Special Bible Study on Thursday nights will be very interesting. Study of the Great Pyramid Gizeh in Egypt, will be compared with prophecy from the Bible. This great pyramid after standing mute for centuries has at last through scientists and archaeologists experiments, unfolded its passages and caverns to be revealed as evidence of the truths of the word of God.

Come and study with us these revealing facts of interest. Our Bible studies are informal and all are invited to comment or ask questions.

From where I sit ... by Joe Marsh

From Sheepskin to Sheep

There aren't too many college graduates in our town. Good honest thinking, yes...but most folks went from high school into farming.

No harm in that! But I admire veterans like Dick Newcomb... who's 23, but going to college under the G.I. Bill of Rights. Intends to be a sheep farmer—but a better-informed, more scientific farmer, with more know-how!

And veterans like Dick aren't letting anything interfere. What little relaxation they allow themselves is in the form of needed exercise, or

books, or conversation and an occasional glass of beer with friends.

Seems as if, just by having their education postponed, they've put a higher value on it...and on things like temperance (that glass of beer, for instance), understanding, and good citizenship. And from where I sit, when Dick gets his sheepskin—he won't have lost much time. He'll be an even better farmer than his Dad. (Exactly what Dad wanted!)
