And It's  
**CLEAN • COOL  
CONVENIENT • ECONOMICAL**

In warm, summer weather an electric range is a necessity in YOUR kitchen! It's CLEAN—no soot, ashes and grime, no scouring of pots and pans! COOL, too! Electric cooking ends the drudgery of preparing meals in an overheated, unhealthful kitchen. CONVENIENT in every way—instant heat exactly where you want it at the turn of a switch; automatic cooking, too, gives added hours of leisure. ECONOMICAL? Certainly! Only half as much as you'd guess it would cost!
