Dryden Observation Post Gets Lights

The dance given recently for the Selma and Dryden observation posts, was a grand success, both for pleasure and financially. The two posts will receive approximately \$80 from the dance, and this will make it possible for the committees to make the posts more liveable for winter months. Dryden post already has electric lights, and other needed repairing will be done at both posts. The committees want to thank the public for their generous support.

SOMETHING TO THINK ABOUT

"BIGGEST FOOD BARGAIN YOU CAN BUY"

Say Nutrition Experts

"Eat Enriched bread at every meal!"
"Be sure children get enough!" So say specialists who know food values.

Now—Fluhrer's Enriched Bread is increased in vitamin content over former enriched standards.

Every slice gives your family **DOUBLE** the former content of Iron, and more than **DOUBLE** the former content of Niacin (a B Vitamin). Vitamin B1 (Thiamin) is increased

10% — and, for the first time in any standard enriched bread, a generous helping of Vitamin B2 (riboflavin).

Bread—Fluhrer's Enriched Bread—now assumes a new and more important role in nutrition. Don't overlook the fact that here is a food bargain, for there is **NO INCREASE IN PRICE!**

Where else can you get so much health-sustaining nourishment for the price of a loaf of bread?

Guaranteed to conform with the new government standards for enrichment, effective October 1. You now get more vitamins and minerals in each slice of Fluhrer's Bread.
