MEETING "PROSPERITY"

No. 2
Last week we broke the ice on how to get acquainted with "Prosperity." This week we will try to give more details on how to cultivate this much talked about fellow.

In the first place one must have a sincere desire to make his acquaintance or the motive is lost. Taking it for granted that you want to know "Prosperity" better, we want to begin with the statement that success is two per cent inspiration and 98 per cent perspiration. In other words one must work and work hard to meet him.

Here are some things to do that will bring this fellow closer to you: When you are combing your hair in the morning looking into the looking glass, tell yourself what you want and what you want to be. Make up your mind definitely what you want. Then tell yourself as you are looking at yourself in the looking glass, "that's what I want and that's what I want to be. Say it time and time again, sternly, honestly, like you meant it and believed it. This will give you needed confidence, and help you to believe that you can meet "Prosperity," and I assure you, that the very minute you believe this, that very minute "Prosperity" is in your grasp.

It is very important that you keep everlastingly saying to yourself what you want. Keep saying it all day, never let it out of your mind. When you do this, soon you begin to believe that you can get what you want. Then you are fast on your road to success. Keep at it. Believe in yourself and the things you want.

Looking in the glass at yourself is not foolishness. It is serious. You are a fool if you will lie to yourself in the glass. Talk to yourself and tell yourself what you want. If you are sincere, it works. Try it.

SCHOOL PLAY GROUND ROCKY

It has come to our attention that the Rocky Dale school ground is in need of a lot of improvement. It seems that the play ground is in an old channel of a river or creek and is full of rocks of various sizes. This is the yard that the children have for a play ground, and it is absolutely not necessary.

A good movement would be for everyone, who can so arrange their time, to gather at the school house on a definite date and all pitch in and remove the rocks and haul a little dirt to fill in and make a decent play ground for the kiddies.

If a Saturday can be arranged for a date, the Illinois Valley News will supply one man to help with this work. All the work must be volunteers and some of the good ladies, we know, will supply a noon day lunch to those who are working.

We would very respectfully suggest that the board of directors name the day that they would like to have the boys and men come and then we would let all know what is wanted and get the work done. Time is important and the work should be done before snow flies, if it is possible.

A dozen volunteers could make a fine play ground for the children in one day, and we know that many more would volunteer a day for this work.

NEUTRALITY LAW

The President asks that our neutrality law be changed. Some writers have insisted we have broken the act by sending flour to Spain and loaning China money.

They do not have a word to say about the scrap iron that was sold to Japan. The hard part to understand is where the neutrality act comes in, in the first place.

Japan has not declared war against China so there is no war as far as the world is concerned. Then why should we be restricted in selling goods to China?

It seems to be the right thing today not to declare war. Just send your army in and take the country and that's that. Italy took Ethiopia and Germany took Austria, while the rest of the world looked on, and now Japan is doing the same to China.

Where Hitler will stop no one knows and what Italy has up her sleeve is another big guess, so the United States and all other democracies had better get busy and prepare for the worst. It would be a crime to have us caught unprepared as we were in 1898 and 1917.

Hitler's spies have obtained a great many of our military secrets and so has Japan but there are some they have not been able to get. What do they want them for? Surely not just to play checkers with.

Those countries that refuse to respect treaties should be carefully watched. The people who emigrate to the United States from those particular countries should all be deported unless they take our citizenship papers, at least this is the way we feel about it.

By changing our neutrality law and being prepared for any emergency, we will be in a position to tell all dictator nations to go to—It wouldn't be polite to mention the place.

but they are all willing and before the season is over they will give a good account of themselves.

Manager Eddie Martin says the new ball arrived Wednesday and part of their suit order, and expects the entire team to have their suits before long.

Last Tuesday night they played the Cave Shop team at Grants Pass. The Cave shop team is composed of teachers and coaches, so the local boys do not feel the game was as one-sided as the score shows.

The game was stopped a few minutes after the second half opened when the locals attained the required number of points under league rules. Hibbard and Erickson led the onslaught with 15 and 14 markers, respectively.

The lineup:
Cave Shop 40 (8) Kerby
Finlay 6 F Nealy
Hibbard 15 F 2 Dixon
Erickson 14 C 1 Morris
Keith 1 G 2 Turner
Jones G Boyd
Madden S 2 Laws
Putnam 4 S 1 Martin

Referee: Topping.
Jack Benny, popular radio star, has been indicted for smuggling \$2,131 worth of jewelry into the United States. He pleaded not guilty.

Illinois Valley Team Improving in Play

Illinois Valley basketball team which was organized a short time ago, has 10 members now, and while the boys have not won any games as yet, they are on the way to make a good team.
So far they have not had a chance to practice all together,

Winter Arrives—Officially

Though snow has long since fallen in the northern United States, old man winter makes its official debut on December 22, staying with us until the vernal equinox on March 21. To celebrate the occasion, Eugene Barton executes a skillful Christiana atop Old Baldy in Lassen Volcanic national park, California.
