MEETING "PROSPERITY"

To "Prosperity" seekers—Here's what you have been looking for. We will be honest and say this week we were stumped a little on what to say. Then Good Old Claude Bristol comes to the rescue and in his book, "T. N. T., It Rocks the Earth," there is a fly leaf which explains in part what the book is all about. Here is a little of it. It's the best tonic we have had for months:

Explanation of Taps of T. N. T.

It is taken for granted that you thoroughly comprehend the theme of "T. N. T.—It Rocks the Earth" and appreciate why it gets such phenomenal results for those who sincerely and consciously apply the principles and mechanics. Perhaps there are among you those who have doubled, trebled or quadrupled your incomes or otherwise obtained amazing results and if so you know there is something "magical," something "mystical" in the constant application of positive, creative thought which the theme generates and which these taps further materially develop. However, if this progress making theme is new to you and you have yet to get a firm grip on its effective science then you will find this explanation of material help.

In the first place, everything in life, in the material world has its basis or counter-part in the spiritual, the mental world. In other words, in the world of man the thought always precedes the act, the mental picture always presages the material reality. Think about this. Everything in the world, except nature's work, is the result of thought—the sustained thoughts of human beings like yourself—contacting that undefinable "Something," that divine spark or whatever you wish to call it, which exists within all of us. You are aware that if you can contact that "Something" or fan and develop that inner spark and keep it blazing at white heat, you will make lightning like progress.

Once your inner power is turned on or the divine spark kindled into flame which is done by constant repetition of the same positive thought until it becomes a matter of conviction or deep rooted belief, the seemingly impossible is done for it is the law: THAT WHAT YOU THINK AND KEEP CONSTANTLY IN YOUR INNER MOST CONSCIOUSNESS MATERIALIZES OR EXTERNALIZES ITSELF IN SOME MANNER, SOONER OR LATER—it puts you in tune with the universal thought stream, the sources of all creative ideas and the reservoir of power—because, in the words of the late William James, father of modern psychology in America: "BELIEF CREATES ITS VERIFICATION IN FACT." This is incontrovertible. Religion and philosophy assert it; history and science prove it.

If you have given thought to the subject, you know that nothing ever great is done in this world except through faith or belief which in itself is only sustained thought carried to the inner most recesses of our very souls. All faith, all belief is engendered and kept constant through repetition—repetition of the same mental suggestion—a science known to the wise men for centuries but the explanation of its dynamic and powerful force, for obvious reasons, usually withheld from the majority of people. In this science of mental suggestion is found the explanation for all of the so-called miracles of all times. From time immemorial the statement has come to us: "Nothing is impossible to the person who has faith." While the book T. N. T. has shown you the way to generate faith in yourself for accomplishing, these taps serve to keep that faith, that belief alive and steadfast and by constant repetition build it more powerful day by day.

Cut the above out and save it. We will try to give you the rest of it next week. Then keep the whole together and read—read—read.

Don't get stuck up! Remember, many a nice little office peach gets "canned."—Selected.

If your riches are yours, why don't you take them with you to the other world?

Preaching 8:00 p. m.
Prayer Meeting, Wed. 7:00 p. m.
Orchestra Practice, Sat. 7:00 p. m.

Another Armistice Day anniversary has passed and still there is no peace except in some hearts there is the "Peace of God."

Mrs. King delivered the morning address in which Christians were admonished and encouraged to enjoy a closer walk with God. Paul Kees gave an interesting talk to the young folks meeting on "The Christian Diet." The house was filled with about 90 per cent for the evening service and listened with intense interest. We enjoyed hearing "I Do Believe the Bible" and duet "Over the Top for Jesus" which prepared us for the evening message on "The Armistice." About 42 CCC men attended our meeting and a hearty welcome is extended to them all. Already preparations are in the making for a Christmas program.

Attention Farmers—

O. K. Beals, county agent, desires to inform all those who have orders for triple super phosphate, as a grant of aid under the conservation program, must receive their orders at the car between 8 a. m. and 5 p. m. Friday, November 17th.

There are about 10 farmers in this section who have placed orders and Mr. Beals wants them to be sure and get their merchandise by Friday. Otherwise they will be charged a handling charge, they can eliminate if they will get the phosphate on Friday.

Kerby Rod and Gun Club To Meet Friday

There will be an important meeting of the Kerby Rod and Gun club Friday evening, November 17 at the Ritz Tavern at 8 o'clock.

All members should make an effort to attend this meeting as there are several matters of importance coming up for consideration.

"Tarzan Finds a Son" Coming This Week

Little Johnny Scheffeld, five years old, the most adorable and versatile child ever to appear on the screen will be seen at the Cave City theater Saturday and Sunday, November 25-26 in "Tarzan Finds a Son."

Johnny plays the part of "Tarzan, Jr." foster child of Weissmuller and Maureen O'Sullivan, who find him in the African jungle after his father and mother have been killed in a plane crash. He will thrill you as he swings through the trees with Weissmuller; rides the smallest elephant in the world, shares his jungle adventures with the almost human chimpanzee, Cheetah and escapes from lions, tigers, crocodiles and other wild animals. He touches the hearts of men, women and children making "Tarzan Finds a Son" of general appeal to all. Be sure to see this picture—it's a thriller.

Deer Creek Juvenils Elect New Officers

At the last meeting of the Deer Creek Juvenile Grange, officers were elected for the coming year as follows: Master, John Buttram; Overseer, Phyllis Barnes; Steward, Clyde Buckles; Assistant Steward, Harvey Elmore; Lecturer, Garland Barnes; Secretary, Louise Hammer; Treasurer, Peggy Hogue; Chaplain, Mary Elmore; Lady Assistant, Dora Hammer; Gate Keeper, Edward Radcliff; Ceres, Charlene Walton; Pomona, Veneta Campbell; Flora, Norma Buckles; Organist, Mary Lou Hammer; Librarian, Alene Buckles. Grandma Garbe was made an honorary member and presented the Grange with a large cake which was later served. Mrs. Maude

where he had hoped to find work. He states that he found chances for work here better than in most places and that he was very glad to return, having left Seattle just in time to avoid the earthquake.

G. A. Peterson has gone to Portland where he has accepted a position.

SUNDAY SCHOOL TAKES PIANO

The piano which the Kerby Sunday School recently purchased from the Eastern Star lodge has been moved to the church and will soon be ready for use. Donations for the piano have been generous so that nearly all the \$15 down payment have come to the hands of the Sunday School treasurer.

The remainder of the payments will be in monthly installments, the young people are making plans for Christmas music since all find it more easy to sing with the piano than the organ.
