New Books Donated To Kerby Library

Thanks to the courtesy of A. L. Mallory of CCC camp No. 5483, 19 good books have been added to the Kerby library. A new supply of books has also been obtained from the County library. Hereafter there will be a fine of 1c per day on books kept out overtime. Each person is intitled to two books at a time, and may keep them two weeks. They may be renewed, however, for another two weeks, unless they are popular books from the County library which must be returned within a certain time. This time limit will not apply to students taking out books for school work, however. Students may arrange with the librarian to keep books out as long as necessary.

Postmaster McLean Gives Information

Postal Patrons:
When you mail that friend or loved one a package or gift, you are sending the a token of your friendship or love, and your kindest thoughts go with your gift, you do not want those thoughts or kind intentions marred by the arrival of your package in poor or bad condition. Show your appreciation of that friend or loved one by taking every precaution that your gift arrives in time for Christmas and in GOOD condition. Pack your parcels so that the contents cannot be damaged or broken in transit, mail them early to assure delivery in time for Christmas. Insure your package for your own protection, request a return receipt so that you know that your parcel has been received and when it arrives. A return receipt can be had for a cost of

only three cents. Insurance can be had at a very small cost. If it is impossible to mail your package early, send it by special delivery so that it will be delivered as quickly as possible. Airmail is also available for packages; the rate is 6 cents per ounce.

Elks Smoker Given for Benefit Of Kiddies

E. S. Heydenburk has been appointed general chairman of the Elks annual smoker, to be held December 17, to raise funds for the kiddies Christmas party and treat on December 23. Mr. Heydenburk will have as his assistants, Fred Roper, D. H. McCargar, Jim Lium, Mervin Chastain, L. G. Gates, Loren Cooper and Louis Stidham. The Elks anticipate 2500 kiddies at their party this year, and are making preparations to entertain and give treats to that number. Last year's party saw the Elks play Santa Claus to 2100 youngsters and to 1800 the year before. Open to every man, the smoker will provoke entertainment to please all who attend.

Many applicants for Oregon drivers' licenses have a very hazy idea of the things they are required to do in order to pass the actual driving test for the license. After studying the Operators' Manual, which gives a complete summary of the motor vehicle law relating to driving, they are not sure how much ability and experience in handling a car they must

have. Here is a brief survey of the maneuvers which are covered in the driving test — maneuvers which the applicant must complete correctly and with reasonable skill and confidence:

Starting—Must look around before starting, shift gears properly and start at reasonable speed.

Stopping — Must give signal, stop gradually and set handbrake.

Turning—Must turn from proper lane, give hand signal, look in mirror and make turn without swinging out or cutting in too far.

Backing—Must watch path of car and steer in correct line.

Parking—Must bring car within correct distance of curb, signal before leaving parking position, and must not hit other cars with jolt.

Traffic Signals—Must stop on red and must not start too soon or too late on "green." Must not run through "amber" if possible to stop smoothly.

Signs—Must observe all "stop", "caution," or "warning" signs and must notice direction signs.

Passing—Must wait for clear space ahead, avoid passing on hills and blind curves, pass at

proper speed and must not cut in too quickly.

Hills—Must be able to shift gears on hills and to stop and start without rolling backward.

Speed—Must be able to adjust speed to conditions without lagging or driving too fast.

In addition to these things the examiner takes note of the applicant's attention, attitude toward other drivers and miscellaneous faults or abilities.
