NOTICE OF SCHOOL MEETING Notice is hereby given to the legal voters of School District No. U-1 of Josephine County, State of Oregon, that a school meeting of the said district will be held at the school house on Monday, the 25th day of June, 1945, at 2 o'clock p. m., to elect one director for a five year term. Polls open from 2 p. m. to 7 p. m.

Slaughter Permit Is Required by Garmers

All farmers who plan to slaughter animals for the market must make application for a Class 3 slaughterer's permit before July 1, if they have not made application yet, according to reports from the War Price and Rationing Board. A permit is not necessary for those who slaughter for their own use.

Military governor says that Guam is becoming impregnable.

Ladino Seed Growers Sign Up 100 Acres

Over 100 acres have already been signed up for Ladino clover certification during the first week says Jens F. Svinth, county agent. All indications are that total acreage this year will exceed that of last year when a record sign-up of 2800 acres for inspection was reached. Farmers in the county have indicated a 6 per cent increase to be saved for seed over the past year according to the AAA farm sign-up for 1945. It is highly important that farmers this year who are planning to harvest any seed sign up in the county agent's office on or before July 15th. Field inspection work will commence soon thereafter.

Field inspection of ladino clover is the first step in certification work. It is necessary to do this in order to determine the amount of white clover that might be present in the stand since the seed of both white and ladino clover cannot be separated in cleaning. It is also necessary to make field inspections to determine the amount of noxious weeds present. The government is again guaranteeing a minimum price of \$1.50 per lb. in order to insure the harvesting of all possible seed. Farmers are asked to be reasonably sure in their own minds that their fields will produce a fair yield before deciding to have them certified. Some fields last year were very foul with weeds and other grasses to such an extent that the yield was cut materially and hardly worth the time and effort in saving it for seed crop.

New growers should arrange their haying operations so that the last cutting is off the field by July 10th, suggests Svinth. This will then provide ample time for the seed crop to mature, which usually requires about 60 days.

POLLING PLACES FOR SPECIAL ELECTION

The usual places to vote for the special election June 22nd in the valley will be used.

The voting places will be open from 8 a. m. until 8 p. m. in Selma, Kerby, Cave City, Althouse and Waldo precincts.

Deer Creek Dance Saturday

Next Saturday, June 23, Deer Creek Grange will hold another one of their popular dances, with midnight eats served by the Ladies. A good time is assured those attending and the usual good music furnished by the Cave City Orchestra, should be well worth the price of admission alone. Be sure to make it a date for Saturday night dance.

FOR SALE—Late electric Singer sewing machine, will take treadle machine as part pay. May be seen at Quarantine Station. Write J. G. Hendrix, O'Brien, Oregon. 8-2tp

THE OLD JUDGE SAYS . . .

FRED: "Is it true, Judge, that a war can't be won without the use of war-alcohol . . . the kind the beverage distillers have been producing for the government for over two years?"

OLD JUDGE: "That's right, Fred. It is a basic ingredient in the smokeless powder used in virtually every firearm from a pistol to a 16-inch gun. And, in addition, it plays

a more human role. The medical supplies which our military doctors use to alleviate pain, combat infection, save lives are prepared with war-alcohol."

FRED: "No wonder, then, more and more people are recognizing the great contribution our beverage distillers have made to the winning of the war with their double-duty product."
