

Here's one 400 group you don't want to join. Last year 400 bad boys of the human world set that many forests on fire here in Oregon through carelessness. They didn't put out campfires. They threw matches and cigarettes into dry grass. They ran tractors without exhaust guards. Help reduce the ranks of the 400 fire starters and Keep Oregon Green.

Don't be a fire bug. Use your ash tray. Keep Oregon Green.

68 PER CENT WOOL CAMP BLANKETS
\$6.55

"MOST UNUSUAL STORE IN THE STATE"

OUR DEMOCRACY—by Mat

LOUISIANA PURCHASE

Concluded April 30, 1803, by James Monroe and Robert R. Livingston, who declared as he signed the papers:

"The instruments which we have just signed... prepare ages of happiness for innumerable generations."

The "immense and fertile plains" drained by the Mississippi were thus added to the nation at a cost of \$640 per quarter-section, or 4 cents an acre. On these plains American agriculture has grown and thrived until today the world looks for a major part of its sustenance to Our Democracy.

May we extend a hearty welcome to all Oregon visitors. Enjoy our beautiful forests and help us keep them safe. Don't take chances with fire. Keep Oregon Green.

We're mighty proud of our green forests, we want you to know, strangers and visitors here in Oregon. Help us keep them green. Watch that cigarette and that campfire. Keep Oregon Green

HOLD THAT LIGHT, MISTER!

The match you're using may be a forest voucher for \$30,000,000! Three-quarters of our annual \$40,000,000 forest fire loss is man-caused.

Don't throw that hot match carelessly away. Break it in half and feel the burned end. If it's hot enough to burn your fingers, it's hot enough to start a forest fire. This also applies to your cigarette. Grind your ashes into the earth.

Don't smoke in the woods at all when humidity is low and the woods are dry.

Forest fires cause untold damage every year. Seedlings and young trees that would have provided tomorrow's homes, paper, fabric and plastics are gone forever in a blaze which you might have prevented.

Help the tree farmer to grow his crops to harvest. The wood is for your future use. Get and keep the match breaking habit. Grind your cigarette under your heel.
