As they started to turn the corner at the old Gold Canyon Pony ranch hotel site, George Webb's car skidded and went off the grade, and turned over a couple of times.

Mr. and Mrs. George Webb received slight injuries, but Henry had some ribs cracked and a vertebrae knocked out of place. They were taken to the hospital in Grants Pass.

Henry's condition was at first reported as very serious, but as time went on, his injuries will be quickly healed. The vertebrae is the most serious injury he has. The ribs will heal and be as good as ever.

With butter as scarce as hen's teeth and points as high as the sky, it will be to your advantage to use Fluhrer's Enriched Bread because it is flavorful with less butter. Try it today.

The college craze of eating goldfish may not be so ridiculous if the points of meat keep going up. We don't know just how good goldfish are for the digestion but we have enjoyed many a loaf of Fluhrer's Enriched Bread and it contains Vitamin B1, Niacin and iron—they aid digestion.

THE OLD JUDGE SAYS...

"The war stories I like best, Judge, are the ones by the special writers overseas who live right with our troops. They give us a better idea of how our men react to things going on over there and back here at home."

"I agree with you, Sam. I never miss one of those stories in the papers or magazines. And there's one thing those writers seem to agree on no matter where they are stationed with our men...and that is that the men who have left their homes and families to go

away and fight this war don't want to come back and find that prohibition has been put over on them while they were away...either nationally or locally. They have heard about the attempts being made and they resent it bitterly."

"I agree with them, Judge, even though I don't happen to drink myself. Furthermore, I don't think it's fair for us at home to be making any major changes while 10,000,000 of our fighting men are away and have no chance to express their opinions."
