Protection for Mortgage  
A life insurance policy that will pay off the balance of the mortgage in case of death is highly desirable for any home buyer. The premium is relatively low and most lenders encourage the idea.

Start of Berlin  
Berlin was originally a Wendish fishing village. It was first granted municipal rights about 1240. The Hohenzollern rulers chose Berlin as their place of residence in 1440.

Artificial Insemination  
Artificial breeding associations now have an enrollment of over 140,000 herds and over a million cows—more than double the number enrolled a year ago.

Check Zoning Laws  
It is important to check all zoning restrictions before building, remodeling and buying a home. One often finds that no additions to the house are permitted.

Slip-Proof Footgear  
The U. S. bureau of standards is making a study of various materials suitable for heels, to determine their anti-slip qualities under all conditions at home and on the street.

Spectacle Charter  
In 1629 Charles I of England granted a charter to the Spectacle Makers guild.

More Making Trucks  
Seventeen American companies are producing passenger cars, 33 trucks and 17 are making busses.

Gain in Plastics  
Since 1939 production of plastics in the United States has increased more than 500 per cent.

Wreck of the Maine  
The wreck of the Maine was not removed from Havana harbor until 1912.

Oysters on Trees  
Where oysters attach themselves to mangrove roots that are exposed at low tide, they can grow on trees.

Regulating Sunlight  
New patented idea in fluorescent illumination is a device using cold cathode tubes behind a steel venetian blind. Desired amount of light can be obtained by merely adjusting blind openings. Unit fits flat against the wall.

Turtles are Deaf  
Scientists believe turtles to be totally deaf. To compensate for the lack of this sense, however, they are especially sensitive to vibrations which they receive through their shells.

Collects Mexico's Best  
More than 100,000 specimens of scarabs, flies, ants, scorpions and assorted insects were secured from Mexico by the American Museum of National History, New York City.

Prohibition Party  
James Black, Lancaster, Pa., who proposed establishment of a prohibition party in 1871, was its first nominee for President of the United States.

Hold Their Oil  
Contrary to a commonly held belief, no oil is lost from soybeans during their storage before processing, recent research has proven.

More Pay, Less Work  
The average work week in the United States has been shortened about three hours every 10 years since 1850.

Soviet Union  
The Soviet Union has a population of more than 200 million. There are more than 200 nationalities speaking more than 125 languages.

Identifying Bass  
The general color of the white bass, striped bass or white lake bass is silvery tinged with gold below and the sides have narrow dusty longitudinal lines, five above the lateral line, one along it and a variable number below. The head is sub-conic flattened at the sides; mouth terminal oblique, lower jaw reaching the middle of the pupil; teeth are on the base of the tongue in a single patch. The white bass is one of the most handsome of fresh water fish and ranks fairly high as a food fish.
