Highlights of Regular Army Enlistment

1. Enlistments for 1½, 2 or 3 years. (One-year enlistments permitted for men now in the Army with 6 or more months of service.)
2. Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in Army, who may reenlist at any age, and former service men depending on length of service.
3. A reenlistment bonus of \$50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlistment is within 90 days after last honorable discharge.
4. Up to 90 days' reenlistment furlough with pay, depending on length of service, with prescribed travel allowance paid to home and return, for men now in the Army who reenlist.
5. Consult your Army Recruiting Officer for other furlough privileges.
6. Mustering-out pay (based upon length of service) to all men who are discharged to enlist or reenlist.
7. Option to retire at half pay for the rest of your life after 20 years' service—increasing to three-quarters pay after 30 years' service. (Retirement income in grade of Master or First Sergeant up to \$185.63 per month for life.) All previous active federal military service counts toward retirement.
8. Benefits under the GI Bill of Rights assured for men who enlist on or before October 5, 1946.
9. Choice of branch of service and overseas theater (of those still open) on 3-year enlistments.

WASHINGTON LETTER—

(Continued from Page Five)

this report:

"Meat production under Federal inspection for the week ended July 13 totaled 327 million pounds, according to the U. S. Department of Agriculture. This production was more than double the 149 million pounds in the preceding week and 21 percent above the 271 million

pounds produced during the corresponding week of last year.

"Slaughter of cattle under Federal inspection was estimated at 270,000 head, over twice the 127,000 a week earlier and 9 percent above the 248,000 a year ago. Beef production was calculated at 142 million pounds, compared with 67 million last week and 130 million a year ago."
