QUESTIONS ASKED ON NEW CLAIM LAWS

Numerous recent requests from mining claim owners for information as to the present status of Federal assessment regulations are being received.

George A. Barton of Eugene states that a senate bill requested by him was introduced by Senators Morse of Oregon and Watkins of Utah giving assessments from July 1, 1947, to July 1, 1948. The bill is awaiting the President's signature, having finished its course through Congress June 9.

Betty Wallace Becomes Bride of Jesse Smallwood

Betty Jean Wallace, daughter of C. O. Wallace of Kerby, was married to Jesse Freeman Smallwood of O'Brien, last Saturday, June 12, in the Community church at 2:15 p.m., with Rev. Wantland of Kerby reading the ceremony. They were attended by Miss Nina Jones, maid of honor, and Carroll Luttrell of O'Brien, best man.

The church was beautifully decorated for the occasion by Mrs. B. Tabor, daughter of Beverly and Marilyn Wurn. The bride was given in marriage by her father.

Following the ceremony guests gathered at Mildred's cafe in Kerby, where delightful refreshments were served. Shortly after the happy young couple left on a short honeymoon towards Roseburg and the coast. On their return they will make their home in O'Brien. The groom is employed at Moore's mill. Mrs. Smallwood is well known among the young people of the Valley and both have the well wishes of friends and relatives.

Out of town guest for the occasion was the bride's aunt, Mrs. Cora Armstrong of Oakland, California.

Marriages on Increase

With an estimated 2,175,000 marriages in the United States last year, a new record was reached. This is over one-half million more marriages than in 1945.

From where I sit... by Joe Marsh

How to Live Longer

Someone asked Pappy Miller last week how he stayed so spry at ninety. Pappy told him:

"Well, sir—when I work, I work hard. When I set, I set loose. When I think, I go to sleep."

According to Doc Hollister, that formula isn't far amiss. "Hard work," says Doc, "never wore out anyone before his time, providing he knew how and when to relax."

Doc himself works overtime, with his daytime patients at the office, and his evening calls. And

when he gets home he takes it easy with a mellow glass of beer and chats with the missus until it's time to go to bed.

From where I sit, relaxing is a fine art—especially in these tense, fast-moving times. And there's nothing like a temperate glass of beer—enjoyed with pleasant company—to restore that easy frame of mind that one needs after a hard day's work.
