### CAVE JUNCTION COMMUNITY CHURCH

Geo. H. Gray, Pastor.  
Sunday School ..... 10 a. m.  
Morning Worship ..... 11 a. m.

New scholars enrolled in Sunday School were Mollie Jane Rudie in the Intermediate department and her brother Buzzie in the Primary class. Mr. and Mrs. Rudie, now living in the former Jack Hance home, were also present at church service. Other visitors included Mrs. W. Brown, of Los Angeles, house guest of Mrs. Dow; Mr. and Mrs. Geo. P. Martin, now farming the Calvert ranch; Mrs. Gladys M. Chamberlin and daughter, Nettie Ann, of Grants Pass, but soon to be residents in the valley.

In lieu of special choir number, Rev. and Mrs. Gray sang a duet, and Rev. Gray took for his theme "The Great Commission", text from John 3:16.

The next Community song service is May 7, not 17 as announced last week.

Twelve ladies of the Missionary Group met Thursday for their all day meeting, accomplishing quite a bit of work and planning for new activities for the future. In absence of the president, the vice president took the chair for the business meeting. New reporters were appointed to assist with the weekly church notes, Mrs. Wagstaff, Lee, Cross and Gray.

Mrs. O. F. Lee gave a very helpful devotional presentation on the subject of "Praise" and was asked to continue as Devotional leader until she departs again for the southland. Among other worthy activities of the group is the sending quite regularly of a carton of fine reading matter to the patients in the Dornbacher hospital in Portland, this being under the care of Mrs. Champney. There is still much need for woolen pieces.

The ladies, together with four children repaired to the home of Mrs. Sherier for the luncheon at noon, included Mrs. Burgess, Brown, Cross, Champney, Dick, Gray, Lee, Nicholson, Talcott, Sherier and Watkins.

### Beauty Parlor to Open In Cave Junction

Ladies of the valley will appreciate the announcement that Marjorie Bayless has rented the room next door to the post office and is moving furniture into the building today. She will open a beauty shop some time in the near future.

Watch for an announcement in next week's issue of The News.

truck operating and in good condition.

The only bad part of this plan, was the necessity of raising \$200 right now to repair the truck and put it in good condition. A committee will see what can be done along this idea.

There was a small attendance only 10 being there. The next meeting will be held Tuesday evening, May 9th at Clara's Bungalow cafe in Kerby. This will be a Mother's day meeting and a large attendance is wanted.

One man who read a poster telling people to "keep your mouth closed" objected for only one reason and that was because he always eats Fluhrer's Enriched Bread and didn't want to give it up.

### BLESSED EVENT

BORN—To Mr. and Mrs. David L. White at the Josephine General hospital in Grants Pass Thursday, April 20th, at 11:20 a. m., a baby girl, weight six pounds, 2 1/2 ounces. Mr. White is the son of Mrs. A. A. Johnson. Mrs. White will be remembered as the former Dorothy Hogue of Kerby. The little Miss has been named Anita Rosemarie White.

BORN—To Mr. and Mrs. Earl L. James of Bridgeview, at the Lathrop maternity home, Monday, April 24, at 12:50 a. m. a young heir, named Clarence Edward James, weight 8 pounds, 7 oz.

### CARD OF THANKS

We sincerely wish to thank all our friends for their sympathy and help and for the beautiful floral offerings during our recent bereavement, in the loss of our beloved wife and mother.

ED BURKE,  
EDDA BURKE,  
RALPH TYCER AND FAMILY,  
MRS. GEORGE TYCER.

Some people think they've done something when they buy a chocolate bar today—well, they have. And hundreds of other people do just as well when they buy their daily supply of Fluhrer's Enriched Bread.

### Colliers

Virginia and West Virginia coal, transported by water, has long been vital to New York and New England industries.

Colliers were at first sailing ships, but in 1900 powerful tugboats began to tow strings of coal barges.

In 1907 the first steamers, with large hatches and commodious holds, entered the trade, dooming sail-and tug-propelled vessels.

Today's vitally important American collier fleet carries 16,000,000 tons of coal a year from Hampton Roads to North-Eastern war industries. Colliers also transport bauxite and other strategic commodities in bulk.
