**RPM HEAVY DUTY MOTOR OIL** is a heavyweight champion built to bear big burdens. With trucks and tractors working overtime, carrying bigger loads than ever, engine parts are taking a terrific beating—and engine parts are scarce. You can cut wear to a whisper with RPM Heavy Duty Motor Oil, specially developed to make heavy loads easy on engines.

For gasoline and certain Diesel engines, RPM Heavy Duty Motor Oil contains special compounds that keep engines clean, prevent ring sticking, resist formation of carbon and sludge. It sticks to hot spots where engine wear is greatest.

RPM Heavy Duty Motor Oil gives you that margin of safety that saves repairs, stretches the life of scarce parts.

**It's Doing a War Job Now—** and the demands for RPM Heavy Duty Motor Oil are heavy. So, we can't sell it now for passenger cars or for trucks under 3/4-ton size.

**THE FOREST FIGHTS!**

On the battlefronts of the world, forest products are backing our boys in the fight for freedom. From the beaches of Normandy to the shores of Saipan, wood is a number one critical war material. Landing barges, gun stocks, battleship decking, PT boats, airplanes and smokeless powder are just a few of the more than 1200 military uses of wood. Sixty billion board feet of lumber went into the war effort during the past three years and this demand is steadily increasing as we press toward Victory. More than one-third of this wood comes from Pacific Northwest forests—a major part of it from Oregon, the greatest timber-growing state in America. Much comes from Jackson County! Our soil will keep on growing magnificent forests to serve the world—IF WE KEEP FIRE OUT! Foresters say this is liable to be a bad forest fire summer. These hot days, a dry east wind, and one spark, one match, or one cigarette can turn hundreds of acres of precious green forest into blackened ruin. Don't YOU be the careless one!
