The GOLDEN RULE

How can a motor oil save gasoline?

Much gasoline loss is caused by gradual ring and cylinder wear. Gas mixtures then "blow-by," compression is reduced, performance gets rough. RPM Motor Oil slows this wear 'way down — sticks tight on hot or cold metal surfaces, insures cold motors against extra starting wear, protects critical hot spots on long runs. For more mileage, less wear — use Standard's RPM Motor Oil.

Discontinuance of Short Overnight Pullman Service Affects . . .

BUT IT MEANS MORE SLEEPING CARS FOR VETERANS

Operation of over-night sleeping cars from Portland to Southern Oregon points and to Coos Bay points will be discontinued with the last from Portland, Friday, July 13th and from destination points, Saturday, July 14th, by Order No. 52 of the United States Office of Defense Transportation.

The new regulations eliminate all Pullman sleeping cars operating for distances of 450 miles or less.

The reason for this order is that additional sleeping cars MUST be obtained to provide accommodations for the returning veterans from Europe, who are reaching Atlantic ports in large numbers. These veterans are coming home for discharge, or for furlough before going on to fight again in the Pacific. They deserve the most comfortable transportation service we can give them.

No new sleeping cars have been built since Pearl Harbor. Over half of the sleeping cars have been in exclusive use by the military. But they were not enough for this new task. The O. D. T. order resulted.

While discontinuance of short distance sleeping car operations will cause inconveniences to many people, we feel sure that the citizens of Oregon will approve this effort to better serve the men from overseas to whom we owe so much. We KNOW the families of these Oregon boys who are coming home will have no question as to the merit of this new regulation.

As far as Southern Pacific is concerned, our guiding principle has been "The Military comes first," and we are cooperating 100 per cent in carrying out the provisions of the above O. D. T. order. With nearly 20,000 Southern Pacific men and women in the armed forces we, too, have a real and personal interest in the welfare and comfort of service men and women.

So you may know how this order applies to Southern Pacific service generally, we show below the Pullman sleeping service on our lines which will be discontinued after the last trip from Portland, July 13th, and from destination points July 14th. Coach service will still be available between these points.
