

# Automobile Show Opens Doors to the Public Friday

With the pomp and fan fare of a real city show, the Second Annual Grants Pass Automobile show will get started next Friday evening at 7:00 p. m. and will continue Saturday night.

All the agencies in Grants Pass have entered their latest models and the general public will get an eye full when they see the new 1941 autos on display there.

Besides the automobiles, the guests at the show will be treated to an extra fine program of professional and local talent. This will give 45 minutes entertainment each evening, and for the price of admission, only 10 cents, it is well worth seeing.

Those who love beautiful automobiles, even if you can't have one, will enjoy looking at the finest product American manufacturers have ever displayed before the public.

Attend the Auto Show Friday and Saturday in Grants Pass at the high school auditorium.

## Alba Vetch Seed Is Introduced in Linn Co.

ALBANY—Linn county growers have planted 155 pounds of alba vetch seed this fall, obtained through County Agent Floyd C. Mullen. Alba vetch has the same characteristics as Willamette vetch

except that it has white instead of purple flowers. This makes it easy to distinguish from common vetch. It is believed that as soon as enough alba seed is available, this variety will completely replace Willamette vetch, which has become so popular in the south along with hairy vetch and Austrian field peas.
