SURVEY COUNTY SCHOOLS FOR HOUSING NEEDS

A survey of all Josephine county schools, to determine the future housing needs, will be conducted later this month by Dr. C. L. Huffaker, professor of education at the University of Oregon, it is reported by the Grants Pass Courier.

The Josephine county school board voted Monday night to retain Dr. Huffaker to make this survey when he comes here December 19 to make a survey for School District No. 7.

Marguerite S. Stanton, clerk of the school board, said that the board also opened gas and oil bids for the coming year, and that the contract went to General Petroleum.

A one-horse power deep-weel pump, with an 80-gallon water tank will be installed at the Selma unit of the Kerby school. At the O'Brien school, a drinking fountain will be installed to utilize water from the spring at O'Brien store, Mr. Sherman, owner of the store, having given permission to use the water.

Cleaning Partnership Is Established

Mrs. Luther Sherier and Mrs. Guy DiDck are starting a dry cleaning partnership with headquarters in the Drew's hotel building, apartment 10 over the Union Hall.

Mrs. Sherier has been a resident of the valley for 14 years

and Mrs. Dick for the past three years.

This will be a bit of welcome news to everyone in the valley for we all know the inconvenience of trying to take our clothes to Grants Pass and getting them back for that week-end engagement.

They plan to put in equipment as soon as business warrants.

HEALTH CLINIC

Dr. Osgood was at the Legion hall December 12 giving physical examinations. There were four adult physical examinations, two adult and two school children physical examinations and three conferences. Next clinic will be held Wednesday, December 26 from 10 a. m. to 3 p. m.
