

FIRST FOREST FIRE FOR YEAR PUT OUT

Siskiyou National Forest had its first fire of the season last Sunday, March 9th. A smoke was reported on Horse mountain to Arthur Cribb by a member of the Chester Smith chrome crew. The fire had burned seven acres when controlled, and originated when a wood rat's nest was fired.

Burning permits are required at all times on National Forest land and it is unlawful to leave a fire burning unattended on these lands at any time of the year. Burning permits may be obtained at the Redwood Ranger station.

ENVY

Fat Lady Bug Oh, dear! I wish I was nice and slender like Miss Wasp!

MONEY TALKS

His Secretary—One of your patients is on the phone asking about your condition.

The Sick Doctor—Tell him I'm making a slow but steady recovery. And enter the usual charge against him for a consultation.

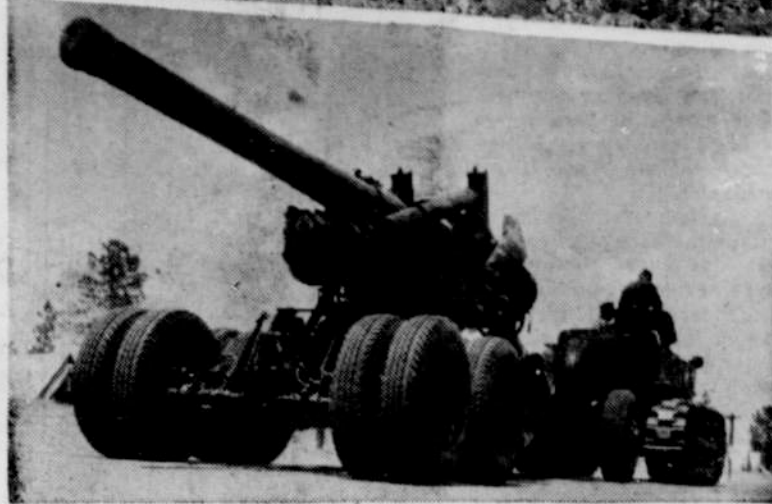

SHRINKS FROM WATER

Wife—I shrink from the water. Hubby—Well, if you and your bathing suit shrink in the same proportion it will be all right.

Send the News to your friends. It is almost as good as a letter from home.

Machines Protect America

Machines play the leading role in modern defense. Shown above are machines for soil defense and national defense. The cannon is one of a number of U. S. guns capable of long-range destruction. The earth-moving equipment at top is of a type used by many farmers in building dams and reservoirs. In 1939 farmers moved more than 11 million cubic yards of earth in performing this conservation practice, equivalent to the volume of material going into Columbia river's huge Grand Coulee dam.
