Cave City Coffee Shop

CAVE CITY COFFEE SHOP ENJOYS FINE PATRONAGE FROM TRAVELERS

The Cave City Coffee shop, Miss Victoria Jasperson, proprietor, has made many changes during the past year that will give her popular cafe room and comfort for their patrons.

One side of the building was enlarged so that now the cafe can seat 30 guests, where formerly only 15 chairs were available. New decorations were given the inside of the establishment and it has a much more attractive appearance.

The kitchen was also gone over and everything done to give pa-

trons quicker service with cleanliness and attractive dishes.

The coffee shop is in its fourth year and Miss Jasperson is giving her patrons the best service and food she can procure. It is quite a boost for that part of Cave Junction to have an establishment of the character of the Cave City Coffee shop. Last year they employed three local people in addition to Miss Jasperson and Fred Klob. This year they expect to have four local people helping in the cafe.
