Bring Back 'Dead' Dogs. Dogs which have been "dead" for as long as eight minutes have been brought back to life in recent laboratory experiments. Revival was accomplished after a period of no breathing and no heartbeat by the use of a pump to replace heart action, stimulant drugs and artificial respiration.

Laundrying Nylon

The usual precautions for washing fine fabrics should be observed in laundrying nylon. Wash them in lukewarm water and mild soap. Squeeze the suds through the fabric and rinse well without wringing or twisting. Nylon woven fabrics should be rolled in a turkish towel to absorb moisture and then smoothed out and hung on a hanger to dry. Nylon fabric does not wrinkle badly and should require only slight smoothing with an iron. Some garments will require no ironing.

That Nagging Backache

May Warn of Disordered
Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!
