

A well-painted home will withstand the ravages of time and weather almost indefinitely. But don't forget that a well-painted home is not one painted with low-quality paint. It is one painted with good paint. For exterior painting, insist on Fuller Pure Prepared Paint—the finest all-purpose "house" paint made. It lasts. For all your paint needs, see a Fuller Paint Dealer.

How to keep your  
concrete floors  
from "dusting" away

You can put a stop to that "disappearing act" of your concrete floors by a simple treatment with *Standard Floor Hardener*. Cuts de-composition called "dusting," cuts cost of maintaining and cleaning. A second coating assures a wear-saving, non-slippery top. Use *Standard Liquid Wax* on hardwood and linoleum floors... gives high lustre protection without slipperiness.

**GREEN GUARD CONTEST  
OPEN TO MEMBERS**

SALEM — (Special)—Twenty-six cash prizes are offered to winners in the 1947 Green Guard contest, sponsored annually by the Keep Oregon Green association, according to Charles Ogle, executive secretary.

The contest closes the year's activities of the Green Guards, who are the junior auxiliary of the Keep Oregon Green movement. This is an opportunity for the more than 10,000 boy and girl members of the Green Guard to participate, Ogle stated.

"A page from Nature's Notebook," is to be the title of all Green Guard entries this year, Ogle pointed out. Guards may write about native birds, animals, shrubs, flowers and trees and in

addition to giving identifying information they must tell how fire would effect the subject they select. Drawings may be substituted for written material or may accompany it for points in the contest.

Contest rules include other activities in addition to writing an essay, Ogle stated. Previously enrolled Green Guards should fill in their manuals, telling how they helped in the Keep Oregon Green activity during 1947; whether they reported fires, distributed Keep Green literature or helped in other direct ways. Green Guards are cautioned not to send in the green-backed manual which has just been mailed to every Green Guard of record at Salem headquarters. This one is for use in 1948, Ogle

pointed out.

To allow every boy and girl in the Green Guards to participate Ogle said the contest would not close until December 31st, when all essays, drawings and 1947 completed manuals must be at Salem. Posters announcing the contest have been sent out to over 2000 Oregon schools. First prize is \$50; two second will earn \$25; three third place winners will receive \$10 and 24 place winners will earn \$5.

**Prissy's Got a Man!**  
(Maybe)

Yesterday Sis Martin, our librarian, found an article cut from their file copy of the *Clarion*. When she compared it with another copy that I gave her she found it was my column on "How to Keep a Husband Happy."

Nothing unusual about that. Except the last person seen reading the paper was Prissy Hoskins (our town's proverbial Old Maid)!

Well, if Prissy has finally got a man, more power to her. And more tolerance to both of them... because that's what my column was

about: Tolerance of a husband's taste for old hats, old pipes, old friends, and mellow beer. And tolerance on the husband's part of a wife's tastes and habits.

From where I sit, nobody begrudges Prissy taking that clipping from the *Clarion*. But I'd like to hint that if she'd just *subscribe*, she'd get my thoughts on tolerance firsthand. And in return I'll treat her to a glass of beer.
