## FATHER'S DAY

Sunday, June 20th is Father's Day. Father's Day is sort of an aftermath of Mother's Day. The bright idea of honoring Mother was first conceived, and we did not want to leave Father out in the cold, so they made Father's Day.

We can't imagine why they made two separate days for the purpose of honoring our parents. We think they both should have the same day, so we could show equal love and affection for both on the same day. Of course that is merely our idea. The ones who gave the nation these paternal days, must have had good reason for what they did—so our opinion doesn't get very far. But, it's our opinion, just the same.

But let's get back to the old man of the house. We'll wager a new penny against a dime, that he will work harder getting things ready for himself on HIS day than he does on regular Sundays. Can you imagine son saying—"Now Dad, you take it easy today, I'll do all the chores."

But nevertheless, Dad, you know what the family thinks deep down in their hearts, and that's all that counts. So whatever they do to you next Sunday, you know that all the love and affection the family can bestow on you is always yours, not just on any particular day, even if they do call it Father's Day.

Here's to you Dad—May you live long and prosper.

## THE FIRE DISTRICT

We have talked with several business men of Cave Junction since our last issue and we have yet to find anyone who is opposed to forming a fire district for Cave Junction.

This is indeed gratifying, for it shows that all of the business men and property owners are thinking along the same lines—That we need an adequate fire protection program, and we need it as soon as we can get it.

We will have to present a petition to the county

### OUR DEMOCRACY

by Met

**WE'VE GOT WHAT IT TAKES TO BEAT THE ENEMY.**

WE HAVE FREE MEN WHO MAKE BETTER SOLDIERS.

WE HAVE FREE LABOR WHICH CAN MAKE MORE AND BETTER WEAPONS THAN THE AXIS CAN MAKE WITH SLAVE LABOR.

WE HAVE THE WILL TO DEDICATE OUR EARNINGS TO PRESERVE OUR FREEDOM. OUR ENEMIES ARE FORCED TO YIELD THEIRS TO DICTATORSHIPS.

**LET'S BE FREE WITH OUR MONEY—FOR WAR BONDS.**

## JAP BOMBS OF 1943

This is No. 4 in a series of 5 consecutive daily articles on the bombs now in actual use by our enemies, and the way to handle them. The Oregon State Defense Council emphasizes the fact that there is no assurance that some other type of bomb may not be used in any attacks made on the Pacific Coast but those pictured and described here are the most recent types used by the Japs on other fronts.

### 60 Kilo Solid Oil Incendiary

This bomb weighing 132 pounds is approximately 41 1/2 inches in length including tail, is blue-gray in color with red-tipped tail fins. This bomb has a filler of solidified inflammable oil which has the appearance and consistency of wax surrounding a central ignition tube of thermit. An explosive propelling charge is located in the nose of the bomb. Upon impact the fuse sets off the propelling charge which ejects and scatters the solid oil. Simultaneously the thermit has been ignited and in turn sets fire to the inflammable solid oil.

If this bomb strikes in an area in the open where it can do no harm, it should be allowed to burn out. If it strikes a structural target, however, control of the fire which it will create is a job too big for the householder. The fire department, which should be called, is equipped with what is known as fog nozzles. This type of equipment is essential to the control of fires created by such large quantities of solid oil. Because of technical difficulties a very large percentage of this type of bomb are "duds".

court asking for such a move, in turn they will call for an election, and if a majority of the property owners vote for such a district, we will get it, and at the same election elect a board to govern the district.

Let's get the petition going. Get it started and get the district organized before it is too late.

Along this line it would not be a bad idea to have a city-wide clean-up day and reduce fire hazards as much as possible. Let's get going.

## WILL WE BE INVADED?

The military authorities are taking the celebrated Korean, who gave our nation much information concerning Japanese activities, very seriously, and are expecting a Jap invasion some time this summer. Their informant says it is coming, and he has not been wrong yet.

It was this Korean who told our government that Japan was going to bomb Honolulu on the 7th of December. He told them. But no one would believe him. He has told them several other things that have happened just as he said they would, and now they are listening to him. So they are expecting the Japs to land at Crescent City.

If they do come, it will mean that the Crescent City people will have to evacuate, some going north, some south, and many, many of them will come up the Smith river to Cave Junction.

While we, personally, cannot bring ourselves to believe the Japs will be silly enough to invade the west coast, yet the information comes from such a source that it is wise to be prepared for such an event.

## NOW

### They can bar you from Oregon roads if . . .

Under the new state law recently passed by the Oregon Legislature, if you have an accident causing any damage whatsoever, or if you are convicted for any offense under the Oregon Motor Vehicle Laws, you must be able to prove you are financially responsible for \$11,000. Otherwise they can take away your driver's license and bar you from the road forever. They can even suspend your registration certificate. Failure to comply with the law may bring about imprisonment and a heavy fine.

How many men could lay \$11,000.00 on the line? Could you? An insurance policy does this for you. M. C. Athey at The News office has just the policy that will protect you, and the cost is very small. Don't gamble away your right to drive. Prove your financial responsibility for \$11,000.00 now, this easy, inexpensive way. SEE

### CAVE JUNCTION COMMUNITY CHURCH

Geo. H. Gray, Pastor.  
Sunday School—10 a. m.  
Morning worship—11 a. m.  
Young People's Society—8 p. m.

The Sunday lesson was "Our Response to God's Promises. 2 Peter 1:1-11. The Golden Text, "Whereby are given unto us exceeding great and precious promises; that by these ye might be partakers of the divine nature." 2 Peter 1:4.

Rev. Sharp's sermon was "Drawing Near to God." His text from the Bible was "It is good for me to draw near to God." I have put my trust in the Lord God, that I may declare all thy works." Psalms 73:28.

Mrs. Dow sang a solo, "The Christ of the Cross."  
Everyone is welcome to attend these services.

Victor Bidache left for Eureka last Tuesday where he will be employed at the Eureka Inn.
