## MEETING "PROSPERITY"

Our campaign aimed to show how "Prosperity" can be brought to all of us is causing considerable thought among some of our readers who have started their scrap book and are going to follow through. There has been many queries concerning the book, "T. N. T.—It Rocks the Earth," by Claude M. Bristol, the theme of which opened our eyes to the great power existing in every man and woman. In view of the fact that no distributor in Southern Oregon carries this book, we have made arrangements with the publishers to get a limited supply of this result getting book which may be obtained for one dollar. The book will make your study of this interesting theme much clearer, and we positively know anyone who follows through with this theme, gets what they want.

We were very agreeably surprised this week to learn that quite a few of our readers read every message on "Prosperity" that we publish, and they are trying their best to get what good they can from them.

These are the kind of people we take a great pleasure in trying to help. Those who try to help themselves. We do not blame anyone for not accepting the philosophy of this theme, or we cannot all see alike, but we know that if anyone will conscientiously apply the mechanics of this philosophy, they cannot fail to receive some benefit, and the benefit will depend on the application applied.

Some of you may think it ridiculous that we repeat the same things over and over again, but we want to call your attention to the fact, that is just what we all have to do to make this theme successful—Repeat, believe, know, keep thinking the same thing until it occurs. It will if you believe and keep thinking it will.

Don't forget that water dripping on a stone will gradually wear a hole through it. The same holds good for thought. Constantly applied thought will wear down any resistance, and if continually applied, conscientiously, honestly, it will eventually succeed, but always remember that it must be a just and good thought. This theme works both ways—It's dynamite when used for a wrong purpose.

It is our inherit birth right to have all the good things anyone can enjoy. Make up your mind what you want and keep it constantly before you. That is the way to make your dreams come true. Never for a moment doubt the result. If this is done honestly and conscientiously, you will be master of the situation and your desires realized.

## WHAT A MAN!

When William Allen White takes his pen in hand to discuss men and affairs he writes something that is worth reading. Recently the editor from Emporia, Kansas, took a trip east and visited in Washington, New York and Boston. Upon his return he wrote an editorial concerning a visit to the White House. His impressions of President Roosevelt are set forth in White's customary vigorous style:

"I found him rugged; the six years of his hard life in the White House have not broken him," says the Sage of Emporia. "Indeed he seems less harrassed by events than he was two or three years ago. He is unperturbed by the calamities of the time, husky and has lost none of his charm. We heard him talk for an hour and a quarter upon a most delicate subject to 150 editors one evening"—White was then president of the American Society of Newspaper Editors. "For the most part, at least 50-50, these editors came into the room hostile to him. They went out at least 90 percent with their guards down—pleased. The old snipe still has its pulling power; the old manner a gay candor with a light and sophisticated touch-and-go, happy, ingratiating, still magnetic.

"But Lord how they hate him. I don't mean the editors. I mean his enemies, who are mostly in the privileged classes. Not since Grover Cleveland . . . have I seen and heard such hate, such venomous, spiteful, wicked, malicious hate poured upon any man. In the last six months of his White House days, Hoover was our head devil. Upon him we visited our sins.

"How this man now in the White House, who must know how a certain section of Americans loathes him, lies about him, cover him with their slime; how he can smile and keep sweet and saw wood, i sa major miracle to this affiant . . . What a man!"

## SMART PEOPLE

Smart people make the most out of a bad situation and reverses are turned to their advantage. They may nibble at the bait but seldom take the whole hook. Dye-hards don't only nibble, they take everything in sight, hook, line, sinker and all, and then holler like the devil because they get hooked.

There never was a situation so bad, nor so good, but what it could be improved upon with right thinking and right direction applied.

"People will walk 10 blocks to spill some dirt about his fellow man, but wouldn't walk across the street to pat his neighbor on the back for doing something worth while."—Charlie Leach.

## CHURCHES

### ILLINOIS VALLEY CHURCH OF SEVENTH DAY ADVENTISTS

Sabbth School at 9:30 a. m.  
Preaching Service 11:00 a. m.  
Prayer meeting Wednesday at 7:30 p. m.

Sunday School at 9:45 a. m. every Sunday. All are cordially invited.

Geo. W. Horn,  
Sunday School Supt.

### KERBY CHURCH NEWS

Church services every Sunday night at 7:45. Pictures and lectures. Come

An interesting service is promised for next Sunday night at the Kerby church. Special musical program at 7:45, followed by a stereoptican film entitled, "2500 Years of History in 213 Words." All free. Bring your neighbors. Service will close at 9:00 p. m. sharp.

### BRIDGEVIEW COMMUNITY CHURCH

Sunday school 10:00 a. m.  
Preaching, 11 a. m.  
Preaching 8 p. m.

Last Sunday was an extremely busy day at the old church. Sunday School was good and a nice crowd for the morning sermon. In the afternoon about 30 gathered at the Sucker creek bridge and seven young folk obeyed the Lord and were baptized as the Bible teaches.

About 50 people gathered for the evening service and special music was supplied by the different musicians. The James brothers are talented young musicians and played two numbers. We always enjoy Mrs. Florence Hallock, her soprano solo furnished the evangelistic note which we try to build into every Sunday night service. She will sing for us again next Sunday night. The James brothers have agreed to bring their guitars and Gene Vance will be there with his saxophone. If you like music we advise you to come early. The speakers theme will be "Winning a Bride," a beautiful old Testament love story in type.

We are doing our very best to make these services interesting and instructive. We have no time to preach doctrine or church creeds. Our motto is, "No book but the Bible and no creed but Christ." Communion will be served Sunday morning at the church. We hope to meet you Sunday night at the "Little Church with the Big Welcome."

Ed Wright, Pastor.

### Kerby Club Organizes To Protect Homes

Last Monday evening a meeting of the Kerby fire prevention club was held at Wilson's store. Wm. J. McLean was elected fire chief, H. H. Wilson treasurer, and F. W. Jones secretary. A campaign was planned to bring fire protection to the various homes in Kerby by making use of available water. The fire truck has recently been repaired and they have bought 150 feet of new hose. Millie Trefethen has donated the use of her garage to house the fire truck and R. B. Phillips has volunteered to

to the guests and later the happy young couple left midst a shower of rice on a honeymoon trip that took them to Crater and Diamond lakes. They are now at home to their many friends in the valley at the W. A. Johnson home in Holland.

Alton Duncen has returned from Arizona where he visited with his wife and daughter.

## Print Redingote

For ultra chic you simply must have a redingote costume this spring. Very smart models are made of either navy or black silk crepe tailored to a nicety. These are "set off" with the daintiest, most feminine lingerie cuffs and collar. Just as chic and the newest thing out is the redingote of pure silk printed crepe, after the manner of the model pictured. This costume carries out the fashionable navy and white combination in that the redingote is of navy and white printed silk crepe worn over a white frock. Very up to the minute.

remodel the garage so it can be used for that purpose. Jim Hogue, George W. Horn, F. W. Jones and William J. McLean were appointed as a committee to make a survey of fire hazards in Kerby.

Rachael Thrasher, Alice Hogue, and Edna McLean were appointed as the financial committee. The next meeting was held Monday last at Wilson's store.

### Beck-Johnson Nuptials Solemnized In Medford

Last Sunday, June 25th, the wedding of Miss Frances Beck and Forrest Johnson was solemnized at the home of Charles Cingcade at Medford, at a very pretty ceremony with about 30 friends present.

Following the ceremony a bountiful wedding supper was served

## JULY 4TH

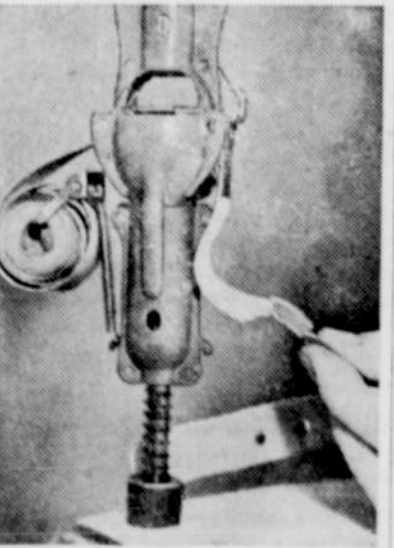

Noise—lots of loud, ear-shattering noise—is the principal ingredient of every child's Fourth of July celebration. But the danger has been removed. No longer need you worry when Junior and Sis decide to rouse the neighborhood. New mechanical noisemakers have been designed to replace exploding firecrackers and miniature bombs.

The pained expression on this young lady's face is not due to fright. The sparkler gun which she holds is guaranteed safe. It shoots out sparks, but they will not cause fire.

A paper roll is fed through this "gun." A plunger worked by compression, crashes against the paper, with the same noise effect as the smashing of an air-filled paper bag.

Working on the same principle, this gun is fastened to the end of a stick. It is fired by tapping it against the sidewalk. Manufacturers are developing more and more knock-knacks to insure a noisy, but safe and sane Fourth of July.
