

CROSS TOWN
By Roland Coo

"We waited too long about having his picture taken with his curls. They aren't so cute any more!"

BOBBY SOX
By Marty Links

"Dad, do we have enough money for a big church wedding or do you favor an elopement?"

NANCY

MAY I CARRY YOUR BOOKS, NANCY?

WHY, CERTAINLY, SLUGGO

HERE---YOU CAN TAKE 'EM NOW---I JUST WANTED TO MAKE DAT BLONDE JEALOUS

NOW WHAT WAS D' MATTER WITH HER?

LITTLE REGGIE

THE QUESTION IS... SHOULD HOMEWORK BE ABOLISHED?

AND HERE ARE OUR DEBATERS WITH THEIR ANSWERS!

NOW YOU MAY BOTH TAKE THE FLOOR TO DECIDE THE QUESTION!

YES

NO

MUTT AND JEFF

READING THE BOOK I GAVE YOU, JEFF?

YEH! I CAN'T WAIT 'TILL I GET TO THE END!

HOW DO YOU LIKE THE BEGINNING?

OH, I HAVEN'T COME TO THAT YET!

JITTER

DO YOU FELLERS WANNA TAKE A CHANST ON A BASEBALL BAT? I OHEY GOT THREE LEFT, A NICKEL EACH!

SURE!

WHEN YA GONNA RAFFLE IT OFF?

OH--

REG'LAR FELLERS

DO YOU FELLERS WANNA TAKE A CHANST ON A BASEBALL BAT? I OHEY GOT THREE LEFT, A NICKEL EACH!

SURE!

WHEN YA GONNA RAFFLE IT OFF?

OH--

VIRGIL

LOOK AT THAT-- SOME MOTHER BIRD WENT OFF AN' LEFT HER EGG

Rural Roads

A report on multi-laned highways in 1943 showed that only 6 per cent of our primary rural highways had more than two lanes, and of the 20,879 miles in this class, 14,661 were 3-laned, a type condemned as dangerous by safety engineers.

Hardy Rambles

As the name indicates, hardy ramblers roses are resistant to frost injury. They bloom one time during the summer and because the canes grow to extreme lengths, they are good for trellis and wall decoration.

Indian Superstition

American Indians believed that if a father, near the time of the birth of his child, was careless in his meat diet, the child would suffer and inherit the physical faults and peculiarities of the animals eaten.

Congress Grows

The house of representatives has grown from 65 to 435 members since 1789, according to the Encyclopedia Britannica. The senate, too, has grown from 26 to 96 members.

Strong Egg Shells

To have eggs with strong shells, keep limestone or oyster shell before the hens. Hens must have direct sunshine or cod liver oil in order to form strong-shelled eggs.

Fuel Bed

Ashes should be kept level with the andirons to provide a bed for glowing charcoal which will yield steady heat and help ignite new logs as they are added.

Turbine Efficiency Stride

The modern steam turbine in World War II developed six times the total of electric power with only twice the amount of coal consumed in World War I.

Polyantha Roses

Also known as baby ramblers, the polyanthas resulted from the crossing of hybrid teas, teas and a dwarf variety of a hardy multiflora and are ever-blooming. They are of about the same hardiness as the hybrid perpetuals and are useful where low-growing, continuous blooming plants are desired.

Hybrid Perpetual Roses

Frost hardy and vigorous in growth hybrid perpetual roses can be grown in most sections of the United States if given winter protection where the climate is more severe. They bloom but one time during the summer and the flowers are borne on shoots from the current season's wood.

Railway Unions

Around 80 or 85 per cent of all railway workers are members of labor organizations. There are more than 20 unions or brotherhoods in the railway industry. Members of these unions negotiate with the railroads through chosen representatives. Through many years of negotiations, the train service brotherhoods and railway management have developed an extensive, and, to the layman, a rather complicated system of rules and regulations governing wage schedules and working conditions.

Wide Roads

Motorists who think of American highways as typified by the Pennsylvania Turnpike or Davison Highway will be surprised to learn we have in the United States only 5,191 miles of 4-lane type, 736 miles of 5-lane type and some 300 miles of 6-lane. These 4-lane and upward roadways are only .015 per cent of the total rural mileage.

Merrie England

Bull and bear baiting continued from the 12th century through the days of Shakespeare in an arena near the Globe theater, across the Thames from London. In the 12th century, too, horse racing took place in Smithfield, just northwest of the London wall, where a horse market was held.

Rheumatic Fever

Next to painful joints, the most characteristic symptom of rheumatic fever is chorea, or, as it is more generally called, St. Vitus' dance. Approximately one half of the children with rheumatic fever have had chorea at some time or other. It begins as an unusual form of nervousness or awkwardness and is often first noticed at school. It usually becomes more pronounced later as purposeless jerking movements of the arms, the legs, and the face. It may even temporarily affect the speech.
