MEETING "PROSPERITY"

Our campaign aimed to show how "Prosperity" can be brought to all of us is causing considerable thought among some of our readers who have started their scrap book and are going to follow through. There has been many queries concerning the book, "T. N. T.—It Rocks the Earth," by Claude M. Bristol, the theme of which opened our eyes to the great power existing in every man and woman. In view of the fact that no distributor in Southern Oregon carries this book, we have made arrangements with the publishers to get a limited supply of this result getting book which may be obtained for one dollar. The book will make your study of this interesting theme much clearer, and we positively know anyone who follows through with this theme, gets what they want.

The following "Tap" from Mr. Bristol brings us a mighty fine thought. Take it and digest it, and when someone tries to "tap" you down, give them the works the other way:

Into my home a few days ago came a woman to ask me how she could get her husband interested in this subject:

"He's the worst kind of a scoffer," she said. "He will not accept any of this science. Says it's rot and a waste of time. I just can't understand why he won't open his mind. He represents a large fire insurance company and when he goes out on the road to contact his agents, and returns, I am in for a siege of lamentations that would get most anyone down. He tells me what a tough time he's having, how this agent and that agent is complaining about business. He listens to them all and sympathizes and agrees with them.

"I understand this theme enough to know that when he does that, he enables the power of suggestion to work on him and naturally he permits himself to get tapped down to the point where he, too, begins to believe that business is going to the dogs and he does not get any business. Then he continues the vicious cycle until sometimes he nearly gets me to believing that we're going to land in the poorhouse.

"He talks tough times, no business, etc., all of the time, and yet I know there is business for I see the reports of other companies, and know men in other companies that are enjoying prosperity. My husband says that these fellows are lucky."

Well, all of you can imagine what I told her. His business will be decidedly on the fritz as long as he lets his agents tap him down and as long as he believes it. When he changes his slant and begins tapping his agents up instead of letting them work on him, he'll start climbing again.

LEW HAMMER'S FIRE

While Lew Hammer's residential fire is indeed regrettable, nevertheless there is a lesson therein contained if the residents of the valley will heed it.

In the first place, all rural residents, and those in town as well, should have their pump for water connected so it would not become useless if the building or house catches on fire. Have your pump meter away from the house or other out houses, and then you will have power to operate the pump in case of necessity. If it is attached to your house wiring, when there is a fire the power is cut off and your pump is useless.

Another fact that was brought forcefully to those at the beginning of the fire was that there should be a fire telephone ring that every station on the line would recognize immediately and go to the phone and find out where the fire is. The Cave Junction fire truck would respond to any fire in the valley if notified and so will the Forest Service truck and the Kerby truck. If all these are notified immediately, much damage can be averted. But some means of quick notice through the telephone should be understood.

BRIDGEVIEW COMMUNITY CHURCH

Sunday school 10 a. m.
Preaching at 11 a. m.

Easter Sunday was the busiest day so far this year at the Bridgeview church. We hurried through with Sunday school and used the time for an Easter program.

All the young folks took part. Some gave readings and others rendered musical selections, both instrumental and vocal. This was followed with a sermon on the resurrection which we called, "The Reason Why." In the evening we had an old time sing song which was enjoyed by all, especially the CCC men who really enjoyed singing. They made two trips Sunday attending both the morning and evening services.

The evening sermon theme was "Thou Art Weighed in the Balances, and Found Wanting." We plan to speak Sunday morning, April 16 on "Cooperation," and in the evening a different type of sermon called "The Ninety and Nine."

Ed Wright, pastor.

EASTER SUNDAY PICNIC

An Easter picnic that was thoroughly enjoyed by the participants was held last Sunday on Oregon mountain. Those attending were Mr. and Mrs. R. S. Leonard and family, Mr. and Mrs. Harry Smith and family, Mr. and Mrs. John Smith and family, Mr. and Mrs. A. A. Johnson, Mr. and Mrs. Freiling Sawyer and son Phil, Mr. and Mrs. Clarence Sawyer, Mr. and Mrs. Herbert Watts and Mr. and Mrs. Morris and their daughter from Salem.

CCC Boys Defeat Both Cave Junction and Kerby

Last Sunday afternoon a double header soft ball game was played on the diamond at Cave Junction between Oregon Caves CCC boys, Cave Junction and Kerby.

The first game was between the CCC's and Cave Junction the former winning 21 to 5. The winner of this game played Kerby and again the CCC boys won by a score of 10 to 4.

Next Sunday afternoon Kerby will play the CCC boys again at Cave Junction. There is no admission to these games.

Des' Garage Enjoying Successful Business

Located on the Caves highway, just east of the Villair Lumber company mill, is a neat garage known as Des' Garage, D. W. Byrne, owner and proprietor, chief mechanic and the whole works. Des, as he is familiarly known to his many friends, does most of his own work and does it willingly and with a smile.

While only in business for about a year, this garage has enjoyed more than its share of the work of the valley, and most of it is attributed to the personality of the owner, D. W. Byrne.
