remember to observe proper precautions and obey the law just as diligently on a rutted trail as on a four-lane highway.

Grade School Elections To Be Held Monday

Grade schools throughout the county will hold their regular yearly elections Monday, June 20th. All those interested in the schools should make an effort to go to their respective schools and vote.

Kerby grade school elects a new director and clerk. Wm. McLean's term is out this year and a new director is to be elected as well as a school clerk. Mr. McLean has signified his intention of retiring from the board and does not care to run again. C. Y. Arnold of the Arnold grocery in Cave City will be a candidate if the people want him, but he does not care to push his own candidacy. He is leaving it up to the voters.

Mrs. George Thrasher is the present clerk. Mrs. Thrasher is leaving the district, consequently a new clerk will have to be found.

The school polls will be open at 2 p. m. The Kerby school district takes in Kerby and Cave City.

The high school election will be held, Monday, June 27th.

FROM the preceding lessons we have learned that the first, or Finger of Jupiter, indicates the degree and kind of power and purposefulness of its possessor. We must look not only to the conformation of the finger but also to its position on the hand in order to arrive at accurate conclusions.

A forefinger which leans or crooks toward the finger next to it partakes of the qualities of that finger. The Finger of Jupiter which inclines toward its neighbor indicates that purpose is strongly controlled by reflective foresight. And the manner in which it inclines denotes the kind of foresight, whether studious, gloomy, optimistic or doubtful.

The Overcautious Finger of Jupiter.

Three outstanding characteristics mark this type of forefinger: (1) Shortness as compared with the length of the second finger; (2) prominence of the middle joint; (3) pronounced angularity of the inclination toward the second finger.

The nail joint may be either squared or tapered, with a flat though sometimes sharply ridged nail deeply set. In fingers falling within this classification, the entire length may have a stiff resistant feeling under backward pressure.

When you encounter a forefinger of this type, you will make no mistake in placing its owner as a man or woman whose initiative is often stifled by an aversion to "taking chances." Conservatism which becomes unnecessary weighing of pro's and con's is very likely to keep such folk from the enjoyment of life which should otherwise be theirs.

Mrs. Robert William Brown of Gary, Indiana, arrived today with her sons, William Gilbert and David Combs, to spend the summer at "La Casa Willadora." Robert is the son of Dr. and Mrs. William A. Brown. He is a foreman in the Gary Steel Mills.

Mr. and Mrs. R. E. Wadsworth of Camas, Washington, arrived this week and are visiting at the home of Mr. and Mrs. W. C. Runyan for a few days. Mr. Wadsworth is a son of Mr. and Mrs. Runyan.
