

Dairymen of County Purchase Guernsey Cows

Representatives of the Josephine County Guernsey Bull association have just returned from a quality farm dispersal sale at Carnation, Washington. The local breeders brought home with them \$5,595.00 worth of purebred Guernseys. The average sales price of 160 head was \$495.00.

Everett Robinson of the Redland Guernsey Farm purchased Chuckanut Fuchia, the second high sow of the sale for \$2,625.00. Fuchia has 625.5 pounds of fat in class GG, which means that she is under two and one-half years of age.

Ben Nelson and Son, W. A. Johnson and Sons and Everett Robinson each purchased a heifer calf ranging in price from \$450 to \$610. These animals are from outstanding cow families and will be used to enrich the present blood lines which the association already has.

The Bull association purchased three bulls at the sale of the highest quality available in the Pacific Northwest. These bulls are from proven sires and outstanding cow families.

The high cow of the sale was Chuckanut Phylba, which sold for \$4,000. She is the dam of Chuckanut Phylbond, a bull now used by the local Guernsey association. Those attending the sale from the county were Mr. and Mrs. Everett Robinson, Ben Nelson and Cecil L. Johnson of the Valley Rogue Guernsey farm.

Judge Johnson said that the association owns nine outstanding bulls. We are now in a position where it will not be necessary to go out of the state in order to secure our bred sires. The local association will be able to purchase its bulls from its own members.

Join the Campaign To Vacation at Home

This is a request for your cooperation in a campaign to urge civilians to stay off inter-city buses and trains this summer unless the trip is necessary to winning the war against Japan.

Women, children, workers in factories, offices and elsewhere, housewives . . . everyone should be informed that travel space is urgently needed for the redeployment of troops and war materials from Europe to the Pacific and for the increasing use of discharge troops returning home, casualties and military furloughees.

The armed services wish civilians here in the west to realize these facts, knowing that continued whole-hearted cooperation on

the Home Front will materially help the one objective for which everyone is praying, fighting and working . . . successful and speedy conclusion of the war against Japan.

Garden Contest to Close Entries July 1

Oregon 4-H club members have until July 1 to enter the \$6,000 scholarship contest of the National Junior Vegetable Growers association, according to H. C. Seymour, state club leader and chairman of the national contest for the western states.

Recent unseasonable weather emphasized one of the goals of the contest, Seymour points out. That is adding to the nation's food supplies for the home, for other civilians and for the armed forces. City, suburban and farm 4-H gardeners are eligible for the contest, whether their gardens are 20 by 30 feet or are commercial acreages. A course of study emphasizing efficient production and marketing is sent to each club boy or girl entering the contest.

Prizes include \$100 war bonds to each of 33 sectional winners, \$200 scholarships to each of four regional champions and a \$500 scholarship to the national champion. Entries may be sent to Prof. Grant B. Snyder, junior growers adult adviser, 103 French hall, Massachusetts State College, Amherst, Mass.
