

Begin Money Making Plans for Your Club Early in the Season

This luscious combination of pumpkin and pastry with a prune and whipped cream topping makes a good combination that has plenty of sales appeal.

Perhaps many of you who are officers of clubs already have planned your programs for the whole year. Undoubtedly they include a number of fund raising schemes which are designed to take care of worthy causes.

One of the most successful campaigns of many groups includes sales of goods baked by members. In this, of course, cakes, cookies, etc. are donated by the women and purchased by the club members, so all profit is clear.

Now that sugar, fats and flour are back again on a prewar basis in supply, at least, it's possible to plan a bakery goods sale of this type.

In case there's a problem about what to include, I've lined up several sure-fire recipes which can serve as the nucleus of the sale. Pass them out to those who don't know just "what to make."

Prune Spice Cake.

(Using oblong pan)

- 2 1/2 cups sifted cake flour
- 1/2 teaspoon baking powder
- 1 teaspoon soda
- 1/2 teaspoon salt
- 1 teaspoon cloves
- 1 teaspoon allspice
- 1 teaspoon cinnamon
- 1/2 cup shortening
- 1 1/2 cups sugar
- 2 eggs, well beaten
- 1 cup cooked prunes, seeded and chopped
- 1 cup sour cream

Sift the dry ingredients together twice. Cream shortening, add sugar gradually, and beat until light and fluffy. Fold in eggs and prunes. Add dry ingredients alternately with sour cream and beat well after each addition. Bake in a greased oblong pan in a moderate oven for 45 minutes. Let cool and frost with:

Mocha Frosting.

- 4 cups sifted powdered sugar
- 1/2 cup cocoa
- 1/2 teaspoon salt
- 1/2 cup butter or substitute
- 1/2 cup strong coffee
- 1 1/2 teaspoons vanilla

Sift dry ingredients together and cream with butter. Add coffee and vanilla to make of a smoothly spreading consistency.

*Graham Cracker Torte.

- 1/2 cup butter
- 1 cup sugar
- 3 eggs, separated
- 1 teaspoon vanilla
- Grated rind of an orange
- 1/2 cup flour
- 2 teaspoons baking powder
- 1/2 pound graham crackers, rolled
- 1 cup milk
- 1/2 cup shredded coconut

Cream butter and sugar. Add well beaten yolks, vanilla and orange rind. Add sifted dry ingredients and cracker crumbs alternately with milk. Fold in coconut and stiffly beaten egg whites. Bake in two layers in a moderate (375 degree) oven for 20 minutes. Let cool, then place custard filling between layers and frost with orange icing.

Custard Filling.

- 1/2 cup sugar
- 1 tablespoon cornstarch
- 1/2 teaspoon salt
- 2 egg yolks

Help Yourself and Solve Your Kitchen Problems

If potatoes don't seem as white as they should be when you are mashing them, beat a small amount of baking powder into them.

Use a hot blade for slicing fresh bread, a wet blade for cutting fresh cake, and a very thin, sharp blade for slicing cookie dough.

Keep the inside of your coffee pot clean by boiling a solution of soda and water in it at least once a week. This removes stains.

LYNN CHAMBERS' MENU

- Veal Roast with Sour Cream Gravy
- Buttered Noodles
- Fried Tomatoes
- Green Beans with Mushrooms
- Cinnamon Rolls
- *Graham Cracker Torte
- Beverage

*Recipe given.

- 1 cup scalded milk
 - 1/2 teaspoon vanilla
- Mix dry ingredients, add egg yolks, slightly beaten. Pour in milk gradually. Cook in double boiler until smooth and thick, stirring constantly. Cool and fold in flavor.

Orange Icing.

- 2 cups powdered sugar
- 4 tablespoons butter
- 4 tablespoons milk or orange juice
- 1 1/2 teaspoons orange flavoring
- Grated rind of an orange

Cream sugar and butter, add remaining ingredients.

Peanut Butter Cookies.

(Makes 3 dozen)

- 1/2 cup shortening
- 1/2 cup peanut butter
- 1/2 cup granulated sugar
- 1/2 cup brown sugar
- 1 egg
- 1 1/2 cups flour
- 1/4 teaspoon salt
- 1/4 teaspoon soda

Cream peanut butter with shortening. Add remaining ingredients in order given. Shape chilled dough into small balls and place on a baking sheet. Flatten with a fork dipped in flour, making a cross-shaped mark in the center. Bake in a quick, moderate (375-degree) oven for 10 to 12 minutes. Let cool slightly before removing from tin.

Prune Pumpkin Pudding Pie.

2 1/2 cups cooked or canned pumpkin

- 1 1/2 cups milk
- 4 eggs
- 1/2 cup granulated sugar
- 1/4 cup light molasses
- 1 teaspoon salt
- 1 teaspoon cloves
- 3 teaspoons ginger
- 3 teaspoons cinnamon
- 1 teaspoon allspice

Have as much variety as possible when you plan such money-raising activities as a sale of baked goods. A plan of some kind made up ahead of time will eliminate too much duplication.

Pastry

- 1 1/2 cups cooked prunes
- 1/2 cup granulated sugar
- 1/2 cup light corn syrup
- 1 teaspoon cinnamon
- 1/2 teaspoon salt
- 2 teaspoons plain gelatin
- 2 tablespoons cold water
- 1 cup whipping cream

Combine pumpkin, milk and un-beaten eggs; beat until well blended. Combine sugar, molasses, salt and spices; mix well and stir into pumpkin mixture. Pour into pastry-lined pan and bake in a very hot (450-degree) oven; reduce heat to moderate and continue baking 45 to 50 minutes or until custard is set. Cool.

Measure prunes, remove pits and cut prunes into small pieces. Combine with sugar, syrup, spice and salt and heat to boiling. Remove from heat, add gelatin moistened in cold water and stir to dissolve. Cool. Whip cream and fold into prune mixture. Spread over baked pumpkin pastry. Chill.

Place paper or paper toweling on table when paring vegetables and fruits, breaking eggs and measuring so that you can just fold it up and have a clean working surface when finished.

Keep seasoned flour in a bag already ready for seasoning chops, vegetables, chicken, etc. cetera.

Greased muffin cups are ideal when baking tomatoes, apples, green peppers and stuffed onions. These cups may be set in a large pan or cookie sheet to make them easy to move in oven.

Plan Carefully at Home Before Starting on Shopping Spree

By Ertla Haley

THERE'S nothing women like to do better than shop, as is proved by the fact that they do approximately 85 per cent of the nation's buying. But, some of our sisters do like to spend money better than shop wisely. It's more fun nevertheless, to get your money's worth when the spree is over than it is to come home with a lot of odds and ends that make you wonder how you could possibly have bought that!

To shop intelligently requires more than free time and the ability to stuff your shopping bag full of purchases. It requires sitting down the day before and doing some serious thinking, checking and making a list.

Don't think for a minute that your storekeeper won't appreciate that! He likes to serve women who know exactly what they want.

Check Clothes Closet Before Purchasing

Stop to take a look in your closet before dashing out to buy a dress or a blouse. Do you really need it, or would a suit answer the purpose more adequately? What color goes best on you? And do you have accessories to go with it, or will you have to buy those too?

These are some of the questions that can be solved before you buy. Decide, too, on the approximate price you can afford, and then check the sources where you can buy merchandise in that range. Sometimes it's a good idea—after you've made your list—to check by telephone, to see if you can find merchandise at the price you want, and where.

Telephone inquiries will save shoe leather and wear and tear on you, if you have a lot of shopping. Try it and see how much more satisfactory it is.

When you make out a shopping list, jot down the stores you will go to, after each item. Also, set down the price, as this will tell you about how much money to take

Organize yourself for shopping.

When this is done, make out a list to plan the day—which stores to go to first, and what to find at each one. Add up the approximate costs, and you'll know how much to tuck in your purse.

This may seem like a lot of time to spend on paper work, but it's more efficient, and you'll be able to concentrate your efforts better on the day you actually shop.

In fact, if you don't get to the stores often, this is the only way to plan, as you don't want to forget anything; or, if you don't want to run short of time.

Start Shopping Tour Early in Morning

Anyone who has worked in a store knows that the best selection of merchandise is available early in the morning. Plan to be there when the store opens. Everything is in order, the clerks are fresh and anxious to serve you for they don't carry the day's problems on their minds yet. You'll get better service.

What about comfort when shopping? If you expect to do several hours shopping, nothing will help more than comfortable clothing. If you have to try on clothing, wear a dress that's easy to change. Use a simple hairdress that's easily repaired.

Too much cannot be said of comfortable shoes, especially on a job such as this that will keep you on your feet most of the day. Lower heels and real walking shoes will really take you through the day even though high heels might look smarter! You might even give yourself a pedicure the night before just to prepare you for the day.

Consider Bargains Before Buying

All women who shop have had experiences with bargains that simply aren't bargains. A good shopping list, if you stick to it, will eliminate buying the things you don't need.

Certain things aren't bargains at all, even if they are reduced in price. This goes particularly for shopworn hats and shoes. It may even apply to dresses that are so outmoded as to be no more than a covering for the person—and you don't want any part of these.

There are certain types of sales when you really will be able to profit by buying. There are the "white" sales of sheets, towels, bedding and linens after the Christmas holidays that are worthwhile.

You also may purchase coats at this time. Fur coats, however, are at their best bought during late summer. Classic summer dress styles are also good any time during August.

Dainty Negligee

Crystal clear, transparent Swiss organdy is featured with lace in this all-white negligee. Dainty ruffles accent the square yoke and full puffed sleeves. Its fragile look is deceptive as it will look just as fresh and crisp no matter how often laundered because of the permanent finish of the Swiss organdy.

Some items whose styles do not change much may be bought at any time of the year. Included in this list are shirts, pajamas, socks, sweaters and shoes.

Think Before Buying Soiled Goods

Some soiled items are really well worth purchasing, but there are others that can be a total loss. If the cleaning and repairing on the markdown can properly be done at home—and not take too long—perhaps it's a bargain. But if the

Skip bargains that really aren't.

fabric is such as will have to be dry-cleaned, and spotted so that even this type of cleaning may not be effective, skip the "bargain." It just isn't.

Always make certain that the markdown you buy is to your liking. Most of them cannot be returned, and this may make you unhappy once you have it at home.

Don't forget to relax in the midst of your shopping spree. Have your lunch or afternoon snack amid pleasant surroundings and forget about the shopping for three-quarters of an hour. Then get up and finish it, feeling relaxed.

Renew your make-up at least once during the day, and get off your feet while doing it. This will give you a real lift in morale, and you can better concentrate on shopping once you've rejuvenated yourself.

Plants Discover Minerals

A possibility that certain types of plant growth may come to be more widely used as clues to mineral deposits has been suggested by University of Wyoming workers. They point out that selenium indicator and accumulator plants are now commonly relied upon as guides to rocks and soils which carry that element. They suggest that vegetation also may be used as a guide to other minerals. Certain toxic vegetation is known to carry relatively high rare-metal values, molybdenum being one example.
