First and Last Bullfight In U. S. 67 Years Ago

The only attempt to establish bullfighting in this country was made in New York 67 years ago, according to Collier's. The promoter, after being refused the use of Madison Square Garden by Barnum, built an arena at 116th street and Sixth avenue and staged his first bullfight with celebrated Spanish matadors before 2,000 spectators on July 31, 1880.

But the ASPCA saw to it that he never staged another.

This Home-Mixed Cough Relief Is Hard To Beat

So Easy. No Cooking. Saves Dollars. No matter what you've been using for coughs due to colds, you'll be the first to admit that this surprising relief, mixed in your own kitchen, is hard to beat, for real results.

Make a syrup by stirring 2 cups of granulated sugar and 1 cup of water a few moments, until dissolved. No cooking is needed—a child could do it. Or you can use corn syrup or liquid honey, instead of sugar syrup.

Then put 2 1/2 ounces of Pinex (obtained from any druggist) into a pint bottle, and fill up with your syrup. This gives you a full pint of really splendid cough relief—about four times as much for your money. Tastes fine—children love it. It never spoils.

You can feel this home mixture taking right hold of a cough. It loosens the phlegm, soothes the irritated membranes, and helps clear the air passages. Eases soreness and difficult breathing, and lets you sleep.

Pinex is a special compound of proven ingredients, in concentrated form, a most reliable soothing agent for throat and bronchial irritations. Just try it, and if not satisfied, your money will be refunded.

HOUSEHOLD MEMOS... by Lynn Chambers

Let Children Play and Frolic! (See recipes below)

Youngsters' Parties

Has your youngster had a party recently? There's nothing quite so excellent for social training for the youngsters as having a party completely their own. Social graces, unselfishness and consideration of others can be taught easily this way.

Of course, a child may look upon this purely as fun, but he can't help absorbing some social sense about the affair even if he is young. I don't suggest that any parent wield a strong arm over him, but there are little ways of coaching him to see that his small guests are comfortable, and the fact that they have come to see him in his own home gives the child a certain awareness about his role in the matter.

As a mother, you should be careful in planning the food for the children and seeing that everything goes smoothly. Little tots are apt to get very excited at the prospect of a party, so it's a good idea to have food simple and easy-to-digest.

Since birthdays are good occasions for parties, you might plan a simple supper party for the youngsters. Creamed chicken made with plenty of milk, an easy to get salad of molded fruit, and ice cream and cake is a good starter.

***Creamed Chicken. (Serves 4 to 6)**

- 5 tablespoons butter
- 5 tablespoons flour
- 2/3 cup sliced mushrooms
- 1/2 teaspoon salt
- 1 1/2 cup chicken broth
- 1/2 cup light cream or top milk
- 1 1/2 cups cooked, cut up chicken
- 2 egg yolks, beaten

Melt butter in top part of double boiler, then saute mushrooms in it for 5 minutes. Blend in flour and stir until smooth. Add salt, chicken broth and light cream, stirring constantly until mixture thickens. Add chicken and heat thoroughly. Remove from heat, pour slowly over beaten egg yolks, stirring constantly. Serve over thin wedges of toast.

Molded Salad. (Serves 6)

- 1 package lemon-flavored gelatin
- 1 cup boiling water
- 1 cup cranberry juice or canned, jellied sauce
- 1 apple
- 1 orange
- 1 teaspoon lemon juice
- Lettuce, mayonnaise

Dissolve gelatin in boiling water and chill until it thickens. Crush the sauce or add the juice to gelatin. Grind apple and orange, leaving skins on and combine with lemon juice and gelatin. Pour into mold and chill until firm. Serve on lettuce with mayonnaise.

If a birthday cake is a must at the party, plan to make a delicate white one yourself, frost it with chocolate icing and put the writing on with a tube. If you're not quite adept at this, practice the lettering on waxed paper. It can be scooped up and used again.

Birthday Cake. (Makes 2 8-inch layers)

- 1/2 cup shortening
- 1 cup granulated sugar
- 2 cups sifted cake flour

LYNN SAYS:

Did You Know?

Moist foods always should be kept covered when they are refrigerated or they will dry out.

All cooked foods kept in the refrigerator should be kept covered so they keep better and do not absorb odors from other foods.

Meat may be bought in larger quantities more economically. Meat should be kept in the coldest portion of the refrigerator or the food locker to prevent spoilage.

LYNN CHAMBERS' MENU

- *Creamed Chicken on Biscuits
- Buttered String Beans with Pearled Onions
- Tomatoes Stuffed with Cole Slaw
- Beverage Peach Cake
- *Recipe given.

- 2 1/2 teaspoons baking powder
- 1/4 teaspoon salt
- 3/4 cup milk
- 1 teaspoon vanilla
- 3 egg whites

Cream shortening and sugar together until light and fluffy. Sift flour, salt and baking powder together. Add alternately to creamed mixture with milk. Blend in vanilla and beat until smooth. Fold in stiffly beaten egg whites. Bake in greased, floured layer cake pans in a moderately hot (375 degree) oven for 25 minutes. Frost with chocolate butter cream icing and decorate with white or tinted butter cream icing forced through a pastry tube.

For youngsters who are a little older you might like to have a slightly different menu. If the youngsters are able to manage in the kitchen themselves, it might be a good idea to let them dig in and toast hamburgers themselves. Or you might let them fix their own sandwiches from bowls of different kinds of spread. Have milk to drink and serve with ice cream and cake or cookies, and watch them enjoy themselves!

Toasted Deviled Hamburgers. (Makes 8)

- 1 pound beef, ground
- 1/2 cup chili sauce
- 1 1/2 teaspoons prepared mustard
- 1 1/2 teaspoons horseradish sauce
- 1 teaspoon minced onion
- 1 1/2 teaspoons Worcestershire sauce
- 1 teaspoon salt
- 8 buns or slices of white bread

Combine all ingredients except buns or bread. Toast bread on one side in broiler and spread with mixture. Return to the broiler and broil for 6 minutes. If desired, the sandwiches may be cut in halves or strips.

With the sandwiches, serve a salad like cole slaw or one of sliced tomatoes, potato chips or french fried potatoes.

If you don't want the children working in the kitchen for the party, plan to make the meat mixture early, refrigerate it and then pop the sandwiches in to broil while you are working in the kitchen yourself.

For children's parties where excitement tends to run high, better plan to have checked cloths and old napkins or a paper set so there's no worry about laundry. The children will feel more at ease, too, if there aren't too many breakables or things that ruin easily while they're having fun. Thin glassware is especially undesirable, as some of it is sure to be broken and it may hurt someone. Released by Western Newspaper Union.

Cut flowers keep longer if they are placed in a cool place or in a refrigerator for overnight instead of keeping in a warm room.

If frozen desserts refuse to freeze, they are too rich in cream or butterfat. Adding a stiffly beaten egg white or two to the mixture may help the freezing along.

Milk loses vitamins if left standing on the front porch in the sun. The bottles should be washed and refrigerated as soon after delivery as possible.

Woman's World Colorful New Curtains Give Needed Tonic to Many Homes

By Ertta Haley

New Silhouette

Molly's new riding habit silhouette is featured in this spring suit done in shades of light and dark. The upper part of the jacket is done in fieldstone gray. Hat is designed by Lilly Dache.

THIS is the time of year when many a homemaker gets the urge to do something "different" to her home. I've even heard of this feeling taking expression in such drastic steps as changing the whole layout of furniture, or in buying new things that put big dents in the budget.

Most of us can't afford this big a dose of tonic, so I'm going to tell you of a simple way to add a new feeling to the home and to give yourself a lift at the same time. You'll find that simply adding new treatments to the windows will give you just the touch of freshness you're seeking.

First, here's a tip about selecting a color. Study the room carefully and try to pick up one of the colors in your furnishings or wallpaper which you've neglected. Then see if this can't be made up into the window treatment.

If, for example, you want to use sheer curtains in a creamy white or ecru shade, don't give up the idea of using color. For a treatment such as this, you might make a frame for the window out of wall board or plywood. Incidentally, this is a nice trick for making narrow windows look more luxurious. Paint the frame in an attractive design and run it down to the floor; if the window is short, run the frame across the bottom. Prepared trimmings which are self-pasting also may be used to decorate the frame, if you are not handy with a brush.

Treating Windows to Let Light Come Through

Most rooms could use a bit of good old sunlight, and window treatments can be made to encourage the sun peeping through them. In this case you must make use of sheer curtains which will permit light to come through, but drapery material that is heavy and patterned also may be used to enhance the treatment.

If you want to let in a lot of light yet give the impression of the window being draped, hang sheer curtains from top to bottom. Then use an extra pair of sheer curtains and hang them in a drapery pattern

Create new window effects...

letting them overlap. Use interesting colored tiebacks or knobs for a dash of color.

If you have short windows, hang them with short, sheer curtains, but don't stop there! Have a cornice in an attractive color, and then pipe drapery material which has been set on the sides of the window with the same color you have in the cornice.

Or use a cornice made of a pleated or gathered drapery material and let the material of extra draperies go at the edges of the window.

Another treatment that is very smart employs sheer curtains, but a colorful chintz is added to the cornice, and a deep border of the same chintz is used to border the glass curtains. This gives a room a very finished appearance.

Tailored Curtains

Best for Some Rooms

Perhaps you have a desire to convert your bedroom from a thing of frilly ruffles into something more

To add tonic to your rooms.

tailored but still neat and feminine appearing. A smart, unique solution for this is to whip up full length curtains made of eyelet embroidered material. This may be tinted one of the attractive pastels. Put a strip of embroidery bordered with

Fashion Forecast

For the young figure particularly in the suit line, skirts are pencil slim and slashed. Nipped in waists are popular, too, and peplum pockets are quite the thing for the teen-ager. Shoulders still are padded, and you might look for new notes in the careful draping of sleeves from such shoulders in the new dresses. The armholes are deep and comfortable.

Skirts may be flounced or pleated, but you may be certain there's more fabric being used in them now than has been for a long time.

New spring and summer fashions which you'll be seeing are as fresh as daisies. Look for gay new prints, among them those which look as if they were paintings of scenes throughout the country.

Well-Fitting Nightie For Matronly Figure

ESPECIALLY designed for the slightly larger figure is this handsome nightie. It has just enough of a sleeve, pretty shaped neckline and a narrow belt that ties gayly in back. Choose a soft, all-over flower print or solid tone rayon satin or crepe, and edge with dainty lace and a ribbon bow.

Encaustic Painting Method Used Successfully Today

Encaustic paintings in which the pigments are mixed in melted beeswax applied hot are more difficult to execute than oils, yet they are more durable, may be seen in any light and are not affected by weather conditions, says Collier's.

While this method has seldom been used since the days of the ancients, one contemporary artist, Karl Zerbe of Boston has employed it so successfully in the past six years that 21 of his wax paintings hang today in American museums.
