

HOUSEHOLD HINTS

The best way to pick up tiny bits of glass is to swab them up with a large piece of absorbent cotton. When done, throw the whole thing away.

Glassware will have added sparkle if washed in water containing some laundry bluing.

Punch a few holes in the metal screw top of an empty French dressing bottle to make a handy clothes sprinkler.

When dog or cat hairs get on the upholstery, rub the surface lightly with a damp piece of sand paper or damp rubber sponge.

If you're growing ivy in water, a chunk of charcoal in the water will help it along.

Pipe cleaners are handy things for cleaning the inside of glass drinking straws.

Use a curved grapefruit knife to scoop the insides out of a tomato or pepper.

If properly applied, wax does not make floors slippery or unsafe. Wax should be applied in thin, even coats: the polishing kind should be buffed well to a dry, hard finish; self-polishing wax should be allowed to dry thoroughly before the floor is used—too much wax and too little buffing have given waxed floors an undeserved reputation for causing falls.

To add flavor to tea keep a dried piece of orange rind in the canister.

Leftover coffee added to brown gravy will darken it when it's weak.

Why Clothes Wrinkle
Chemists have discovered why garments wrinkle. Attributing wrinkles in clothing to the "personality of the individual fibers," a report made to American Chemical society declared that any fabric's resistance to stretching depends on the fineness of its filaments, the ease with which they are able to move in relation to one another and their ability to recover from stretching without being permanently deformed.

Build It From A Pattern

By: Donald E. Brann
There's nothing like having an old fashioned picnic in your own backyard. Especially so when you have this sturdy table all set up ready to seat the entire family. Its construction permits leaving it out the year round.

Building the table or other pieces of lawn furniture provides an economical solution to your household equipment problems. In many cases two articles can be made for less than one costs ready made. Besides saving money, woodworking provides hours of complete relaxation. Once you've experienced the deep down satisfaction of seeing lumber turn into a useful picnic table or lawn chair, you will undoubtedly become one of a huge army of "Build It yourself" enthusiasts.

don't use Harsh Laxatives

Keep regular this healthful way—
The juice of a lemon in a glass of water, when taken first thing on arising, is all that most people need to insure prompt, normal elimination. No more harsh laxatives that irritate the digestive tract and impair nutrition! Lemon in water is good for you! Generations of Americans have taken lemons for health—and generations of doctors have recommended them. They are rich in vitamin C; supply valuable amounts of B1 and P. They alkalize; aid digestion. Not too sharp or sour, lemon in water has a refreshing tang—clears the mouth, wakes you up. It's not a purgative—simply helps your system regulate itself. Try it 10 days. USE CALIFORNIA SUNKIST LEMONS

CHANGE of LIFE?

Are you going through the functional "middle age" period peculiar to women (38 to 52 yrs.)? Does this make you suffer from hot flashes, feel so nervous, highstrung, tired? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound also has what Doctors call a stomachic tonic effect!

Kidneys Must Work Well

For You To Feel Well
24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.
