Young People's service, 7:30 p. m.  
Church service, 8:30 p. m.  
Across from Legion hall.  
Rev. and Mrs. L. W. Coor.

## CAVE JUNCTION COMMUNITY CHURCH

Geo. H. Gray, Pastor.  
Sunday School ..... 10 a. m.  
Morning Worship ..... 11 a. m.

Sunday school attendance last Sunday was 41. Visitors included Mrs. Treve Allen and little daughter; Mr. Burgess and Mr. Jerry Medcalf all of Cave Junction; Mr. and Mrs. Roy Wenger of Huson, Montana, and Miss Phyllis Miller of Los Angeles, who is here for the summer visiting her sister and family, Mr. and Mrs. W. O. Lee.

Rev. Gray took for his Scripture reading II Pet. 1:1-13, his text being Rom. 11:33, "O the depth of the riches both of the wisdom and knowledge of God, How unsearchable are His judgments and His ways past finding out!" The subject, "Values of Christianity."

Mrs. Tracy Cross, Mrs. Naomi Seat, and Miss Grace Iversen sang a trio, "Leave It There."

On Thursday, July 13, the Missionary Society met at Kumfy Kamp dining room and the day was spent in quilting. Those present were: Mesdames Gray, Boling, Wagstaff, Nicholson, Ruth Hill, Naomi Seat, Iversen and Misses Delila Hill and Helen Martin.

A letter from Opal and Eldon Johnson, our missionaries in Bolivia, was read, and those present decided to take turns writing them, one each month. Anyone wishing to communisate with them, their address is Poopo, Bolivia, South America. Letters from the hometown would be very much appreciated by them. We owe it to them, and to God, to uphold them in prayer and to encourage them with letters and news from home. Let's make it a habit to write them regularly.

There were 50 or more present at the "Sing" Sunday afternoon and an enjoyable time was had by all. The next Gospel Sing will be August 13.

## POULTRY MEETING IN MEDFORD FRIDAY EVENING

All poultrymen of Josephine county are urged to attend a meeting of poultry producers in Medford, Friday evening, July 21 at 8:30 p. m. in the court house auditorium, according to word received by Jens F. Svinth, county agent.

G. C. Keeney, manager of the Pacific Cooperative Poultry Producers, Portland, will be present to discuss the possibilities of increasing returns to poultrymen of Southern Oregon through cooperative marketing. More definite arrangements may be made to establish a branch or receiving station of the cooperative office in Portland, thereby assuring local poultrymen another definite outlet for marketing of eggs.

If your neighbors are the kind that borrow from you almost every day, we know you must wonder what you can do to stop it. Now, say they come to borrow bread... No doubt, you eat Fluhrer's Enriched Bread... this is one of the most difficult problems to answer because once they start eating it they'll naturally want more.

BUY WAR BONDS

JOHN KIERAN, famous star of "Information Please", answers the question

# WHAT DESTROYS AMERICA'S TIMBER?

Each year 210,000 forest fires destroy more than 3 billion board feet of America's timber—a critical material during war, a vital one during peacetime reconstruction.

Lightning starts 10% of these fires—fires that also kill wildlife, cripple watersheds, and drain 1 million man-days of labor from factories and farms each year.

But undisputed champion of damage by fire to our timber is **Homo Americanus**—people like you and me. For every year, honest, earnest, law-abiding American citizens cause 90% of our 210,000 forest fires.

Of course, no person who starts a forest fire ever "means to". Just as no one ever means to shoot an "unloaded" gun. He becomes temporarily forgetful, instead; temporarily "blind" to reason.

A neglected campfire, a still-smoldering cigarette "flipped" away, a half-burned match—little acts of carelessness that even in normal times burn over 31 million acres of American forest every year.

And what's going to happen this year? This year when there are fewer men to police our forests and practically no one to fight fire?

It is important that **YOU** Remember these rules

- 1. CRUSH OUT** your cigarette, your cigar, your pipe ashes.
- 2. BREAK** your match in two, then pinch 'till it's dead.
- 3. DROWN** your campfire; then stir and add more water before you leave.
- 4. ASK ABOUT THE LAW**—and a permit—if you must burn; then follow safe rules and kill every spark.
- 5. ALWAYS BE CAREFUL.** An extra minute of precaution may save vital watersheds and a hundred years of forest growth.

## THIS IS AN EMERGENCY!

Something's got to be done **right now** about brush and woods and forest fires in America. We face enormous losses—in watersheds, timber, water power and manpower—unless you who **might** start such fires are extra careful. So please remember these rules. Please memorize them. Remember that this year, with so many men away, there may be **GREATER DANGER THAN EVER** to America's woodlands and forests

# Prevent Forest Fires

GREATER DANGER THAN EVER!
