

Idea for a Radio Hit

The broadcasting of vegetable, fruit and poultry prices at market terminals is an early morning radio feature (the one into which you inadvertently tune while looking for news and get "Jersey radishes, fancy, 12 cents a bunch,") and radio is missing a bet in not applying the idea to living costs generally. For instance:

"This is Elmer Twitchell giving you the regular morning quotations, when, as and may. Hamburgers were in demand at rising levels. Choice hamburgers, 60 to 75 cents a patty without toast. . . medium to fair hamburgers, with red meat spotty, 10 to 60 cents. . . low grade or run-of-the-mill hamburgers, pale to sallow, 20 to 40 cents.

"Ham and eggs in fair supply with the eggs available by certified check. Omelettes were of generally low level. Four-minute boiled, half a buck to 75 cents with bits of shell thrown in. Buttered toast, 10 to 15 cents, with butter substitutes.

"French fries, soggy to grease-logged, 20 to 40 cents a mess. . . Mashed potatoes, fancy, 30 cents a dab. . . Baked Idaho (Connecticut) \$1 down and \$1 a week for 52 weeks.

"Bar prices firm to strong. Fresh young highballs, well watered, plain, 60 cents a shot; fancy, 75 cents. . . Old-fashioned cocktails, common with reconditioned fruit slices, 65 cents; fancy, with late December cherry and little real liquor, 85 cents to \$1.25. Beer, early spring, Hoboken and Gowanus, 10 to 25 cents in the headless varieties. . . With heads half to inch deep, 30 cents.

"Hats, shoes, socks, ties, underwear were spotty. . . Prices for suits without extra pants were all the traffic would bear. . . A few culls in men's bathrobes were offered at \$85 in midsize sizes.

"Rents, transportation, gasoline, medicines and other necessities, fancy, medium and catch-as-catch-can remained firm to unbendable. . . Drinking water in ready supply. . . Air (for breathing) was fortunately free in most regions."

Miss Margaret Truman begins a concert tour this month. Our notion of complete recognition would be an invitation for her to sing the national anthem at the Republican convention.

Whatever becomes of the official verdicts in railroad and airplane disasters?

"Duel in the Sun"—Hollywood's latest superdooper, had its premiere in 50 theaters in the New York area on the same night and in 300 in the United States. The most exclusive event that distribution could bring to everybody everywhere, as it were.

"WANTED—To buy live moose, male, female or both. Atlantic 7458, Pittsburgh, Pa."—N. Y. Times.

"Man wants but little here below."

The following miscellaneous items were sold: 8,600 Christmas trees, 700 queen bees.—From Diamond Match company annual report.

It's diversification that counts.

MARKED-UP RHYMES
Under inflation we understand the nursery rhyme about "a diller, a diller, a 10 o'clock scholar" has been revised to read, "a diller, \$3.98 and a 10 o'clock scholar."

The Philharmonic-Symphony orchestra of New York is among the "stars" of "Carnegie Hall." We always said that if it kept at it and didn't lose hope it might some day get into pictures.

There will, of course, be a picture "Son of Carnegie Hall."

We understand that General Marshall now likes to think back of the simple peaceful days when all he was expected to do was to straighten out China.

SPRING PLANTING TIP
Buy shrubs and bushes, dear, galor And on their beauty rant; Buy lots of pretty flowers, too— But those who buy should plant. Pier

A Chinese \$500 bill is worth only four cents. That's a little less than a \$500 bill is worth in America.

Nothing seems to annoy so many Americans today as an effort to save money anywhere.

CAN YOU REMEMBER—
Away back when you thought things were tough under OPA?

Our idea of wealth is having enough money to afford a used car not over seven years old.

CLASSIFIED DEPARTMENT

Beauty on Mud

The city of Venice stands on a group of mud banks in the middle of a lagoon. The earth is so soft that buildings can be constructed only by pile-driving.

Watch DDT for Fires

When spraying with DDT inside the home, extinguish all open fires. Do not spray eating or drinking utensils.

World Citrus Center

About half of all oranges and lemons and practically all the grapefruit produced in the world are grown in the United States.

Now We Know About It

Honey is a mixture of dextrose and levulose into which the bees' legs have stirred the well-flavored pollen of flowers.

Milk Output Up

United States milk production per cow on March 1 of this year was 13 per cent above average and 3 per cent more than last year.

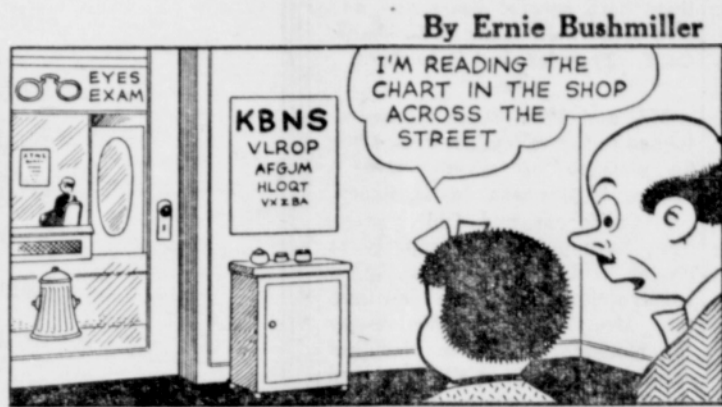

Largest City Park

Phoenix, Ariz., has the largest city park in America, South Mountain park which is 23½ miles square.

Sugar a Medicine

Sugar, unknown to the Greeks and Romans, was introduced into Europe as a medicine.
