SANDERS-JORDAN NUPTIALS

Last Saturday, Mrs. Lucy Sanders, daughter of Mr. and Mrs. J. E. Eckett of the Dews hotel and Wiley B. Jordan were united in marriage at the Methodist Episcopal church in Grants Pass by the pastor of the church.

Mrs. Sanders has been here for some time, helping her parents with the Dews hotel cafe, and Mr. Jordan is one of the proprietors of the Cave Junction wood yard. The happy couple came back to Cave Junction and are at home to their friends at the Dews hotel.

HEALTH CLINIC NEWS

In spite of it being a stormy day, 12 patients were cared for at the Health Clinic last Wednesday. Four of these were adults, the remainder children, two of which were of pre-school age. One tetanus and two diphtheria immunizations were given. The next clinic will be held February 10th, from 10 a. m. to 3 p. m.

Dates With Coeds On Ration List

UNIVERSITY OF OREGON, Eugene — University students this week added another item to the ration list — dates with coeds. A new plan initiated by members of Sigma Phi Epsilon fraternity rations dates on the gasoline basis with the most coupons going to the student with the best grades.

An "office of date administration" handles the system and hands out ration cards with bona fide coupons which must be clipped and turned into the house president before a student can leave on a date. These ration cards range from A cards, good for only one date a week and given to students who fall below the university average, to X cards for an unlimited number of dates.

Sufficient red tape has been added to make the system appear official, student leaders report.

BEST SEED NONE TOO GOOD FOR ALL VICTORY GARDENS

Early selection of good seed is something that can be done now toward the success of a 1943 victory garden, reminds A. G. B. Bouquet, professor of vegetable crops at Oregon State college. Seed catalogs are now arriving, including those from Oregon firms which are prepared, in many cases, to provide locally adapted strains and varieties.

An experienced seedsman is important to garden success just as is a trained medical doctor or dentist to health, says Professor Bouquet. An experienced seed dealer who knows seed varieties is much more likely to contribute to the success of the garden than one who handles seed merely as a side item, he says.

While some seed may appear at first glance to be rather expensive, the actual cost of seed for a garden is so small in comparison to the value of the products that the best seed is the cheapest, no matter what it costs, adds Professor Bouquet.

Seed that is purchased on a cost basis alone often gives unfavorable results, either with poor germination, lack of uniformity, or both. Most successful commercial gardeners buy the best seed available regardless of the price, knowing that the cost of seed is a comparatively small item in any case.

Professor Bouquet recommends early purchase of seed while full stocks are available, and also the purchase of only as much as is likely to be needed this year. Extension Bulletin No. 552 lists desirable varieties and suggests the amount of seed necessary to plant varying areas of the different vegetables.

More Farm Machinery To Be Available in Oregon

Oregon will get more farm machinery for this year's food production job than the amounts allocated under the original state quotas, Albert S. Girod of Salem, chairman of the state USDA war

Government Regulations

All service stations were allowed to have their place of business open 72 hours a week. When rationing went into effect this was not enforced. Now comes the order to limit our operations to 72 hours a week. We are compelled to change business hours as follows:

WEEK DAYS
9:00 a. m. to 8:00 p. m.
SUNDAYS
10:00 a. m. to 4:00 p. m.

New Drug Items

Have been ordered, and it will be our constant aim to stock our Drug Department with all the essentials the law will allow us to carry.

It is very difficult to get many items we have ordered, but we hope they will arrive soon, that the people of the valley will have access to standard drugs that our store can carry.

Martin Hardware & Clothing

CAVE JUNCTION

board's farm machinery committee, reports on his return from Washington, D. C. Quotas for many items will be increased by 25 per cent, and some may be doubled, Girod said. The increase is the result of WPB allocation of more materials to manufacturers. Even with the increases, new farm machinery will not begin to meet all needs, Girod warned.

County rationing committees will be advised of how much additional machinery will be allocated to each county, and will use information now being gathered through the every-farmer canvass to determine the farms where the machines are most needed.

Lions Club Will Give President's Ball

The President's ball, annual benefit dance for the relief of infantile paralysis victims, will be held Friday evening, January 29, in the Eagles' hall, in Grants Pass, under the sponsorship of the Lions club. Virgil Hull, chairman of the health and welfare committee, is general chairman of the committee of arrangements. The use of the hall will be donated by the Eagles and music for the ball is donation by Sherman Dahl and Lloyd Morrison.
