California's Tree Rush

Lumber from a California tree farm rides for 2,800 feet in a railroad car suspended 1,200 feet in the air. Located near the spot where James Marshall found gold in 1848, timber crops from this tree eventually will dwarf in value the gold taken from the area, as the forests continue to produce wealth.

Fruit Puddings Are Mouth-Watering!
(See recipe below.)

Fruit Puddings

Dessert lovers everywhere enjoy deep-dish, fruit puddings with their crisp crusts, their mouth-watering fragrance. The grand thing about them is that you may have them at any time during the year, but especially during the months when fresh fruit is not so readily available.

First of all, there are canned cherries, plump, red and juicy. But don't stop there, for you may like to use apples or figs, pears and apricots, and even some of the citrus fruits. All of them are happy inspiration for meals that you want to be filling and hearty.

Another thing you'll like about these desserts is that they are simplicity itself to prepare. Use them often for economy's sake on days when you use the oven for the rest of the meal.

*Special Cherry Cobbler.

(Serves 6)

- 1 No. 2 can tart, pitted red cherries 1/2 cup sugar
- 3 tablespoons cornstarch
- 3/4 to 1 cup milk
- 1 cup prepared biscuit mix
- 1 cup shredded American cheese

Drain the cherries and heat the juice to boiling. Blend sugar and cornstarch in enough water to make a thin paste. Gradually add this to the hot cherry juice and cook until thick and clear. Add the cherries. Place in a shallow baking dish. Add the milk to the biscuit mix and blend well. Roll out into an oblong piece, 1/4 inch thick. Sprinkle with shredded slices of cheese and roll up like a jelly roll. Cut into 1/2 inch slices and place them around the edge of the cherry mixture. Bake in a hot oven (425 degrees) for 12 to 15 minutes or until the biscuit pinwheels are done.

Peach Honey Cobblers.

(Serves 6)

- 1/2 cup strained honey
- 1/2 teaspoon cinnamon
- 2 tablespoons butter, melted

Combine honey, cinnamon and butter. Add peaches. Place in individual custard cups. Use the following as a crust:

- 1 cup sifted flour
- 1 1/2 teaspoons baking powder
- 1/2 teaspoon salt
- 2 teaspoons sugar
- 2 tablespoons shortening
- 1/2 cup milk

Sift dry ingredients together; cut in shortening until it resembles coarse meal. Add milk, stirring until mixture is damp.

Drop dough onto prepared fruit; spread evenly to the edge. Bake in a hot oven until crust is nicely browned. Serve warm with cream or hard sauce.

In place of peaches, apricot halves or plums may be used.

Apple Pudding

HOW TO OUTWIT WEEK-END BURGLARS

When you go visiting for a week end... there are steps to take before leaving. Often your departure will be after dark and you will need a flashlight to "check and double check." Better be sure your flashlight is powered with "Eveready" batteries... powerful, dependable, they outlast all other brands!

NOTIFY POLICE OF ABSENCE. Many communities require it; but, in any case, police want this cooperation in order to give you best protection.

DON'T LEAVE "TIP-OFFS." Cancel newspaper and milk deliveries. Just two days' accumulation is a hot "tip-off" to prowlers.

LOCK ALL WINDOWS AND DOORS. Take your "Eveready" flashlight to inspect basement windows (a favorite entrance for prowlers), garage doors, the yard. If you're careful before you leave, you can be care-free while you're away.

Proof!...in the laboratory...in your own flashlight...

"EVEREADY" BATTERIES OUTLAST ALL OTHER BRANDS!

Brighter light, longer life! That's what you want in a flashlight battery—and that's what you get with "Eveready" brand batteries. Laboratory tests prove it. And the best "laboratory" of all—your own flashlight—proves it! That's why "Eveready" batteries outlast all other brands—because they outlast all other brands!

The registered trade-mark "Eveready" distinguishes products of NATIONAL CARBON COMPANY, INC. 30 East 42nd Street, New York 17, N. Y. Unit of Union Carbide and Carbon Corporation
