

Mrs. C. L. Zarnecke of Wichita, Kansas, arrived in the valley this week to visit her sister and family, Mr. and Mrs. Chas. Vanarnam of Holland. Enroute she visited her daughter and family in Portland.

Last week Ferris Parker killed a cougar just over his fence on the Martin Maurer ranch near Holland. The rumor is that the cougar's intentions were to help straighten out the hog situation as he had his eyes on some mighty fine pigs.

RAILROADS LOOK AHEAD TO BETTER POSTWAR SERVICE

While the railroads of the nation are now engrossed with the handling of the tremendous war load, they are going to be ready when peace comes to provide the best transportation service in history, W. W. Hale, vice president in charge of system freight traffic for the Southern Pacific company, told members of the Pacific Northwest Advisory Board at their meeting in Seattle recently.

Specifically, Hale pointed to the many improvements which have been made in railroad plants to expedite war traffic, including enlargement of terminals and installations of new facilities, such as Centralized Traffic Control (an electrical device for directing train movements by remote control to increase the capacity of single-track railroad) on which Southern Pacific has spent millions of dollars.

"How far or how fast we may go in the post war period depends upon two principal factors," he continued. "One of them is how prosperous producers and shippers are. The other factor is the competitive situation with respect to

THE OLD JUDGE SAYS...

"Judge, I've had a lot of calls for that book you took out last week. 'Tell the Boys Back Home'. How did you like it?"
"Fine, Sarah, fine. . . it's just the kind of book I like to get hold of. . . I enjoyed every word of it. Wish I could have been along with the author myself. . . actually living with the men right on the fighting fronts. He got mighty close to them and they certainly opened up their minds and their hearts to him."

"There were lots of new things in the book I hadn't seen in any other reports from front-line writers. But there was one question the men asked the author that I have seen time and time again in these stories. That was 'Are you going to put prohibition over on us soldiers again. . . and without getting our vote?'"
"I noticed that, too, Judge, and I think the least we can do for those fighting men who are doing so much for us is to respect their wishes on that subject."
