OUR ILLINOIS VALLEY
CUSTOMERS ARE
ENTITLED TO THE BEST

We all want the best we can buy for our money. That is the instinct of self preservation. We are going to buy where our money will buy the best at a price we can afford to pay.

That is what the Model wants everyone to do. Buy where your money will go the farthest, consistent with quality. We maintain that quality offsets price for inferior goods.

When you buy meat at the Model, you are buying the best meat it is possible for us to secure, and we always try to buy all the cattle we can from local farmers.

The old adage, "you get just what you pay for," is just as pertinent today as the day it was coined. We have always found it true that when we buy better merchandise, we really save money in the end.

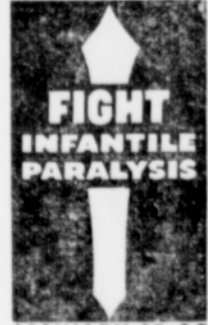

That's why the Model stresses Quality above price. When you buy at the Model, you are buying QUALITY merchandise at the lowest price we can possibly give our customers.
